LINNEN, HIS REPORT.

(Continued from 1st Page.)

heading of White Earth Reservation on conditions found to be obtaining at the White Earth boarding school were largely caused by the neglect of Supt. Hinton to observe these conditions, draw the attention of the principal and others to same, and have them corrected, and to see to it that they were corrected.

"We observed that he rarely ever visited the boarding school, and we did not see him calling attention to or criticising any of the conditions which needed attention. "Supt. Hinton is lacking in diplomacy. There have been frequent occasions presented to him when he could have allayed some of the bitter feelings existing against him on the part of certain White Earth mixed-bloods by employing some of their members in positions at the boarding school and agency, and by so doing would have secured nearly as good if not better employees.

"Rev. Otto H. Brauer, secretary of the Mahnomen County Child Welfare Board, stated to us that Supt. Hinton did not cooperate and attend to the cases of destitution reported to him, became angry when the cases were called to his attention, and generally neglected looking after the cases of destitution. This same opinion was concurred in by P. J. Reck, probate judge of Mahnomen county, F. A. Johnson, county auditor of Mahnomen County, and Alice E. Carl, deputy auditor. We found that no effort appears to have been made on the part of the superintendent's office to acquaint themselves with cases of destitution, and properly look after and care for same.

"One of the greatest sources of complaint against Supt. Hinton is that he has been very slow to respond to calls of necessity, and to pay moneys to Indians, or to parents legally appointed guardians of minor children. We believe there have been a great many cases where he was fully justified in paying out these moneys, which he refused to do, which caused ill

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc.

feeling on the part of the Indians. "He appeared to be seeking for technicalities to obstruct and delay, rather than looking for an avenue to aid, and it appears that instead of welcoming the assistance and cooperation of the county authorities he resented their interference.

"From all of the foregoing we are convinced, as was also Supervisor P. R. Wadsworth, that Supt. J. H. Hinton is not the proper person to be in charge at the White Earth Agency. He is getting old, is slow, and technical, lacking in diplomacy, incurring the ill will and displeasure of Indians and white persons alike, many of whom he could have working with him instead of against him if he used proper methods, is narrow, and seeking to find a way to prevent the accomplishment of results rather than the opposite, has little method or system in vogue among his employees at the agency, and seems to have greatly neglected the boarding school and permitted same to give just cause for criticism in a good many respects.

"For such reasons we believe he should be replaced by a younger and more vigorous and aggressive superintendent, who will see to it that the various details necessary to accomplish the best results at the agency, school, and hospital are carried out; who will investigate and relieve cases of destitution and want, and who will cooperate with the county and State authorities, and secure their assistance rather than their ill will, and who by diplomacy will not antagonize the Indians who are reasonably disposed towards the Government and the proper administration of affairs."

Further reference to this report will be made in future issues of THE TOMAHAWK.

Friends of Indian to Have Conference.

Inquiries received from many parts of the United States indicate a widespread interest in the conference of active friends of the American Indian, which has been called in Philadelphia this month. The conference is being arranged by the Indian Rights Association. Among other things the call says: "The Indians have loyally responded to the country's call for service in all directions, not only by enlisting in the army and navy, but in the purchase of Liberty Bonds, Red Cross work, increased activity in agriculture and stock raising.

In a word, they are doing their part to help make the world safe for democracy. In the readjustment process to follow the war the Indians should be given all the benefits that democracy can confer upon them, especially an open door to opportunity and full responsibility. Now is the time for us to urge upon Congress such legislation as may be required to meet these new conditions."

Norman McArthur was among the visitors at Detroit on Tuesday.

Omar Gravelle, of Red Lake, was a White Earth caller during the week.

B. S. Fairbanks returned Saturday night from a business trip to the Twin Cities.

Miss Ellen Spry, cook at the agency hospital, is spending a few days at her home in Callaway.

Among the returned soldier boys during the past week are: Robt. Heisler, John Shambow and Dewey Dupre.

The five year old son of Mr. and Mrs. Nels Porter died at the boarding school here last Sunday of influenza.

Reports from the agency hospital are to effect that all cases of influenza there are rapidly improving.

Dr. Shoemaker, field physician in the Indian service, arrived the first of the week and will remain here temporarily or until a physician is appointed for this agency.

The quarantine that was placed on the motion picture theatre last Saturday night has been raised and from now on a show, will be given twice a week, every Tuesday and Saturday night.

Paul Beaupre came down from Beaulieu last Friday for an over Sunday visit with his son, James, who is now taking treatment at the home of Rev. E. C. Kah-O-Sed.
