

REVIEWS NOTED THIRD DIVISION

General Pershing Inspects Americans Who Fought in Battle of Marne.

AWARDS MANY MEDALS

Heroes of Fighting at Chateau Thierry Came Ten or Fifteen Miles for Event and Bivouacked Along Highway.

Coblentz, March 20.—The men of the Third division of the American army who fought against the Germans on the Marne in the last great German drive were inspected, reviewed and presented with decorations by General Pershing. The review was held in the great aviation field near Andernach, on the west bank of the Rhine.

Heroes of the fighting at Chateau Thierry in July, in many instances came 10 to 15 miles for the review and bivouacked along the highway leading to the parade grounds. The reviewing stand was in the center of the field, the entire division sweeping by on both sides of the commander-in-chief.

In addition to two congressional medals of honor and other American decorations, awarded the Third division, a number of French and British medals were presented by General Pershing to men of the Forty-second division who fought with the British in Northern France with the Twenty-seventh division.

The medals of honor were given Lieut. George Hays of Oklahoma and Corporal Barkley of Missouri. Brig. Gen. H. G. Bishop received the distinguished service medals and the distinguished service cross and Col. William McCleave, chief of staff for General Robert L. Howze, was given the distinguished service medal. Eighty-eight distinguished service crosses were given to officers and men of the Third division.

The Twelfth Aero squadron took photographs of the troops during the inspection, returned to Coblentz, a distance of seven miles, developed the plates, returned and dropped 20 photographs for Generals Pershing, Dickman and Homze, all in 50 minutes.

Women Present Resolution to Peace Committee.

Delegation of More Than Forty Asks Consideration for Feminine Workers.

Paris, March 21.—Women have participated in peace negotiations for the first time in history. A delegation of more than 40, representing five nations, addressed the peace committee on labor legislation which is drawing up an economic and industrial program to be carried out under the league of nations.

Mrs. J. Borden Harriman and Mrs. Julia Barrett Rabble represented the United States. There were also delegates from Great Britain, France, Italy and Belgium.

The women presented a resolution in the name of "several millions of women" providing for the establishment in each country of a committee for females composed of competent women representing the government, trades unions and professional women. Every scheme affecting women workers would be submitted to these committees for advice.

BUILDING PROGRAM STOPS

Lack of Cash Hampers Plans to Improve Railways.

Washington, March 21.—Instructions issued by the Railroad administration will result in the temporary suspension, or postponement, of millions of dollars of railroad improvement work because of the financial predicament caused by failure of Congress to pass appropriations. The suspension of work applies to many stations, under erection or planned, spur tracks, roadbed improvements, elevated tracks and construction of bridges and buildings. Railroad administration officials said comparatively few men would be thrown out of work as a result of the orders.

ARREST LEADERS OF REVOLT PLOT

American Officials Round Up Party of Mexicans Preparing to Cross Line.

SUPPLIES ARE SEIZED

Three Truck Loads of Military Material Is Captured and Eighteen Men Are Placed in Jail at El Paso.

El Paso, Texas, March 21.—Eighteen Mexicans are confined in jail here, the government has three truck loads of military supplies and army officers declared the revolution of General Felipe Angeles, which was planned to start in northern Mexico May 1 in conjunction with Francisco Villa's movement had been checked by the arrest of Angeles' staff.

The Mexicans were arrested near Socorro, Texas, fifteen miles south east of here while preparing to cross into Mexico with horses, rifles, ammunition and other military elements. Col. Federico Verantes, chief of staff to Angeles in 1914, and Col. Rafael Iturbide, member of a wealthy and prominent family of Mexico City, were arrested by government agents in an automobile near Socorro. Iturbide was shot in the right leg when he attempted to escape, according to the officers. Col. Fernando Cicago and Col. Manuel Acasa of Angeles' staff also attempted to escape and the tires of their high-powered automobile were shot to pieces by federal officers and the men arrested.

Fourteen Attempt Escape.

At the Socorro Ford the remaining 14 members of the alleged expedition were awaiting their leaders and were arrested after Seventh cavalrymen fired a volley over their heads when they attempted to escape across the river. In this party was Col. Magdaleno Flores, a former Villa commander, who was alleged to have made threats against the American patrols. A quantity of ammunition was found in the automobiles, together with rifles, pistols, uniforms and other military supplies including a fine saddle for Angeles' personal use. Seven horses bought recently at the United States army remount depot at Fort Bliss, were also seized.

The Mexicans were roped together and taken to Socorro where they were loaded in motor trucks and brought to El Paso. Charges of "setting on foot a military expedition against a friendly country" were filed against them. The bonds of the four staff officers were fixed at \$5,000 each and the others at \$3,000 pending a hearing Friday afternoon.

GREAT CROWD PRESENT

Lodge and Lowell Debate Society of Nations Plan.

Massachusetts Senator Attacks Proposed Covenant and His Opponent Declares It Sound.

Boston, March 21.—The merits of proposed covenant of the league of nations were debated by Senator Henry Cabot Lodge and A. Lawrence Lowell, president of Harvard university, before an audience that followed the speakers with intense interest and frequently expressed approval.

The debaters approached the general topic from different angles. Senator Lodge attacked the covenant "as agreed upon by the commission of the Peace conference" as a "porous instrument" on the interpretation of which the signers themselves would be at odds within 12 months.

Dr. Lowell admitted that the covenant needed clarification, but argued that in substance, as a plan for the prevention of war, it was sound.

Symphony hall was filled. Three thousand persons had seats and 300 stood. Half of the audience was made up of members of the Legislature, federal and state judiciary, governors of New England states, army and navy officers, members of the Harvard faculty, delegates of the Central Labor union and personal guests of the debaters. The lucky ones who had been awarded admission by chance from the 25 times as many applications made up the other half.

Governor Calvin Coolidge presided, introduced the speakers and held the watch.

DRUGGISTS! VICK'S VAPORUB SHORTAGE OVERCOME AT LAST

The Deal Scheduled for Last November, Which Was Postponed on Account of the Influenza Epidemic, Is Now Reinstated—Good During the Month of March.

OVER ONE MILLION JARS OF VAPORUB PRODUCED EACH WEEK

It is with pride that we announce to the drug trade that the shortage of Vick's Vaporub, which has lasted since last October, is now overcome. Since January 1st, we have been running our laboratory twenty-three and a half hours out of every twenty-four. Last week we shipped the last of our back orders, and retail druggists, therefore, are no longer requested to order in small quantities only.

NOVEMBER DEAL RE-INSTATED

This deal, which we had expected to put on last November and which had to be postponed on account of the shortage of Vaporub, is re-instated for the month of March. This allows a discount of 10% on shipments from jobbers' stock of quantities of from 1 to 4 gross. 5% of this discount is allowed by the jobber and 5% by us.

THANKS OF THE PUBLIC DUE THE DRUG TRADE DURING THE INFLUENZA EPIDEMIC.

The thanks of the American public are certainly due the entire drug trade—for what they accomplished during the recent influenza epidemic. The war caused a shortage of physicians—nurses were almost impossible to obtain—the demand on the drug trade was unexpected and overwhelming, and to this demand they responded nobly. Retail druggists kept open day and night and slept where they dropped behind the prescription counter. Wholesale druggists called their salesmen off the road to help fill orders—hundreds wired us to ship Vick's Vaporub by the quickest route, regardless of expense.

A TREMENDOUS JOB TO INCREASE OUR PRODUCTION

In this emergency we tried to do our part. We scoured the country for raw materials—our Traffic Manager spent his days riding freight cars in—we shipped raw materials in carload lots by express and pleaded with manufacturers to increase their deliveries to us.

But it was a slow process. Some of our raw materials are produced only in Japan—supplies in this country were low and shipments required three months to come from the Far East. Then we had to recruit and train skilled labor. We brought our salesmen into the factory and trained them as foremen. We invented new machinery, and managed to install it on Christmas Day, so as not to interfere with our daily production.

143 JARS OF VAPORUB EVERY MINUTE DAY AND NIGHT

By January 1st we had everything ready to put on our night shift, and since then our laboratory has been running day and night. To feed our automatic machines, which drop out one hundred and forty-three jars of Vaporub a minute or one million and eighty thousand weekly, has required a force of 500 people. Our Cafe Department, created for the benefit of these workers, served 7,000 meals during the month of January alone.

13 MILLION JARS OF VAPORUB DISTRIBUTED SINCE OCTOBER.

An idea of the work we have accomplished this fall may be given by our production figures—13,028,978 jars of Vaporub manufactured and distributed since last October—one jar for every two families in the entire United States.

During the influenza epidemic Vick's Vaporub was used as an external application in connection with the physician's treatment, and thousands of people, unable to obtain a doctor, relied on Vick's almost exclusively.

Literally millions of families all over the country, from California to Maine, and from the Great Lakes to the Gulf, have found Vick's Vaporub the ideal home remedy for croup and cold troubles.

SMOKING TOBACCO FACTS FROM THE ENCYCLOPAEDIA

The Use of Flavorings Determines Difference in Brands

The Encyclopedia Britannica says about the manufacture of smoking tobacco: "...on the Continent and in America, certain 'sauces' are employed... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves." Which indicates that a smoker's enjoyment depends as much upon the flavoring used as upon the tobacco.

Carefully aged, old Burley tobacco, plus a dash of pure chocolate, gives TUXEDO Tobacco a pure fragrance your nose can quickly distinguish from any other tobacco. Try it and see.
