

WELCOME NEWS FOR LOCAL PEOPLE

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-ka, astonishes local people. Because Adler-ka flushes the alimentary tract COMPLETELY it relieves ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT easy action of Adler-ka is astonishing.

A Problem for Indian Lawyers.

In life some people can do what others cannot. There are great men who can grasp great things as well as small things. There are organizers and there are those who cannot. In other words, we differ according to our training, our trade, our profession and our business. To those who are closely concerned in the abolishment of the Indian Bureau the questions confronting them are these: "It is well enough to talk about doing away with the Indian Bureau but what justification outline can we present to Congress?" They will want to know "black and white," how are you to proceed in closing up the books with the Indian Bureau? In what way are you going to remedy the treaty rights? There is the mineral, oil, timber and other lands that belong to the Indians, in what way are you going to settle them on an equity basis? The lease lands must be looked after, how are you going to get at them? Dead Indians' land; how are you going to fix them? There is the Indian deed. Some of the Indians are dead, others are not of age and some are not capable of being trusted with their money. How are you going to proceed in this matter? The disbursement money which has been loaned to the Indians, how do you propose to settle that? The government pays out to irrigation companies for the Indians; how are you going to settle that important matter? Some of the Indians are competent, while others are incompetent; how are you going to place them?

There will be more questions than these which congress will want answered before they will act on a bill to abolish the Indian Bureau. Now, we believe the Indian race have men who will answer the questions in a legal form, and it should be done immediately. It behooves our Indian lawyers to get their heads together and make out a form touching on this important matter and present it at our next conference for action by the Indians.—Wassaja.

KAISER BILL IS COMING TO WHITE EARTH.

We suppose when some of our good patriotic people read the above heading they will be ready to mob the editor, nevertheless the above assertion is true. Kaiser Bill is a Horned Rattle Snake from Mexico, and is about 7 feet long and weighs about 37 lbs., and will arrive in White Earth August 11th with Myhres' Great Eastern Shows.—Adv.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Fial's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
