TRAMP'S PLEA THAT FAILED

Sufferer Quite Unable to See Style of "Splitting and Hacking" Proposed by Farmer's Wife.

Lawson Purdy, secretary of a charity organization, said in a brilliant address on charity in New York:

"Charity bestowed on the professional beggar is worse than wasted. A gaunt scarecrow with a red nose knocked at the back door of a farmhouse one bitter December day.

"Charity, lady," he croaked. "Charity for the sake of the Christmas feast won't approach."

"Here he coughed dismally. "Lady," he went on, "I got a splittin' headache and a hackin' cough."

"But the wise farm woman interrupted him.

"A splittin' headache and a hackin' cough?" she said. "Then you won't mind goin' out to the woodshed and splittin' the kindlin' and rakin' them oak logs. When you're through I'll give you a meal."

"But the sufferer with a gesture of rage and disgust was already hurrying on."

Cruel Agreement. Maud—This keen air is certainly exhilarating. I feel like a four-year-old this morning.

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tensely Chronicled for Their Benefit.

Bemidji.—A. T. Carlson, city chairman of the Near East relief drive, recently held in Bemidji, reports \$1,007.40 was secured, while the expenses were only \$17.03.

Stillwater.—Five aliens were admitted to citizenship in district court by Judge J. N. Searles, out of a class of 13. One of the men in the class could not answer the simplest question propounded by R. S. Coleman of St. Paul.

Winona.—Carl Rott, formerly of Wessington Springs, S. D., has purchased the 683-acre farm located at Ridgeway, Winona county, from a land man in this city. The price paid for the farm is said to have been in excess of \$50,000.

Owatonna.—More than \$3,500 of Steele county's \$6,000 quota for the Near East relief fund has been raised, according to officials of the county executive committee. Efforts will be made to complete the quota within the next two weeks.

Medford.—The Medford graded and high schools have opened again after having been closed because of the influenza epidemic. The epidemic is believed to have died out entirely in this section, all remaining cases of the disease being convalescent.

St. Paul.—A stubborn fire of spectacular proportions, which threatened to spread to three small hotels, destroyed the Rialto theater. Firemen fought the blaze for five hours. The temperature was 5 deg. below zero. Loss is estimated at \$100,000.

St. James.—St. James district reported its quota raised for the Near East Relief in the campaign for \$750,000 to be raised in the state for the famine stricken Armenians. Will Curtis, publisher of St. James Plaindealer, is chairman of the district.

Hibbing.—A jury in the case of the state against John McGrath of Buhl returned a verdict of not guilty after being out two hours. McGrath, a member of the Buhl board of education, was charged with fraudulently presenting claims to public officials.

Crookston.—The heaviest thaw of the season has caused residents of northern Minnesota to prepare for the final break of the winter. On account of the heavy snow, serious floods are expected. More than 51 inches of snow have fallen in this district this winter.

Winona.—Knights of Columbus to the number of 400 from all parts of southeastern Minnesota gathered here for a banquet and exemplification of the first, second and third degrees. The work was under direction of Winona Council, No. 639. Knighthood was conferred on a class of 55.

Red Wing.—That Red Wing is a motor boat town in every sense of the word is demonstrated by a glance at the city assessor's tax records, which show that at least \$4,000 annually is collected on motor boats owned in this city. Of this sum \$3,000 is Federal tax while \$1,000 is local tax.

Worthingham.—The high cost of material will not interfere with paving operations in Worthington this year. The city council has let the contract for 56 blocks of paving and this added to the work yet to be done on last year's contract will make a total of 100 blocks to be paved this year.

Chatfield.—Mr. and Mrs. William Brooks of this place celebrated their 60th wedding anniversary here. They were married at High Forest, near here, in 1860. The family consists of five children, 10 grand children and six great-grandchildren. Of the 70 guests present, not one had before attended a diamond wedding celebration.

Duluth.—Although fire sufferers in the Cloquet district are willing that all claims for losses growing out of the 1918 fires be pooled and tried as a single lawsuit, it became known here that the United States railroad administration disapproved the plan. It is probable that individual suits will be started.

Moorhead.—Charges that they permitted at least 100 of their flock of sheep on their farm near Moorhead to starve to death were preferred against Gutfried and Oscar Danielson. States Attorney G. H. Rustad, who issued the warrants, said an official investigation disclosed several piles of dead sheep on the place, with at least 150 more sheep in an emaciated condition.

St. Paul.—Return of the railroads to private ownership under the new Esch-Cummins law leaves the regulating powers of the Minnesota state railroad and warehouse commission almost in the same status as before Federal control, members of the commission said.

Minneapolis.—Final reports of Maj. Gen. E. H. Crowder, provost marshal general, received by E. P. Hoover, army recruiting officer, Minneapolis, show that Minnesota still has 3,428 deserters. This includes the men who failed to report for military service after registration.

Bemidji.—Frank Dewey, charged with setting fire to a hotel here, was arraigned in municipal court late and bound over to the grand jury.

Red Wing.—Chamber of Commerce directors decided to stage a historic pageant Aug. 5 and 6, depicting developments of Red Wing from early days.

Sauk Center.—At a meeting of farmers in this city a plan of erecting a stock sales pavilion was launched. The territory will cover several counties.

Jackson.—The present indications are that the \$1,000,000 ditch project plan for Sioux Valley township will be abandoned without further proceedings.

La Crescent.—Three weeks after the death of her husband and two weeks after the death of her mother, Mrs. Anna B. Petterson died at her home here.

Winona.—Fire completely destroyed the home of James Ferrier, well known Winona county farmer, in the southwest corner of the county. The loss was estimated at \$6,000.

Fairmont.—County road crews with shovels and scrapers are working out of this city in all directions opening highways which have been blocked to automobile traffic since the last storm.

Bemidji.—President M. W. Deputy of the Bemidji normal school announced that the "teachers' summer training term of that institution will begin June 14 and will continue until July 24.

Stillwater.—Eating poison tablets, thinking they were candy, caused the death of Norma Ethel Wendt, aged 2, at Afton, Minn., near here. She was the daughter of Mr. and Mrs. Albert Wendt.

Albert Lea.—Professor W. H. Alderman and Professor E. S. McIntosh, of the University farm, were the leading speakers here at the annual meeting of the Southern Minnesota Horticultural society.

Owatonna.—The ban placed on public dances and other gatherings some time ago by the local board of health has been lifted, following the almost complete disappearance of the influenza here.

East Grand Forks.—Supt. H. E. Wolff, formerly superintendent of schools in East Grand Forks, has been re-elected at Deer River, Minn., at an increase in salary. Mr. Wolff left this city five years ago for Fairmont and later to Deer River.

Moorhead.—Beltrami County Agent A. W. Aamodt resigned his position, which will take effect April 1, when he will come to Moorhead to take the position as manager of the Clay County Certified Seed Potato Growers' association at a largely increased salary.

Winona.—The threatened strike of the janitors of Winona public schools was avoided here when a compromise of \$50 bonus for the balance of the school year was accepted. The janitors had notified the board if their demands for a flat increase of \$25 a month was not met they would turn in their keys.

St. Paul.—Minnesota railroad taxes for the last half of 1919 were \$500,000 less than for the same period of 1918, according to figures announced by the state tax commission. The state's 5 per cent gross earnings tax for the last six months of 1919 brought in \$4,367,752.37. The 1918 taxes were \$4,809,462.50.

Duluth.—Twenty years from now an illegal sale of liquor will be looked upon as a violation of law, but the people of this country will consider it as great a disgrace as stealing," Judge Page Morris told John Beaton, Robert Blossingham and Terrence Lennon in United States district court, when he sentenced them to 30 days terms at the Beltrami county jail at Bemidji.

Duluth.—The board of education rejected a petition signed by practically all teachers in the Duluth public schools asking for a bonus to carry them over at the end of the current school year. A resolution stating that the board has no funds with which to pay the teachers' bonus will be sent to the Duluth Teachers' association, Chairman A. C. Leduc said, after the executive session.

Pipestone.—Because present estimates so far exceed those made a few months ago, there is quite likely to be some delay in starting the work on the Ashton Memorial hospital, to be erected here. O. E. Ashton donated \$50,000 for the erection of the building, the city has purchased a \$5,000 site and the county will equip and furnish the building.

Duluth.—William Hetherington, Proctor, is in a critical condition at St. Luke's hospital with two bullet wounds in his groin, and Mr. and Mrs. George Martin, Duluth, are held pending outcome of Hetherington's condition as the result of a shooting affray at the Martin home. Both Mr. and Mrs. Martin were said by the police to have been under the influence of liquor.

Some Housekeeping.

In order to serve its patrons, one of the large New York hotels requires in a single year 375,000 pounds of butter, 500,000 quarts of milk, 90,000 quarts of cream, and more than 2,000,000 eggs. In one year the laundry department of the same establishment handles about 15,000,000 pieces of work.

Muscatine, Iowa.—"When in Oklahoma and waiting to build I was exposed to cold weather. I was not well and felt the need of some medicine to give new strength. Having seen Dr. Pierce's Golden Medical Discovery advertised I procured and used one bottle, then I used one bottle of Dr. Pierce's Favorite Prescription also. BILIOUSNESS Caused by Acid-Stomach

If people who are bilious are treated according to local symptoms they seldom get very much better. Whatever relief is obtained is usually temporary.
