

Thing to Be Feared.
 "No, the fear of falling never enters my head," said the aviator to his gaping hearers. "What scares me is the danger of stalling my engine about two miles up and not being able to get down."

Art Note.
 An art writer of Boston says there is now very little for the painters to do but fight. Why don't they paint portraits of porthouse steaks smothered with onions?—Houston Post.

Daily Thought.
 Every person is responsible for all the good within the scope of his abilities, and for no more, and none can tell whose sphere is the largest.—Gall Hamilton.

WELCOME NEWS FOR LOCAL PEOPLE
 The simple mixture of buckthorn bark, glycerine, etc., known as Adler-ka, astonishes local people. Because Adler-ka flushes the alimentary tract COMPLETELY it relieves ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT easy action of Adler-ka is astonishing.

New Road Through Reservation.

Work is being pushed on a new road through this reservation, and while we are not informed just where the road begins and ends it is stated by persons who claim to be familiar with the preliminary survey that the road is to run from Detroit to Bagley, or from Pelican Rapids through Detroit and on to Bagley. Workmen are now engaged in clearing right-of-way through townships 141-40 and 142-40 on the reservation. There seems to be a difference of opinion as to whether this is a State road or a railroad project, some are of the opinion that it is to be branch of the Great Northern Railway and is to run from Pelican Rapids to Bagley where it will connect with the Great Northern's line there, while others are of the opinion that it is a State road on which the work is being pushed. In either event it would be well for those holding allotments or owning land in the vicinity of townships 141-40 and 142-40 to investigate and find out just what is being done, as we understand there is considerable timber being cut in the work of clearing the right of way.

Service Men, Attention!

Some eighteen thousand men in the States of Minnesota, North Dakota, South Dakota and Montana who under the terms of a retroactive Federal compensation act are receiving checks of from \$200 to \$900 each are now opening more than their share of mail. Believing that a large percentage of these men are unfamiliar with investments, many a Sam Slick has adopted them as his bosom friends, offering, as a special favor, large blocks of "Blue Sky Inc." at a "ground floor" price. That these eighteen thousand men, all of them disabled in the service of their country, may be in danger of losing their capital is a fact that should be guarded against by the loyal citizens in every community. Unless the money is to be used in a personal business, advice as to investment should be requested from bankers or well known business men. As a means of saving until a business opportunity arises, a safe loss proof method is an investment in United States treasury Savings Certificates.

"Save Money on Meat" Dates Set.

"The Department of Justice has announced the dates of "Save Money on Meat" Week in the various States. During these weeks an effort will be made to reduce materially the prices of the cuts of beef, pork and lamb now in heavy demand by showing consumers the advantage of turning to those which are equally nutritious but which cost much less. The first "Save Money on Meat" week, which has been previously announced, will be held from March 22 to March 27 throughout each of the following States:

Illinois, Wisconsin, Ohio, Pennsylvania, New York, Iowa, Indiana, Michigan, New Jersey. The week beginning March 29 will be "Save Money on Meat" week in: Maine, Vermont, Massachusetts, Washington, New Hampshire, Connecticut, Rhode Island, Oregon, California.

The week beginning April 5 will be "Save Money on Meat" week in the District of Columbia and the following States:

Maryland, Virginia, Kentucky, South Carolina, Florida, Mississippi, Arkansas, Missouri, West Virginia, Delaware, North Carolina, Tennessee, Georgia, Alabama, Louisiana.

The week beginning April 12 will be "Save Money on Meat" week in each of the following States:

Texas, Kansas, South Dakota, North Dakota, Idaho, Nevada, Colorado, New Mexico, Oklahoma, Nebraska, Minnesota, Montana, Wyoming, Utah, Arizona.

On each day of "Save Money on Meat" week some particular cut or cuts of the inexpensive variety will be featured and will be sold at a low price. Retailers who hitherto have not carried in stock some of the less costly cuts because their customers did not ask for them intend to lay in adequate quantities of such portions of meat. If the consumers will take advantage of the highly nutritious and palatable pieces of meat which are relatively inexpensive, the saving effected will be tremendous, and the slackened demand for the cuts now popular will result in lower prices thereon. Under present conditions the price of the choicest cuts are in extreme instances fifty or sixty cents higher per pound than the price of other good, wholesome meat from the same animal.
