Sioux Indians Confer on Land Compensation.

A council of Sioux Indians, repesentatives from all the reserva tions in South Dakota, was held at the Crow Creek Agency the first of this month for a final conference on the Sioux Indians' claim to compensation for the Black Hills territory. Representatives of the Government were present at the council and it is expected that some settlement will be reached as a result of the meeting. The Sioux Indians make the claim that the Black Hills section was taken from them without compensation and that they are entitled to several million dollars from the Government for the big

Congressman Steenerson Addresses White Earth Audience.

Congressman Halvor Steenerson arrived in our village at 1 p. m. Tuesday and addressed a good sized audience in the town hall on the political issues of the day. In conluding his remarks Mr. Steenerson dwelt for some time on local matters and which are of such vital interest to progressive members of the reservation. While he was very evasive regarding the legislation now pending before Congress, he did state, however, that whether elected or not, he would still be a member of Congress during the coming winter, and that he would favor legislation that would give the competent members of the reservation their property and money and withdraw them forever from any more supervision by the Indian Bureau. In a short discussion on the merits of the Ellsworth Bill Mr. Steenerson showed that he was not familiar with it and had been mis-

informed regarding its nurpose. In the matter of the Red Lake question, Mr. Steenerson said that he would favor this controversy being settled by the courts, as in that way it would insure justice to all concerned.
