

Mrs. Elizabeth Miller Dies at Fosston.

Mrs. Carl Miller, of Fosston, Minn., who was stricken with paralysis during the latter part of last December, died at her home in Fosston, Monday afternoon, in the 64th year of her age.

Mrs. Miller was the daughter of the late Paul H. and Mary Beaulieu, formerly old residents of White Earth. She was born in Kaukauna, Outagamie county, Wis., in 1858. In 1878 she, with her family, removed to White Earth. After her marriage with Mr. Miller the couple removed to Fosston where she resided until her death.

She was a woman possessed of a generous and kindly nature, benevolent and affectionate, and a most devoted wife. The universal expression of her many neighboring friends was to effect that "she always gave more than she received," and which happily illustrated the nature of her disposition. Verily, she was one of those sunny beings who are always a pleasing delight to meet.

Besides her husband she leaves to mourn her loss, one sister, Mrs. Maggie Van Wert, and two brothers, Norbert H. and Theo. H. Beaulieu, of White Earth.

Chippewa Matters Now Now Under Consideration At Washington.

(Continued from 1st page.)

balance of the delegation to come on. In the meantime Knutson had slipped back to Minnesota to help mend his political fences. Lydick and the other members of the delegation intend to camp in Washington until Knutson returns and have a plain understanding with him. Knutson played the game on the level with the General Council until a little over two years ago when one of the representatives of the great timber interests came to Washington and went on a trip with him to Porto Rico and the Panama Canal Zone. The timber interests do not want their past transactions uncovered in court. When Knutson returned he was a changed man. Since that time he has been secretly and covertly antagonizing the General Council in every conceivable way.

It is now coming to light that the real opposition to the General Council is the great lumbering interests that have stolen millions of dollars worth of timber from the Indians. It is charged that these interests are keeping James I. Coffey in Washington to stir up opposition to the General Council. A terrific fight has been started. It will not end until the elections in Steenerson's and Knutson's districts are held next November. The real interests that have been behind the attack on the General Council will be smoked out. The men who have been doing the dirty work for the lumber interests in preventing any action being taken by Congress toward cleaning up the Chippewa estate will be exposed and in time the true facts will be brought to light.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Citation for Hearing on Petition to Sell, Mortgage or Lease Land.
(Jan. 26—Feb. 16)
State of Minnesota, County of Becker. In Probate Court.
In the matter of the Estate of Albert Adler, Jr.
The State of Minnesota to Emelia Adler, Martha Becker (nee Adler) John Adler, George Adler, Eugene Adler, Alex Adler, and all persons interested in the sale of certain lands belonging to said estate, the petition of John Adler as representative of the above named decedent, being duly filed in this court, representing that it is necessary and for the best interests of said estate and of all interested therein that certain lands of said decedent described therein be sold and praying that a license be to him granted to sell the same:
Therefore, You, and Each of You, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House in the City of Detroit, in the County of Becker, State of Minnesota, on the 20th day of February, 1922, at ten o'clock A. M. why said petition should not be granted.
Witness, The Judge of said Court, and the Seal of said Court, this 17th day of January, 1922.
E. O. HANSON,
Judge of Probate.
P. F. SCHROEDER,
Attorney for Petitioner

Nett Lake Indians Make Good use of Per Capita Funds.

Indians on the Nett Lake reservation, according to reports, are making good use of the funds they recently received of \$100 per capita. The Nett Lake Indians also received a large sum of money a short time ago from the sale of timber on the reservation. Instead of disposing of their fortunes for blankets, beads, and whiskey, as the Indians of old did, these Chippewas are building schools and homes, outfitting their farms with modern machinery and stock, and making rapid advancement from conditions which have gained for them the name of the most primitive of the Chippewa tribe.

The Nett Lake Chippewas are making every effort to adopt a more civilized existence and are now encouraging legislation which will release all tribal funds now held by the Federal government, and are, in fact, joining with their more enlightened brethren in the great effort now being made by them to bring about a satisfactory settlement of the Chippewa estate.

THREE WEDDINGS HERE LAST WEEK

Whether it was the good prospects for the future, brought about by the recent per capita payment, or whether it may be a sign of an early spring, we are not prepared to say, but at any rate Dame Cupid has been mighty busy in White Earth of late. Whatever it was that inspired the little god of love to such activity he certainly has been on the job in this locality during the past ten days:

Charrette—Bellevue.
Miss Angeline Charrette, daughter of Mrs. Lizzie Charrette of this village, and Charles J. Bellevue, son of Mrs. Isabelle Bellevue, also this village, and who served with the 5th Marines in France during the World war, were united in marriage last week Tuesday at Detroit.

Sawyer—Bellevue.
Miss Josephine Sawyer, of Sawyer county, Wis., and late of Duluth, and Mr. Leo Bellevue of White Earth, were married at Detroit on Wednesday of last week. Mr. and Mrs. Bellevue will make their home in White Earth.

Heisler—Clark.
Miss Alice Heisler, daughter of Mr. and Mrs. John Heisler of this village, and Michael F. Clark, who has made White Earth his home for the past two years, were married at Detroit last week Wednesday.

The Woodrow Wilson Foundation.

That Minnesota will be well represented in the disposition of awards from the income of the Woodrow Wilson Foundation is assured by the appointment of Dr. W. J. Mayo as a member of the permanent Board of Trustees of the Fund. This announcement was made last week by Mr. George H. Partridge of Minneapolis, Minnesota Chairman.

Widespread support of the Foundation is indicated by reports now being received at state headquarters of the progress of the work in Minnesota, according to Mr. Partridge. While a number of good sized subscriptions have already been received, the bulk of Minnesota's share of the Fund is coming from people who, tho' of small means, are ardent believers in the necessity for the work of the Foundation.

Without reference to politics, straight thinking men and women are responding to the appeal for

voluntary contributions. The first meeting of the Minneapolis committee of which Mrs. Audreas Ueland is Chairman, resulted in the voluntary raising of \$7177.16 among some three hundred people who attended the dinner, practically one half of the amount that Minneapolis proposes to raise.

Among the speakers was Professor Wm. E. Dorr of the University of Chicago, author of "Wilson and his Work". He termed the Woodrow Wilson Foundation as a "memorial to American ideals and a guide to future generations". "In a world of chaos" continued Professor Dorr, "let America hold high the light that points the way to peace based on justice."

Due to unfavorable weather conditions, the work of collecting the fund has been delayed in Minnesota. Mr. Partridge therefore, that a hurried effort will be made to raise Minnesota's share of the national fund of \$1,000,000.
