Sleepy Eye correspondence to the Mankato Union:

"It is currently reported that Mr. W. F. Smith and Dr. Wellcome have purchased the New Ulm Herald, and that they intend to remove it to this place. We need a paper. Sleepy Eye is a lively town and deserves more puffing than it gets. We know of no one better fitted to take hold of the enterprise than these gentlemen."

A new musical society was organized in this city last Wednesday evening with the following officers:

Jos. Eckstein,	President.
Ed. Dunkel,	Vice President.
John Weyhe,	Secretary.
Jos. Bobleter,	Treasurer.
H. A. Subilia, Jr.,	Musical Director.
J. B. Wiedemann,	Asst.

The society numbers twenty members, and the object is to organize a full string and brass band.

PERSONAL.

—Henry Ahrens, Senator from Nicollet and Renville counties, came up Saturday and remained over Sunday.

—Albert Blanchard returned from St. Paul last Saturday evening, greatly improved in health.

—Wm. B. Herriot, editor of the Redwood Falls Gazette, passed through our city last Thursday on his way to St. Paul.

—Mr. C. S. Hille, traveling salesman for Barnum Bros., of Chicago, one of the oldest and largest toy and notion houses in the United States, came up Friday evening and remained over Sunday. Mr. Hille has traveled through this section of country for several years, during which time he has made a large army of friends, all of whom, especially the female portion of them, are always glad to meet him.

Thomas Langdon, an employe of the C. M. & St. P. railroad, formerly brakeman on the W. & St. P. railroad, was shot and seriously wounded Monday night the 11th, by S. H. Stevens, city marshal of Owatonna. Langdon was interfering with the officer, who was arresting his brother John for drunkenness and disorderly conduct.

We have since learned that Mr. Langdon died Tuesday night at 9 p. m.

County Auditor Constans has received from the State Auditor, and forwarded to the respective town clerks of this county, a supply of "seed grain" application blanks, which, under the law, applicants are required to file with their respective town clerks, or the county auditor, on or before the first day of March. All persons wishing to avail themselves of the benefits of the law should make, and file, their application at once.

Great preparations are being made by the Governor's Guard for their masquerade ball next Friday evening. As will be seen by the announcement in another column, and the large posters that have been circulated, the programme is a good one, and will create a great deal of amusement. The hall will also be beautifully decorated for the occasion, and nothing will be left undone to make this ball, in point of elegance, by far exceed anything that has ever been given by the company.

A very sarcastic Sleepy Eye correspondent of the Mankato Union writes as follows:

"The U. S. Land Office will probably be moved soon from New Ulm. Marshall is working for it. The officers are sick of New Ulm and are pining for another land. Besides New Ulm behaved very ungraciously toward Representative Strait at the last election, in that they did not vote for him as they used to. Mr. Strait will no doubt consider the fact a grievous one, and lend a willing ear to the oily gamons of Marshall."

We think that the writer of the above knew but very little what he was writing about when he penned the above, at least as regards the vote for Major Strait in the Congressional election of 1875. Major Strait received 17 more votes in New Ulm than President Hayes, which is more than can be said of the town of Home. But aside from the above, the people of New Ulm do not expect to retain the U. S. Land Office always; but when it is moved, it will not be moved because the people did, or did not vote for a certain Congressional candidate. As regards the officers' sickness of New Ulm, the correspondent may be better posted than we are.

The Springfield Fire.

In last week's issue we merely made mention of the Springfield fire. The supposition then was that the fire originated from the stove, but facts have since been unearthed that throw the matter into a very suspicious light. We are informed by a very reliable person that the store was first robbed, and then set on fire by the perpetrators of the robbery. About \$200 worth of goods have been found in the possession of a blacksmith living in Springfield, and he has been arrested. A bundle of cloth was also found in an old straw pile last Friday. The matter should be thoroughly sifted, and, if found as reported, no pains should be spared to bring the guilty parties to justice. We are informed that Messrs. Kiel & Hahnke will soon erect another building, in which they propose to continue their business.

Seed Grain.

1.) All persons wishing to make application for seed grain must do so before the first day of March, as none will be accepted after that time.

2.) All town clerks have blanks sent them by the county auditor for that purpose, and are authorized to make them out and take oath of applicants and witnesses.

3.) Applications must be sent to the auditor on the first day of March, and by him placed before the board of examination and adjustment at their meeting on the fifth.

Mr. Ladd, of St. Peter, introduced a resolution last Saturday in the House of Representatives requesting the appointment of a committee of five, to investigate the charges that have been made against Hon. E. St. Julien Cox, but under notice of debate, the resolution went over. The committee, no doubt, was appointed yesterday.

Golden Gate Correspondence.

By our special correspondent F. M. Scrobbs. GOLDEN GATE, Feb. 10, '78.

Editor Review:

The exhibition was a grand success.

We understand that some of the women of this place have gone into the egg business. We hope it may prove profitable.

Mr. Archibald Coon, while chopping in the woods one day last week, was so unfortunate as to bury the ax in the side of his foot, cutting a great gash from the big toe to the heel. He was immediately taken home, where the wound was skillfully dressed, and he is now doing as well as could be expected.

Mr. Heimerdinger is preparing to put a steam engine in his mill at this place. On account of the dry times, Mr. H. has suffered a great loss of time, owing to scarcity of water; but this will be overcome by using steam, as he proposes to use the latter when water fails. We wish Mr. H. success in his new enterprise.

St. Valentine's day has come and gone again, and old friendship has been renewed, this is especially so in regard to the amazons of this place, who, we are told, had the hatchet buried, but have been busy of late digging it up. But so far, they have been successful in getting only the handle, as the hatchet was frozen more firmly to the sod. The probability is that the little ax will be reached, and one of the bloodiest of battles fought, that the oldest citizens of Podunk ever saw.

We the Greenback men of Golden Gate to hereby resolve, that we deem it to be for the best interest of the Greenback cause to defer the election of M. M. Pomeroy until such a time as he, in his infinite wisdom, may see fit to take another wife.

Resolved, that, we, as a society do hereby instruct all members, to believe in the teachings of our standard bearer, and that they are hereby forbidden to read any other paper than Pomeroy's Democrat. (COMMITTEE.)

"GERMAN SYRUP."

No other medicine in the world was ever given such a test of its curative qualities as Bosche's German Syrup. In three years two million four hundred thousand small bottles of this medicine were distributed free of charge by Druggists in this country to those afflicted with consumption, Asthma, Croup, severe Coughs, Pneumonia and other diseases of the Throat and Lungs, giving the American people undeniable proof that German Syrup will cure them. The result has been that Druggists in every town and village in the United States are recommending it to their customers. Go to Jos. Bobleter, and ask what he knows about it. Sample bottles 10 cents. Regular size 75 cents. Three doses will relieve any case.
