### POSTOFFICE NOTICE.

For the accommodation of our business men the post office will be open on Sundays from 8 to 10 a. m., and from 12 a. m. to 2 p. m.  
 On week days the General Delivery will be closed at 8 o'clock.  
 The Money Order Office will be opened at 7:30 a. m., and closed at 6 p. m.  
 Mail going east will close at nine p. m. Going west at 6:30 p. m.

Next Friday is Good Friday.

Next Sunday is Easter Sunday.

Last Sunday was another rainy day.

Easter eggs will be in demand next Sunday.

Color up your eggs for the little folks next Sunday.

Wheat that was sown early in March is looking nice.

Olof Pherson, of Marshall, was in our city yesterday, and paid the Review office a visit.

A grand ball will be given at Arbeiter hall next Monday evening. See announcement in another column.

The mischievous urchin in search of Easter eggs had better look out for the hen that has entered the contest for producing the "first spring chicken."

Last Monday was a cold stormy day. Oh, yes! it was so cold that we noticed several parties, that had been out electioneering, returning home in the evening with—frozen feet.

Hon. C. B. Tyler has been quite sick for a number of weeks, and last week he visited Winona to consult Dr. Stewart. We hope that the doctor may be able to do something for friend Tyler.

A few doses of Dr. Marshall's Lung Syrup cured my child of a most dreadful Cough. I can cheerfully recommend it as the best Cough medicine I have ever tried. Mrs. C. KNOX, Cleveland, Ohio. For sale by Jos. Bobleter.

The weather last week was raw, cold and rainy. In some localities north, west, and south of us snow fell to the depth of several inches, and along the Northern Pacific railway the blizzard was so severe that trains were stopped.

We would once more call the attention of such of our city readers, who are in the habit of depositing manure and rubbish in the alleys and streets of the city, to the notice of the City Clerk, which appears elsewhere, requiring them to remove the same before April 20th.

Physicians highly recommend the use of Dr. Marshall's Lung Syrup for Coughs or Colds of long standing and Pulmonary complaints generally. It always cures in an incredibly short time. Call on your druggist and get a bottle. Only 25 cents. Sold by Jos. Bobleter.

A freight train on the C. & N. W. R. R. was derailed last Friday night between La Crosse Junction and West Salem, and some of the cars and freight were badly smashed. The night express train going east was delayed several hours by the wreck. No one was injured by the accident.

The liquor dealers in our neighboring village of Sleepy Eye have already received a touch of village law. A local tax of \$50 has been collected from them for dealing in malt and fermented liquors, and they now think that it is n't quite so nice to be incorporated, as they did awhile ago.

The rush of land seekers still continues, and any one wishing to dispose of his place can do so now to advantage. But we would advise parties who have stuck to their farms through the four years of grasshopper ravages to hold on to their places, as they cannot better themselves anywhere else.

The graduation class at the State Normal School, at Mankato, for the term that has just closed numbered 26; nineteen being ladies and seven gentlemen, among the latter we notice A. J. Eckstein of this county. We understand that Mr. Eckstein has already secured a school in the town of Stark.

Theo. Crone has received a very large stock of dry goods, clothing, hats and caps, notions and fancy goods, which he offers at a bargain. His stock of groceries, glassware and crockery is also full and complete, and his prices will compare favorably with others. All kinds of produce taken in exchange for goods.

It may be well for our farmers to remember that S. D. Peterson handles that old and reliable line of farm machinery manufactured by Walter A. Woods, embracing mowers, reapers, harvesters and self-binders. Mr. Peterson informs us that he has already sold and delivered two self-binders this spring, while orders for July delivery are coming in very fast.

If the band that was lately organized by the young men of our city don't succeed in furnishing the people of New Ulm with good music, it certainly will not be on account of lack of enthusiasm on the part of the members of the band, as they may be heard practicing on the island opposite town most any nice morning as early as five o'clock. That's right boys, only stick to it!

At a meeting of the New Ulm Battery last week, Frank Burg was elected Captain of the company vice Capt. Roos, deceased. Mr. Burg is an old German artillery officer, thoroughly versed in that branch of the service, and he will bring vitality into the organization. We understand that it is the captain's intention to reorganize the company, and hold regular drill meetings. Captain, we salute you.

The excitement yesterday over the election of one councilman, surpassed anything we have ever seen in this city. There were four candidates in the field. Geo. Schneider and Fr. Boock, from the north side, and H. A. Subilla

and Jacob Brust, from the south side; but as we went to press before the ballots were counted, we are unable to say which one of them was the successful candidate.

The winter term of our public school closes next week. The closing exercises will commence on Wednesday, when the primary classes will be examined, in their rooms, in the forenoon, and the 5th class in the afternoon. On Thursday and Friday the 1st, 2d, 3d, and 4th classes will be examined in Turner hall. Parents and others taking an interest in our educational institutions, should not fail to attend these examinations.

Miss Helen M. White, who has given dramatic readings in different parts of the State, entertained an appreciative audience at Turner Hall, last Sunday evening, with a number of choice recitations. The different selections were loudly applauded, especially those of a comical character. Although the time occupied was rather short, we think that all went away well satisfied.

The thanks of all who appreciated the entertainment, are due to Mr. Blanchard and those who assisted him in getting the necessary subscription to secure the reading.

We see by the Madelia Times that Worthington has adopted the following plan for lighting its streets: A proprietor of property erects a street lamp at some convenient location for himself and the public, and the village agrees to furnish oil for these lamps and take care of them. This would be a very good plan for our city to follow. The few lamps already erected are insufficient and one should be placed on every corner of Minnesota street at least.

The Review office, as a job office, is getting quite popular. We printed last week no less than twenty-six jobs, comprising bill heads, note heads, shipping tags, chattel mortgages, notes, notices, circulars, envelopes, cards and posters, for parties living in the several towns as follows:  
 New Ulm, 12 Walnut Station, 4.  
 Sleepy Eye, 3 Minnesota 2.  
 Burns Station, 4 Beaver Falls, 1.  
 Every business man should use printed stationery, and the Review office is the place to get it.

It is desirable that parties who had their crops destroyed by grasshoppers and intend to make application for extension of time to pay taxes for 1876 and 1877 until December next should do so at once. The law provides that application for extension of time can only be made to apply on 160 acres. Persons wishing to avail themselves of the benefits of the law must make their affidavits and applications before their respective town clerks, all of whom have been supplied with the necessary blanks by the County Auditor.

A runaway enlivened the lower part of town last Saturday. One of drayman Schaefer's teams, while standing near the depot, took it into their heads to have a little lark by themselves, and accordingly started up town at a furious gait, stringing the wagon along Centre street promiscuously. After being liberated from the wagon the horses continued their career up to near Turner hall, then they very likely thought that they could make better time running down hill, and down they came, by the Merchants' Hotel, in fine style. The runaways were finally caught in the alley near S. D. Peterson's residence. No one was hurt, and upon examination it was found that the wagon merely became unjointed in several places and was soon in running order again.

Coming from St. Paul last Saturday we overheard a conversation between two young men, which ran about as follows:

"Jerry how would ye like to ride on a car going at the rate of 40 miles an hour?"

"Och bedad, but I would n't like it at all."

"Well, I've rode on the cars when they were going at the rate of 65 miles an hour."

"Whin was that?"

"At the time of the Chicago fire."

"And why did they run so fast?"

"Why to get out of the way of the fire, to be sure!"

No wonder that the fire destroyed so large a portion of the city if it necessitated persons wishing to get out of the way of it to travel at the rate of 65 miles an hour.

Rev. Alexander Berghold returned last Thursday evening from his lecture tour through some of the Eastern States, which he visited in the interest of Bishop Ireland's Catholic colony, near Luverne, Rock county. During his absence he traveled through Michigan, Ohio, Pennsylvania, New York, Maryland and portions of Kentucky, lecturing in Milwaukee, Grand Rapids, Buffalo, Brooklyn, Baltimore, Cincinnati, Louisville and other prominent cities. His mission was very successful, and he was greeted wherever he appeared with crowded and enthusiastic audiences. To show that Father Berghold's lectures had a good effect, we would state that when coming from St. Paul last Saturday, we met six men, from Brooklyn N. Y., on their way to

Luverne, who had been induced to seek homes in Minnesota by hearing his lectures.

Such a plan as Bishop Ireland has pursued would be a very good one for our State Board of Immigration to follow.

Aunt Sally's letter which appeared in the Review to weeks ago seems to have had such a terrifying effect upon our Golden Gate correspondents, that they do not dare to favor us with any more communications. Aunt Sally, we want to hear no more from you.

All of our machine men handle self-binders, and all of them have one erected for inspection, at their respected place of business. You pays your "monish" and takes your choice.

The City Drug Store is the place to get your stationery, books, ect. Mr. Bobleter has just received a consignment, comprising 50,000 envelopes, 50 reams of paper, 200 boxes of fine stationery ect. ect., which he is prepared to sell at bottom figures.

Fred. Schuetz lectured in Turner hall yesterday evening.

We would call the attention of builders and contractors to the notice of Chas. Wagner, clerk of the Board of Education, which appears elsewhere.

### ATTENTION HORSEMEN.

We have received a large horse cut and are now prepared to print large posters on short notice.

### Sleepy Eye Gleanings.

J. P. Anderson is putting a fresh coat of paint on the Union House.

A fresh coat of paint on our school house would add to its looks greatly.

Still they come!—men to work on the railroad. They are making things lively.

J. P. Bertrand is excavating a cellar, over which he will erect a large brick building at once.

Immigrants are passing by every day. There has been more immigration this spring than during the past three years.

J. Troutman has purchased some of the finest cattle in Brown Co. We hope Joe will give us some fine beef this summer.

D. I. Russell has removed his machine yard down on Main street, where his customers can examine and purchase such machinery as will add to their happiness.

Mr. Kimm, late from Minneapolis, occupies the old Robinson place with a full line of boots and shoes. Also in connection has a fine assortment of millinery goods.

Wheat is up to 90 cts. per bu. and scarce at that. Farmers who have wheat to dispose of had better sell while it brings a good price. It is customary for those who have wheat to sell, to hold it until June. Now is the time to get a good price.

We are sorry to note the death of Mary Wylie, daughter of Mr. and Mrs. Allison. After an illness of only one week, during which time she suffered very greatly. She took a severe cold, which settled on her lungs, which was the cause of her death. Dr's. Wellcome and Berry were in attendance.

The Congregationalists have organized a new choir, as follows:  
 Mr. Graves—Chorister.  
 Mrs. Graves—Organist.  
 J. A. Hutchings—Tenor.  
 Mr. Pixly—Bass.

We hope we will not have so much trouble about singing as heretofore.

"Tramps" are disturbing people in town every night. Something will have to be done to protect the people from such men.

A great many men come here with the plea "to get work," and are sponging and begging their meals in all localities. It is shameful for young, strong, healthy men to impose on people who scarcely make a living themselves.

It looks as if Sleepy Eye might live. The Councilmen made a strike on saloon men this week. They collected in one day the little sum of \$200. The city license for the sale of liquor and cigars is \$50. We have four saloons in running order, and if the license were raised to 100 dollars Sleepy Eye might have some improvements made on her streets. Also a jail might be built, which is needed very much at present.

### Sleepy Eye Correspondence.

Sleepy Eye, April 13th 1878.

#### Editor Review:

Things in the religious world are still in a fermentation. We did think that we should have something favorable to send in this week, as regards the condition of our American religious organizations. What the difficulty is, we do not presume to know any farther than this: that there is something out of joint in the machinery; that the shepherds are not as friendly as they should be; that either the clergy or church, or both are disorganized; that unless a more friendly and Christian spirit prevails, the churches might as well be dissolved. I do not lay any claims to the clerical garb, but do profess to know what constitutes practical Christianity. It is a shame for men professing to preach the same gospel to live in a state of hostility. It is a perversion of religious principle, and lays the foundation of envy, intrigue, and war. We dread this state of things, and if it continues, it needs no prophetic eye to forecast the future. It is bad enough when we outsiders get by the ears, but worse by far when the shepherds take up arms and go to war. Let us have peace. REFORMER.

### A Remarkable Result.

It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages Asthma, Severe colds, Whooping Cough, &c., who have no personal knowledge of Boscchee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives try just one bottle. Regular size 75 cents. Sold by Jos Bobleter and all Druggists in America.

## NEW ADVERTISEMENTS

**BUILDING CONTRACT.** Sealed proposals, for the building of a school house at New Ulm, will be received by the undersigned to the 13th day of May 1878. Plans and specifications can be seen at my office.

The Board of Education will reserve the right to reject each or every proposal.

By order of the Board of Education  
 CHARLES WAGNER, CLERK.
