Republican County Convention.

The Republicans of Brown county are hereby invited to meet in delegate convention at the Court House, in New Ulm, on Saturday, the 13th day of July, 1878, at one o'clock in the afternoon, for the purpose of electing four delegates to represent the county in the Republican Congressional convention called to meet at Shakopee on the 16th day of July, A. D. 1878, at 12:30 p. m., and three delegates to represent the county in the Republican State convention, called to meet in St. Paul, Sept. 4th, 1878. Also to elect delegates to represent the county in the coming 37th District Rep. Senatorial convention.

M. Mullen's steam thrasher was in full operation last Saturday, and attracted a goodly number of spectators.

The State Medical Society met in St. Peter yesterday. Doctors Berry and Mueller, of this city, are in attendance.

Our Burnstown correspondent gives an account of a suicide that was committed by a newly married swain, not far from Burns Station. Married life could not have agreed with him.

The Republican State convention having been called to meet Sept. 4th, the call for the Republican county convention has accordingly been amended. Brown county is entitled to three delegates in the State convention.

Major Straits's bill for the relieve of Dr. A. Mueller, of this place, passed the House of Representatives last Friday.

The County Commissioners met last Monday, but no other business was transacted than letting the printing of the list of delinquent taxes to the Review. No other bid was presented.

Died.

June 4th, at his residence, at Lone Tree Lake, Brown county, Minn., in his 73 year, L. C. Gilbert, of typhoid fever combined with erysipelas. Deceased had been engaged in the ministry for 40 years. State papers please copy.

The Republican County Committee which consists of Ole Jorgensen, M. C. Burnside, C. Braudt and H. Plath are respectfully requested by Albert Blanchard, chairman of the committee, to meet at his office, in New Ulm, Saturday, July 13th, for the transaction of important business.

The scholars of the Sisters' school had a very pleasant picnic at the Schuetzen Garden last Thursday afternoon. Quite a number of our citizens, besides many from the country, were present, and the old, as well as the young, enjoyed themselves hugely with the various games.

Speaking of tall rye, puts in mind of some wheat that was shown us by T. L. Gilbert, of Lone Tree Lake, last week. The specimen consisted of some two dozen stalks measuring 3 feet and 4 inches, on an average. The wheat was sown late in March, and we understand that the whole field from which the specimen was taken is of the same height.

The construction train with a large force of men and the steam pile driver are now at work between the State line and Lake Kampeska, and it is expected will have the road in good order in about three weeks. Major Blake informs the Marshall Messenger that arrangements will be made after the road is in order for a tri-monthly excursion train from Chicago to the lake.

Let every citizen attend the school meeting next Friday evening. The question of electing a new school board is an important one, and we hope to see every member of the present efficient board re-elected. They have shown themselves to be men who have the good of the district at heart, and the people cannot better themselves, or the schools, by electing new members at this time.

We had the pleasure of witnessing a trial of one of the Marsh self-binding harvesting machines last Saturday. The trial took place in presence of a number of farmers, and others, in some green rye, on the farm of Col. Pfander, situated about three miles from town. The machine worked splendidly, although the grain in some places was very heavy. We understand that two machines were sold on the ground, Hanft & Franta are the agents for this machine, in New Ulm.

Porter T. Gibbs, well known as the "boss herder," met with a serious loss. His "Vermont" herder, to whom he gave employment to keep him from starving, took one of Mr. Gibbs' best horses one day last week with the alleged intention of going to Sleepy Eye, to have a measure taken for a pair of boots, but instead of going to Sleepy Eye, he borrowed a gun of a neighbor and struck out for parts unknown. It appears that after getting away a few miles he endeavored to sell the gun, but the party to whom he offered it knew that the chap was in the employ of Mr. Gibbs and reported the matter to him. Mr. Gibbs at once followed him, but as yet the search has resulted in nothing.

Send the Good News to Hiram!

The citizens' meeting held at Turner Hall last Monday evening, for the purpose of considering the ferry question, was largely attended. After considerable wrangling the city council was almost unanimously authorized to build a free pontoon bridge across the Minnesota river, where the free ferry now is situated, and also to make such other street improvements as they deem necessary. It was also voted that \$2500 should be borrowed by the city for the purpose of making the above named improvements. Another tally for the REVIEW.

To Our Competitors.

We have made arrangements with Mr. John Schmidt for the balance of his rye, and all of those that think they have a better harvester and binder than the Marsh, are herewith invited to bring their machines to the above field, where we will convince them and others that they are mistaken.

We would also state that we extended a cordial invitation to all the other machine agents of this city to meet us on the above named field, last Saturday, but as none of them responded we merely took out our machine to convince the farmers that the Marsh self-binder cannot be beat.

HANFT & FRANTA. Agents for the Marsh Harvester.

AN UNDENIABLE TRUTH.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you,—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual costiveness, dizziness of the head, nervous prostration, low spirits, &c. Its sale now reach every town on the Western Continent and not a Druggist but will tell you of its wonderful cures. You can buy a Sample Bottle for 10 cents. Three doses will relieve you. For sale by Jos. Bobleter.

THE GLORIOUS 4th!

At a meeting of the Governor's Guard, held last week, it was decided to celebrate the 4th of July in the old-fashioned style. The programme will consist of a parade, oration, prize shooting, rolling nine pins for prizes, balloon ascension, foot races, three legged races and sack races. The festivities will be held in and around the Schuetzen Garden.

The Owatonna excursionists, headed by the Germania Music Corps, of that city, arrived in our city last Saturday evening. The party was met at the depot by a delegation of Turners who escorted them to Turner Hall, where a pleasant entertainment had been arranged for their benefit. On Sunday morning the party visited the various points of interest in and about the city, and in the afternoon the band gave a free concert at Turner Hall garden. The active turners also gave an exhibition, and the Maenner choir enlivened the occasion with a few select songs. In the evening the play "Domi or the Brazilian ape" was re-produced, which was followed with a social hop. The excursionists departed Monday morning, highly pleased with their stay among us. The band which accompanied the excursionists, although quite recently organized, has but few equals in the State.

New Ulm, June 15th, 1878. We the undersigned farmers of Brown and Nicollet counties, on Saturday, June 15th, saw the

MARSH HARVESTER with SELF BINDER, working on the farm of Col. William Pfander, in heavy, green rye, seven feet in some places, and after close observation unanimously say, the Binder did its work splendidly and in our opinion the Marsh harvester can not be beat on lightness of draft. The good work it did was far beyond our expectations. We will say to our fellow farmers if you want a reliable machine, with self-binder, one that will go through thick and thin, then buy the Marsh Harvester and Binder. It cuts clean, and binds splendidly.

The extensive wholesale drug firm of Noyes, Bros. & Cutler, of St. Paul, again find that their quarters are too small for their fast increasing trade, and they have made arrangements with Mr. Wann, one of the most enterprising capitalists in St. Paul, for a very large and commodious four story building, to be erected for their exclusive use on the corner of Sibley and Fifth st's. The structure is to be ready for occupancy next fall, and will be the largest, finest, most perfect and complete in the west, if not in the whole country. There are but few drug houses in the country, if any, that carry a larger and more complete stock than Noyes, Bros. & Cutler, and while their prices compare favorably with those of eastern houses, they also pay the highest market price for roots and herbs, and for years they have been the largest buyers and shippers of ginseng root, in Minnesota, and they now pay more, by 10 cents per pound, than market price in New York.

PERSONAL.

—Blanchard came home last Monday evening, minus—"that wife of mine."

—Frank Hoffstadt, of Waseca, who, as many of our readers may remember, was civil engineer on De Graff's staff, when the railroad was built through here, has been appointed route agent, vice, Frank Kennedy, resigned.

—Horatio Werring, one of the enterprising merchants at Golden Gate, gave us a pleasant call last Friday. Mr. Werring reports that the search for our defunct correspondents "Scrobb," "Uno Hoo," and "Aunt Sally" has so far been fruitless.

Golden Gate Cleanings.

A game of base ball was played, at Golden Gate, Saturday, June 15th, between the Centennial 1st nine, and the Fort Ridgely 1st nine; which resulted in a victory for the Centennials, by the following score:

Table with baseball scores for Centennials and Fort Ridgely, including innings and total runs.

John C. Gutting, Umpire. Everything passed off pleasantly and the Fort Ridgely boys were well pleased with the courtesy shown to them.

A return game is to be played at Fort Ridgely, Saturday, June 20th.

There will be a match game at Golden Gate, Saturday, June 22d, between the Rustics of Iberia, and the Centennials of Golden Gate. (Spectator.)

Sleepy Eye Cleanings.

Business is lively.

The branch railroad from this place to Redwood Falls is nearly completed. The iron has been laid for a distance of over 15 miles.

L. Hanson, our accommodating P. M., has built a new house on Fifth street and fitted for Mr. Dayton, as a barber shop. Mr. Dayton seems to understand his trade and is doing a fine business.

For the Lord's sake, don't send us any more barbers! We have three now, and just two more than can make a living.

J. Graff has just beautified the outward looks of his building with a fresh coat of paint.

L. Landen, late of Lamberton has rented Masonic Hall for the purpose of opening a first class boarding house.

John A. Willard, of Mankato, was in town last week. We understand he sold a considerable quantity of land while here, for \$10 per acre.

Talbot & Rinke have their building well under way. They raised the skeleton frame last week, and when completed will be the largest building in town. The increasing trade of the firm have made the building of a large and commodious store a necessity.

The rush to-Murfin & Knudsen is just enormous. They have a splendid stock of goods and sell amazingly cheap. They also pay the highest market price for farm produce.

The people of Sleepy Eye and vicinity are very thankful to our member in Congress, Major Strait, for securing them a daily mail.

Two more saloons have just been started. Verily, the town is assuming a metropolitan appearance.

A large addition has just been added to our town plat, Allison & Dayton have surveyed out 10 acres more to lots, and are offering them for sale at a low price.

Christ. Emerich has moved his barn up near to the street, and is remodeling it into a public hall. We understand that he contemplates giving a hop on the evening of the 22d. We hope he will have it conducted a little better than such dances generally in this burg.

If any of our farmer friends are in want of any farm machinery let them walk down by the photograph gallery, and they will find most anything in that line; and while there just step into the gallery and have your pictures taken. Let the artist, Mr. Hutchings, earn a few dimes and you will never regret it.

Our Sleepy Eye boys must be either faint hearted or afraid of the girls, else they would not suffer the school ma'ams to repair to their respective schools every Monday morning, on foot and alone. Take courage, boys.

SLEEPY EYE POST OFFICE NOTICE.

For the accommodation of our business men, and the public generally, the Post Office will be open on Sundays from 9 to 11 a. m., and from 3 to 4 p. m., only.

Mail going east will close every day, except Mondays, at 2:25 p. m. Going west at 9:10 a. m. L. HANSON, Postmaster.

Burnstown Items.

SUICIDE.—Abraham, a Menmonite, living a few miles from town, launched his soul into eternity last week by hanging himself in his stable. He had been married only about six weeks. Why he committed the rash act is not known. The coroner held an inquest over the body Friday, the 14th inst.

John Roth formerly of Leavenworth, this county, and well known in this vicinity as a man of an enterprising turn of mind, has gone into the mercantile business here. We wish him success.

Our town is increasing in the way of buildings. A new church is now being built by the Lutheran congregation. It is a very fine edifice and an ornament to the place. A large and magnificent Catholic church is also in course of erection. We already have a Congregational church so no one can say that we are not religiously inclined.

The farming community are highly elated over the prospects of a plentiful harvest, and are equipping themselves with all necessary farm machinery. The grain crop was never known to be so promising in this locality, at this season. The corn crop has been backward on account of the coldness of the season, but is fast reviving as the weather gets warmer. The potato crop so far looks well, but many are complaining of the ravaging bugs. Why not exterminate them with paris green, which has proved to be a "dead shot" to them? Put a table spoon full of paris green in a pailful of water and sprinkle it over the vines and you will soon see less bugs.

Sundown Correspondence.

SUNDOWN, JUNE 4th, 1878.

Editor Review:

I have noticed in several communications, from Golden Gate, some very rude criticisms on articles written by other correspondents.

There seems to be a very antagonistic feeling be

tween certain parties of Golden Gate and Sleepy Eye.

I do not know what the trouble is, as I am not a resident of either place, but I sincerely hope there will be no more hard words between fellow correspondents. I do not see the good of such criticisms, especially when delivered through the columns of a newspaper. Why not meet your adversary face to face, and say what you will to him; not take that little, small, (and I might say mean) way of criticizing his writings? I do not think any of us can brag much on our education.

I would like to be informed, by "Tax Payer" or some of the Golden Gate correspondents, what calls for such bitter criticisms?

I am not hinting on any particular correspondent, but all who have written such criticizing "articles."

We had not supposed that Golden Gate, bearing such a pretty name, was capable of so bitter a spirit of resentment. Criticism is well enough when given in the right spirit, but to be always criticizing, and in such a resentful spirit, is simply ridiculous.

I have noticed comparatively few articles, from Golden Gate free from criticism. Now, my dear friends, let us try and find something else to write about besides criticizing other people's conduct.

Does it help us along in the world to be always speaking of other people in such a manner? Does it matter to us whether a correspondent has taken lessons in punctuation or not? I think not. I think we can, with benefit to ourselves, omit such criticism. INTERESTED READER.
