PROGRESS LODGE NO. 28,

A. O. U. W.

meets every Thursday evening at Arbeiter Hall. Brothers from abroad are cordially invited.

DR. C. BERRY, M. W.
 HENRY CONSTANS, Recorder.

Wild strawberries are ripe.
 The gooseberry crop this year promises to be immense.

Our machine men are doing a railroad business.

A grand ball will be given in Arbeiter Hall on the evening of July 4th.

Sam. Peterson received a car load of wire for his self-binders, last week.

New potatoes have made their appearance in our vegetable market.

The late heavy showers have lodged considerable grain in some localities.

Buy your lemons and oranges for the 4th at the City Drug Store.

The weather last Sunday and Monday was most uncomfortably hot.

The New York circus will make the people of St. Peter happy July the 3d.

Col. Pfender will deliver an oration in German at Howard Lake on the Fourth.

Blanchard says that it's a clear case of mistaken identity. Com. Sanders rise and explain.

Gooseberries with porcupine overcoats are beginning to make their appearance at our grocery stores.

B. June, of the University at Minneapolis, is engaged in the geological survey of the Lake Superior region, this summer.

When you are in want of any shooting irons, remember that you can get a complete revolver and a box of cartridges for \$2.00 at the City Drug Store.

"Country Girl" whose commination appears elsewhere is rather severe on the editor of the Herald and our merchantile clerks.

Why suffer with such a dreadful Cough or Cold. For 25 cents you can purchase of your druggist a bottle of Dr. Marshall's Lung Syrup, and your cure is certain. Sold by Jos. Bobleter.

Committees have been appointed by the various societies to arrange a grand procession for the Fourth.

The shooting of the New Ulm shooting club at their last Saturday's glass ball match was so poor that we are ashamed to give the score.

The young folks of this city had a grand picnic in the grove at Clear Lake last Sunday. We understand that they had a general good time.

Track laying on the Redwood Falls road is nearly completed, and we understand that a grand excursion will be arranged from Sleepy Eye for the Fourth.

The Turnverein of this city will celebrate the Fourth with an open air concert and other amusements in Turner Hall Park in the afternoon, and a grand ball in the evening.

Quite a number of our citizens visited West Newton last Sunday in attendance upon Corpus Christi services. We hear that the attendance from the surrounding country was very large.

It appears that Brown county was not a very profitable field for the lightning rod swindlers to operate in, as we understand that their stay was very brief.

We were shown some timothy the other day the heads of which measured nine inches in length. The specimen was taken from Werring's farm near Golden Gate.

A new base ball club, with a crack nine, will be organized in this city in a few days. The Rustic and Centennial Base Ball clubs, of Iberia and Golden Gate had better look to their laurels.

Go to your druggist and inquire about Dr. Marshall's Lung Syrup. It is the best remedy known for breaking up severe Coughs and Colds of long standing. Price only 25 cents. Sold by Jos. Bobleter New Ulm.

We would call the attention of our readers to the advertisement of Neumann & Roskopf, which appears in another column. Quick sales and small profits is the motto of this firm. Give them a call.

The catholics of New Ulm and vicinity observed Corpus Christi with the usual festivities in this city last Thursday. We understand that the procession was very grand and by far exceeded any similar event in this city.

Major Strait's bill for the relief of Dr. Mueller of this city, which passed the lower House of Congress a week ago last Friday, and of which we made mention in last week's issue, gives the doctor \$600 for losses, by fire, at Fort Ridgely during the Indian war.

The Fourth will be celebrated at Golden Gate in the old fashioned way. The programme consists of an oration, picnic and dinner in the grove, base ball, parade of the rag muffins, horse race, fire works and a dance in the evening. A band has been engaged for the occasion and a general good time may be expected.

The show turning of Mr. Carl Gebser's scholars at Turner Hall last Sunday evening was very good and elicited applause from all the parts of the hall. The pyramids were executed with precision and grace, as in fact were all of the various figures. The exhibition demonstrated that under the tuition of Mr. Gebser our young Turner friends will soon be able to successfully compete with any in the State, and we hope to see them carry off a goodly number of prizes at the Turner-Fest which will be held at Waseca in about two months hence.

Horse stealing has got to be common pastime with the tramp element in this vicinity. A. W. Moulton, of Rochester, who had been doing some breaking on his claim in the western part of the State, was returning last Tuesday and encamped for the night near Withoff's brickyard, north of town. During the heavy thunder storm, of that night, some one slipped up to Mr. Moulton's wagon and stole one of the three horses that were tied to it. Mr. A. W. Moulton who was sleeping in the wagon discovered the theft shortly after it was perpetrated and endeavored to track the culprit, but without success. The case was given to our authorities early Wednesday morning, but as yet they have not been successful in the discovery of the thief.

We take pleasure in calling the attention of our readers to the Governor's Guard 4th of July programme, which appears in another column. While the company have made arrangements for a separate parade, it will join any other society in a joint parade that may desire to turn out. At the garden the exercises will be very interesting. The company have secured the services of H. A. Subilia, Sr. to deliver the oration, while the remainder of the programme offers a variety of amusements. The prizes to be distributed are valuable and useful. Good music has been engaged for the occasion, and a jolly good time may be expected.

As the coming Republican county convention will choose delegates to the 37th District Republican Senatorial convention, it might not be amiss to say a word with reference to the last named convention. The Senator for the ensuing term by right belongs to Brown county, and we have no doubt will be conceded to us by the upper counties comprising this district if a good man is presented. There are several men in this county that would be acceptable to the Republican voters of the district, among whom we might name Hon. John C. Rudolph, Hon. Chas. Wagner, Hon. C. C. Brandt, Hon. L. D. Rice, M. C. Burnside, Hon. K. H. Helling, besides several others. Let this matter be agitated and let those who have senatorial aspirations make the fact known, or Brown County will again be left out in the cold. The matter of whom we shall present should be thoroughly understood at the time the delegates are chosen.

Leon Deismore, the chap that stole Porter T. Gibbs' horse (we gave the particulars of the theft in last week's issue) has come to grief. The sheriff of Redwood county captured the thief at the foot of the coteau, three days after he had committed the deed.

Judge Cox, having convened a term of court in Redwood last week, empaneled a grand jury for the especial benefit of Mr. Deismore. The fellow plead guilty and received his sentence, which is three years hard labor at Stillwater, just one week after he had committed the deed. A similar quick disposition was made of a horse thief at Marshall the week previous. A Mr. Long stole a horse on Saturday, was arrested on Sunday, on Tuesday the court met, on Wednesday the defendant plead guilty, and on Thursday he was on his way to Stillwater, to serve four years.

PERSONAL.

—L. Bixby, proprietor of the Owatonna Review, and Bixby's Death Pain, made us a short call last Monday.

—L. Hanson, of Sleepy Eye, gave us a pleasant call last Friday. He reports business as being good.

—Alex. Harkin, the accommodating merchant at West Newton, spent a few hours in our city last Saturday.

—Prof. Moore, of the State University, is in the city for the purpose of holding an examination of all such persons as are desirous of entering the above named institution.

Golden Gate Correspondence.

GOLDEN GATE, JUNE 20th, 1878.

Editor Review:
 It is refreshing in these latter days to think that we are going to have rest. Now that Scrobs has cried quits and lays down the weapons of his warfare, we hope he and all the good people of Podunk will "lay up dar treasures in heaben whar de moth neber cut de teeth."

What is all this fuss about in the Herald of June the 15th? It seems another philosopher, having nothing particular just now to do, is punching up the Town Board. He must be suffering from an attack of neuralgia, or he would not exhibit such spite. I think he must be a political quack, for his language seems to indicate his profession. He dates and there being no way just now to strike out openly, the writer thought it would be a grand idea to begin the campaign by pitching into the Town Board and slashing that institution up. That is "I bids" style of doing things when he gets out to correct our local abuses. He may gain a little local notoriety, but among us he is decidedly unpopular as a manipulator of politics. He tells us about a certain person whose influence is baneful, and is felt from Albion to Eden. Just as though the morality over that section of the country was dying out in consequence of the baneful influence of this person's shadow. Bah! Better not have said this, I bid, for you may come up for office, and then you will feel the power of this shadow, as your friends lay you aside as a defunct relic. The better way for you to do is to hold in, and put your best hat on, and go to church, and treat people well. Then you may, in a measure, regain your lost power and become quite a man again. This is your best course to pursue unless your ambition should unfortunately get the better of your common sense.

The noted politician to whom you refer in your Herald may, at first, seem a little innocuous, and to denounce him is in bad taste as you may realize when our county convention meets. Now, I bid, behave yourself, that posterity may say: "I bid is dead, and the Town Board, though treating him respectfully on the score of old acquaintance, shows no disposition to espouse his whims nor copy his example."

A gentleman enquires, "what is the width of the belt over the baneful influence extends its shadow? Is 'I bid' inside the line?" He is so near it that when he sees the evil spirit approaching, he betakes himself to his instrument and bids it begone. That's the way "I bid" exercises evil spirits. Later—Strolling down the streets of Sleepy Eye the other day, I met a man whom I took to be 'I bid.' He had been reading up the law on town boards, and, if looks are not deceiving, he is well backed up. He looked as though he felt a good deal like the colored preacher who said: "Brederen, if I had been estin' dried apples for a week an' then took to drinkin' for a month I couldn't feel more swelled up than I am dis mimik wid pride an' vanity at seem myself backed up." "I bid" will either "bust" him self or the town board. I fear he will go up if he keeps on. Respectfully,
 "One of the Boys."

LIVER IS KING.

The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are its natural result. The digestion of food, the movement of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Greens August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition to the Liver and Stomach. Sample bottles to try 10 cents. Positively sold in all towns of the Western Continent. Three doses will prove that it is just what you want. For sale by Jos. Bobleter.

Sleepy Eye Gleanings.

Our merchants are doing a good business.

Everybody is preparing for the Fourth.

The past week has been a dull one for the news gatherer.

The dance at Emerick's passed off pleasantly and the participants had a good time.

If any one wants to buy a Marsh self-binder they can be accommodated by D. I. Russel.

Wm. Baker has built himself a new house in Brooklyn and armed it with two coats of paint last week.

We expect to have a glorious time on the Fourth. The programme consists of a pic-nic and ball playing in the day time and a dance and fire works in the evening.

A man that don't take care of his harness, ought not to have one. So says our friend John Zieske, the Sleepy Eye harness man. And he is right. For when you can purchase for the small sum of fifty cents a box of Frank Miller's Harness oil and Blacking there is no excuse for having rusty looking or stiff harness. And, by the by, John has a full supply of this celebrated blacking on hand, besides a full assortment of curry-combs, brushes, cards, &c., ranging in price from the cheapest to the best to suit any sized pocket-book. He has also always on hand a full stock of riding bridles and halters, of his own make, and fully warranted. Also riding and Buggy whips, light and heavy blankets, fly nets, sweat pads, collars, both leather and canvas. John's harnesses are all of his own make and rank A No. 1. Now, John proposes by making only a small margin of profit to sell out his present stock during the summer months. So, good friends, when you are in want of anything in John's line be sure to give him a call, and we know that you will be suited.

SLEEPY EYE POST OFFICE NOTICE.

For the accommodation of our business men, and the public generally, the Post Office will be open on Sundays from 9 to 11 a. m., and from 3 to 4 p. m., only.

Mail going east will close every day, except Mondays, at 3:25 p. m. Going west at 9:10 a. m. L. HANSON, Postmaster.

Iberia Correspondence.

IBERIA, June 20th, 1878.

Editor Review:

As I was looking over the Herald a short time ago my eyes chanced to fall upon a few remarks on the circus. Now my ideas differ in some respects from the Herald Editor's. Firstly, I think it causes a great deal of comment and a good deal of excitement. The country girls never have any trouble to find out what show to patronize. I think the country folks' good behavior far exceeded the towns people, and as for a monkey, that would be no sight for a country girl, for all she would have to do would be to go to town and she would see plenty of them standing behind the counters and on the corner of the street, whether there was a circus or not. I think if the Herald editor would take a ride in the country, he would find that the country girls did not spend their time in smarting up their hats and making new dresses just to attend the circus; and as for beaux they are not troubled with them. They can go in town with their father or brother and attend the circus and not stop for the evening entertainment, but leave that for the city gents and their lady loves. As for the country boys they don't need hair-oil for their hair. They have plenty of good soap and water to clean their scalps. They generally send the muskrats in for the city folks to oil their hair with. As for the long tailed coats I did not see any in the day time. Perhaps they were left with the long tailed dresses and the bogus money for the evening entertainment.

Methodists I see the Herald Editor peeking through the shutters. Perhaps he's waiting for the evening entertainment, because he chooses darkness, rather than daylight.

We are going to have a 4th of July Celebration and Picnic, to express our estimate of Independence and Freedom. It will be held near the residence of F. Hartwick, where a grove will be extemporized for the occasion, and everything made exquisitely enjoyable.

There will be a Lemonade and Ice Cream Stand on the ground, where one can cool off at their pleasure. Singing, music, an oration by Mr. Eldred, and toasts will do their full share to fill up the day. Exercises continued through the evening. Come one, come all, and be happy.
