Rah for sheriff Manderfield. Doff your cap to sheriff Manderfield. Pure Castor, Lard and Whale oils at the City Drug Store, at bottom prices. The minutes of the Board of Equalization will appear next week. Commissioner Sanders says that the wheat crop is almost a total failure in some parts of town home. County Commissioner Rice reports that wheat in his section will average only from eight to twelve bushels to the acre. A farmer from Fort Ridgely reports that two slight cases of sunstroke occurred in his town a week ago last Saturday. Harvest hands are in great demand. Good binders can get from \$2.50 to \$3.50 a day. "The cheapest man on the globe" has been doing quite a thriving business on our streets for the past week. Mr. Fox, James Casey's father-in-law, who was here on a visit, died very suddenly last Sunday afternoon of cholera morbus. We understand that a new time-table will be out next Sunday, and that trains will run regularly to Redwood after that date. The County Commissioners met last Monday in regular session. We will publish the proceedings of the board in our next issue. Our Sleepy Eye correspondent says that Mrs. James Knutsen, living about five miles North-west of Sleepy Eye, was instantly killed by lightning last Saturday morning. The harvest has fairly commenced. We hear that a great many farmers are mowing their grain, being too badly lodged to admit of cutting any other way. Surfacing on the Sleepy Eye and Redwood Falls road was completed last Saturday, and the force is now engaged in building round houses and turntables at both ends of the road. An oily tongued Cincinnati buggy man was in town Saturday, but he succeeded in selling only one buggy, for \$60.00. W. H. Phelps, of the Pennsylvania House, was the purchaser. We learn from John Weyhe, of the firm of Gley & Weyhe, of Springfield, that Adam Schaumburg, formerly of this place, had a leg broken from the kick of a cow a week ago last Sunday. We understand, that a lot of young scamps of this city, some of whom are hardly able to hold a gun, go out daily to shoot prairie chickens, and run through the standing grain. The farmers say that if they do not keep off their farms they will make it warm for them. The Beaver Falls Times says that M. Mullen, of this city, lost a fine horse near that place on Monday evening of last week, by the reason of the excessive heat. Mr. Duffy, of Birch Cooley, also lost an ox from the same cause. J. T. Williams, of Mankato, who recently resigned the position of special agent of the Post Office Department, has received the appointment of Consul to St. Helens, England, a city of about 55,000 inhabitants, mostly all Welshmen. As Mr. Williams is a native of Wales and speaks the language, the appointment is considered a good one. The hottest of all hot places during the heated term that we have heard of yet is Beaver Falls. The Times says that the thermometer indicated 117° in the shade, a week ago last Saturday. Beaver Falls must be a regular little hell—Friend Kelsey, how do you manage to get out your paper in such a sweltering heat? During the prevalence of the thunder storm a week ago last Sunday the lightning struck the house of Franz Brey, of Lafayette, considerably shattering the building. There were 14 persons in the house at the time, but strange as it may appear no one was injured, although a dog that was playing on the floor with a child was instantly killed. Mr. Henry Dressler returned last Saturday evening from an extended trip through the mining regions of Michigan, where he had been with a consignment of cattle. Henry traveled about 400 miles on Lake Superior, and says that he made a herculean attempt to turn himself inside out. He says he felt "orful bad" while making the effort. Sometime ago an immigrant passed through our city with a yoke of oxen and a covered wagon on which was written, "Bigstone or Bust." The same man again passed through our city last week, but the forward wheels was all that was left of his wagon. He had the wagon cover folded under him for a seat, and on a piece of the cover that dangled along behind him the word "Busted" was written. The fellow really presented a sad appearance. The following is the Republican Congressional District Committee, as appointed by the convention last week: W. Wilson, of Scott county, chairman. K. H. Helling, of Brown. H. B. Nelson, of Goodhue. Wm. Schimmel, of Nicollet. G. Gronerud, of Kandiyohi. W. H. Feller, of Wabasha. Levi Nutting, of Rice county. James McMillan, of Redwood. Warren J. Ives, of McLeod.

The ladies' fair at Turner Hall last Saturday was a grand success. The ladies had given themselves great trouble to make the affair a success, and they succeeded admirably. The hall was beautifully decorated with green twigs, flowers and flags, and the following motto, wreathed in flowers had been placed over the stage: "Freiheit, Recht und Fortschritt." (Freedom, Right and Progress.) The presents, which were given away to purchasers of tickets, were beautifully arranged in the lecture room, and made a splendid display. During the afternoon the new cornet band discoursed sweet music, while the turner youths entertained the audience with show turning. Everything passed off pleasantly, and aside from the accident which happened to young Engel, who fell from the rack, dislocating the elbow joint of his left arm, nothing occurred to mar the festivities. The ladies endeavored to distribute the prizes during the afternoon, but the crowd of eager expectants was so great, that it was deemed advisable to postpone this part of the programme until Sunday afternoon. The evening entertainment was very good and drew quite a large crowd. The declamation "McLains Child," by Miss Eda Behnke, was splendidly rendered, and Miss Behnke done herself great credit by the way she brought out the different characters. The dramatic piece was good, all the actors acted their parts very well. The tableau had been arranged by Mr. Berndt with unusual care, and every-one pronounced it magnificent. The allotment of prizes was concluded Sunday afternoon, the following named parties winning the most costly: Peter Herrian, H. Rudolphi and H. Herrendorfer. The proceeds netted very handsomely for the Children's Gymnasium, some \$260 having been made over and above all expenses.

### OUR TEA PLANTATION.

As we were sitting in our "Sanctum" the other day, vacantly staring through the window in the hope that our eye might catch something upon which to base a local item, Mr. Kirschstein handed us a package which he said had just been received in the mail. A glance at the package convinced us that it was from Gen. La Duc, the commissioner of the Agricultural Department at Washington, and upon opening it we found it to contain ten very nice tea-plants. The General is propagating the tea-plant in the government gardens, in large quantities, and is extensively introducing them into the southern States most suitable for tea culture, and most promising results are being experienced. The General says that the tea-plant will stand the cold down to a temperature equal to zero, without injury, but below that point it succumbs to the cold—or, in other words it freezes to death. Hence, as there are several months in Minnesota in each year when mercury ranges considerably below zero, our hopes of raising tea "in any great quantities" are not very bright. However, we have set out our plants, and they are doing nicely; and, if we transfer them to our cellar in winter time, we may, in course of time, raise tea enough, provided we mix a few wagon loads of pluntree leaves with what we raise, to supply our local trade. We will be prepared to fill orders for gunpowder tea, green tea, black tea, Japan tea, or pluntree leave tea, we cannot say which; but it will be tea all the same, and of a quality that will astonish the natives. Little did we ever think when a boy, that we should ever grow up to be the owner of a great tea plantation—send in your orders.

From events that have occurred since Fr. Keller's return, a week ago last Sunday, one would be lead to believe that he visited Milwaukee to take pugilistic lessons. As Ernst Brandt, who is engaged on the Post, was passing by Mr. Keller's house last Wednesday evening, the latter, who was standing in the doorway, called Brandt to him, but hardly had he got within reach when Keller began a brutal onslaught on him, using the most foul epithets, and charging him with being the author of a most harmless article which had appeared in the Post. Such outbursts of ruffianism will not help Mr. Keller's case, and he should be made to feel the full penalty of the law.

Down THEY GO.—Mrs. Winslow's Soothing Syrup 25 cents, Browns Bronchial Troches 25 cents, Browns Household Panacea 25 cents, at the City Drug Store. All of the above preparations formerly cost 35 cents.

### AN UNDENIABLE TRUTH.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you,—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual costiveness, dizziness of the head, nervous prostration, low spirits, &c. Its sale now reach every town on the Western Continent and not a Druggist but will tell you of its wonderful cures. You can buy a Sample Bottle for 10 cents. Three doses will relieve you. For sale by Jos. Bobleter.

### His Name is Manderfield.

The first business transacted by the Board of County Commissioners last Monday was the election of a sheriff, to succeed Geo. Bickelhaupt, resigned. On motion an informal ballot was taken, which resulted as follows:  
 John Manderfield.....2  
 Frank Friedmann.....2  
 William Giescke.....1  
 The first formal ballot resulted in the election of John Manderfield by the following vote:  
 John Manderfield.....3  
 Frank Friedmann.....2  
 Mr. Manderfield will enter upon the discharge of his duties as sheriff at once. John possesses all the necessary qualifications to make a good sheriff, and, while we would prefered to have seen a republican appointed, we cannot but say that the Commissioners made a wise selection.

Every family should keep in their house some preparation for accidents and acute diseases, such as Neuralgia, Headache, Toothache, Diphtheria, Sore Throat, Burns, Scalds, Sprains, Cuts, Bruises also Colic, Pains, Inflammation in the Bowels. These are painful and need immediate treatment. Much pain, large doctor bills, and even life may be saved by having something ready for use. Go to your druggist and get a bottle of Bixby's Death to Pain. Use for the above, and everything it is recommended for, and if it fails to give relief, your money will be refunded. It is used internally and externally. Don't hesitate to use a remedy endorsed by physicians, and which the proprietor takes all the risk. For sale by all Druggists. Try it for yourself. Jos. Bobleter keeps it in New Ulm. Also by the proprietor, L. Bixby, Owatonna, Minn., who will supply the trade.

### Sleepy Eye Gleanings.

John Youngman has started a beer garden in the grove close to his house. Talbot & Rinke have moved into their new store, and are doing a good business.

A week ago last Sunday the lightning struck our depot and set it on fire, but the fire was extinguished before much damage was done.

A runaway team, which had started from the depot, ran into J. P. Bertrand's harness shop the other day, considerably damaging the building.

SAD ACCIDENT.—James Knutsen's house, situated about five miles north west of Sleepy Eye, was struck by lightning early last Saturday morning, and Mrs. Knutsen was instantly killed. The house was also set on fire, but the flames were extinguished before they made much headway. This is a hard blow on Mr. Knutsen, and he has the sympathy of all who know him, in this his sad affliction.

### Burnstown Items.

Trade is good in our little Burgh. Much to our delight the weather is now nice and cool, and we all wish that it may continue so during the harvest.

The farmers have fairly commenced harvesting their grain. The clatter of the harvester machines can be heard in every direction.

The corn crop so far looks excellent, and so does the potato crop. In fact all the root crops look splendid on account of the warm rainy weather we have had of late.

At last we've got a barber, and a good one too, which of itself is a great blessing, as our old razors had become fearfully dull.

Yesterday we were happy to see our friend Mr. Campbell out and off his bed of illness, and though looking very pale and much reduced, he hopes that in course of a few weeks he may regain his strength and health.

We are sorry to learn that our new neighbor and friend Mr. O. M. Orcutt, depot agent, intends to leave us. We can only say that during his stay here among us we have found him to be a gentleman in every respect, and wish him success wherever he may go.

Farmers say that the wheat crop does not quite come up to expectations, as the excessively hot weather the past few days, with the thermometer ranging from 90 to 107, in the shade, had a tendency to ripen it too fast, not giving it time to fill out.

Quite a tide of emigration is returning from their western claims to their eastern homes to harvest. The emigrants express themselves as highly delighted with their new western homes, and in many instances say that the western land is superior, as to quality of soil and pasturing advantages, to the east. "Let all go west."

A little squabble took place at one of our saloons the other day. An outsider stepped in and being in a state of lightheadedness he indulged a little too freely. Bad whiskey generated abusive language, and after a brief stay the fellow retired with a shanty over his eye. We would advice all such to wear the blue ribbon.

### PERSONAL.

—Fred. Kohne, of Sleepy Eye, came down Saturday and took in the fair.  
 —Cheap Charley, the poor man's friend, has just returned from Chicago with a new stock of goods.  
 —Among the commercial men in our city since last issue we noticed Mr. Schrader, of Milwaukee and Mr. Kellett, of St. Paul.  
 —J. M. Broome, editor of the Minnesota Beobachter, published in Mankato, came up with his lady Saturday evening to renew old acquaintance-ship. We understand that they succeeded admirably.
