

NEW ULM AND VICINITY.

4-Paw is coming.
Three car loads of Icelanders passed west last Thursday bound for Canby, where a large colony is being formed!

4-Paw, the greatest showman on the American continent, will be in New Ulm with his mammoth show September 5th.

Stars and stripes waved over Turner Hall last Sunday in honor of the one hundredth anniversary of the birthday of Jahm.

We trust that those who have kindly furnished items for the *Review*, will not forget to continue so doing during the absence of the editor.

The atmosphere last Saturday was very smoky, and it looked as if the Indian summer season had set in. The smoke was no doubt caused by burning wheat.

The *REVIEW*, always first in such matters, presents its readers this week with the statistical crop report of Brown county. The report presents official figures and facts and should receive a careful perusal.

Billy Erd is erecting a new shop upon the vacant piece of ground adjoining his present place of business. As soon as his new building is completed he will renovate his old one into a store room.

Dr. Yarnall is at the Dacota House to-day, and for this day only. Invalids had better call at once and see the doctor for we are positively informed that he will make only three or four more visits this year, and we intimate as much in our issue of last week.

Talbot & Rinke, of Sleepy Eye, speak to the people this week through the columns of the *Review*. This firm have just built themselves a large and commodious store, which is filled with goods from cellar to garret. Their stock is large, of a good quality, and embraces everything usually kept in a general store. Read their advertisement in another column, and then go and see for yourselves.

Fred. Beinhorn, the boy that shot Geo. Baar, an account of which we gave last week, had an examination before Justice Fischer last Wednesday, county attorney Webber appearing on behalf of the State and F. Baasen for defendant. Beinhorn was found guilty of manslaughter in the fourth degree, and was bound over until the November term of court.

The Centennial anniversary of the birth of Father Jan, the founder of the Turner organization, was celebrated at Turner hall on Sunday evening last. The programme consisted of gymnastic exercises by 70 or 80 boys, several selections by the new cornet band, an oration by Capt. Nix, and a tableau accompanied by music, vocal and instrumental. The whole was concluded by a *hop* which lasted until about 2 o'clock.

ART CRAIO. Mr. H. E. Wellcome, of Redwood Falls is in town and is about to start a class in art craio. Those wishing to learn the art would do well to call on him at the Dacota house and examine his work, and the work of his students. Mr. Wellcome will submit this art to anyone—over 7 years of age—entirely on its own merits. He guarantees to make the art of drawing and shading, portrait and landscape drawing, caricature &c., satisfactorily plain, in one or two lessons, or charges nothing for his instruction.

Oscar Hanft, special agent and adjuster of the Mutual Hail Ins. Co. of Wisconsin, who has just returned from the scene of the late hail storms in Nicollet and Renville counties, informs us that his company sustained losses in these two counties amounting to \$13,000.00, all of which have been satisfactorily adjusted. He says that the storm was most severe in the vicinity of Jos. Anton and Mr. Stadther in West Newton, the corn being cut down as with a mower, and the small grain which had not been cut was beaten into the ground as if done by sleep. The windows, sash and all, in Mr. Stadther's house were beaten in by the hailstones which were quite large.

PERSONAL.

The *Review*, was favored with a pleasant call from Ger. C. T. Brown, of St. Peter, last Saturday evening.

Geo. Kuhlmann and lady returned from Indiana last Thursday evening hale and hearty. The many friends of Mrs. Kuhlmann will be glad to learn that she returns greatly improved in health.

Jos. Bobleter left for Milwaukee and Chicago last Sunday evening, to make his fall purchases of toys, notions and fancy goods. He will be absent about fourteen days and will visit relatives and friends in Dubuque, Iowa, before his return. During his absence the *REVIEW* will be in charge of Tory Olesen.

Mrs. C. Pfender came up last week to spend a few days with relatives and friends in this city. This is Mrs. Pfender's first visit since removing to St. Paul. Her husband came up from the State Turnfest on Sunday morning's train, spending Sunday and Monday at this place.

COMING!
4-PAW'S
GRAND
Managerie, Museum, Hippodrome,
CIRCUS
AND
WONDER--WORLD EXPOSITION.

To be in New Ulm, Thurs. Sept. 5.

We are in receipt of a letter from R. S. Dingess, Agent and Gen'l director for Adam Forepaugh's great show, saying, "We shall be at your place on September 5th. Please announce it in your paper to that effect."

Having seen this combination of living wonders last year, and we understand that a great many new curiosities have been added this season, we can conscientiously, and without hesitation recommend this exhibition to our readers as the best on the American continent. It far surpasses Cole's, Barnum's or any other that has ever visited Minnesota, and requires a combination of eight tents in which to exhibit the great and rare collections of animals and curiosities. Among the many curiosities we may mention a sea horse, five large performing elephants, a baby elephant, and the "what is it." The latter is a large animal resembling an elephant, and was only a few months ago purchased by Mr. Forepaugh at a great expense. The circus is made up of a larger number of star performers than any on the road, and as the people of New Ulm and vicinity may never again have an opportunity of seeing this mammoth show, we hope to see it well patronized. For further particulars see *REVIEW* of next week.

We are under obligations to Mr. E. G. Pahl, a delegate from this place to the State Turnfest at Waseca, for memoranda of the proceedings of the Turners during their session at that place, commencing on Thursday last.

The first day, Thursday, was principally devoted to the reception and quatering of delegates and guests, representing the different Turner societies. Delegates were present from all societies in the State except Red Wing. New Ulm was represented by Messrs. E. G. Pahl and R. P. A. Nix as delegates, besides about twenty others, eleven of whom were ladies. The business of the society was commenced Friday, by the election of Col. Wm. Pfender of St. Paul, president, and E. G. Pahl, of New Ulm secretary. Standing committee for the transaction of different kinds of business were also appointed.

In addition to the business done on Friday a grand procession was formed, marching through the principal streets after which there was prize turning, the first and second prizes being won by Minneapolis boys. It was noticed that while the band which headed the procession, approached the office of J. E. Child, editor of the *Waseca Radical*, the music was hushed, but that the playing was resumed after the place was passed. This was probably done so as not to disturb the equilibrium of Mr. Child, who has been daubing some of the Turners of the State with rather severe epithets. The first days' doings were followed by a concert in the evening. On the second day there was prize turning for the younger boys, also a swimming race, the distance being 1 1/4 miles. Otto Seiter of this place won the second prize in the race. The evening was devoted to turning and a dramatical entertainment. Prize turning formed also a part of the programme on the third day, after which the distribution of prizes took place. In the evening a grand ball was held.

On account of the hard times, there was a smaller number present than on former occasions; but all who partook of the festivities expressed themselves well pleased, the best of harmony prevailing between the delegates and others. Delegates and guests from this place speak in glowing terms of the kind manner in which they were entertained by the citizens of Waseca. The headquarters of the society were removed from Minneapolis to New Ulm. A resolution was also passed that no Turnfest shall be held next year.

Hon. H. B. Strait paid New Ulm and Sleepy Eye a pleasant visit last Friday, renewing old acquaintances and making new ones. The Major is a jovial fellow and makes hosts of friends wherever he goes. He assures us that the prospect of his re-election is very flattering, all of which his many friends will be glad to hear. His untiring devotion to the interests of his constituents during his five years' service in Congress has won him the respect of the whole people; and by the uniform promptness with which he has attended to the wants of each individual constituent, without regard to his standing, locality, national or party affiliation, he has made an army of warm friends, who will use all honorable means to accomplish his re-election. He certainly has done all that any man in his position could have done, and the district will gain nothing, and may lose much, by electing Henry Pehler.

Agricultural Statistics of Brown County.

County auditor Constans has completed his compilation of agricultural statistics of Brown county, as returned by assessors.

The following table shows the total acreage for 1878 as compared with 1877, and the number of farms reported in 1878.

	1877 Total Acreage	1878 Total Acreage	No. Farms

Report for 1878 gives the number of cows at 5114, and 2093 sheep from which 8481 pounds of wool were sheared.

The whole number of acres of forest trees reported as planted and growing, with the exception of the town of Cottonwood, is 52 1/2%, of which Albin has 87 1/2%, Home, 8 1/2%, Stark, 92 1/2%, Eden, 76, Burnstown, 68, and Prairieville 40 1/2%.

Cottonwood is reported as having 2770 acres of forest trees planted and growing, which is undoubtedly an error.

The total number of rods of trees planted on highways in the county is 2568, of which Stark reports 960, Albin, 943, and Home 400.

600 pounds of maple sugar was made in the county and 65 1/2 gallons of maple syrup, all of which was made in Cottonwood, Eden, Home, and Milford.

There are 4673 apple trees reported as growing of which 955 are bearing.

The leading towns report the following:

	Apple trees	Growing	Bearing

Sleepy Eye Gleanings.

Another week of quiet and dullness has passed away, and our merchants are just that much nearer to a revival of business.

Geo. Bickelhaupt, our ex-sheriff has moved to this place.

Our people who went east on a visit have all returned. They report crops as being poor in all localities they have visited.

The Railroad Company have commenced grading for a round house and side tracks leading thereto. The new turn-table has arrived and will be placed in position in a few days.

We need more hotel accommodations, and an enterprising man could do well here by putting up a good hotel. As it is, a great many experience considerable difficulty in procuring boarding places.

We were favored with a pleasant call from Hon. H. B. Strait, and Jos. Bobleter last Friday. The Major speaks very highly of our town and prophesies for it a bright future. The Major has many warm friends in this vicinity who are always glad to meet him. While here he informed us that he would use his utmost efforts to secure the establishment of permanent daily mail.

Buenitz & Bendixen are enlarging their already large store. The rear wall has been torn out and an addition has been built, which will be exclusively for groceries and crockery, and the front part of the store will be devoted to clothing and dry goods.

L. Johnson, one of our carpenters met with a sad accident last Wednesday, at the McFohls. Another man was in the saloon when he went in but started out at the back door soon after he, Johnson, had entered. Johnson followed him, when he unfortunately made a misstep when going down the stairs, and broke one of his legs above the ankle. Dr. Wellcome set the injured limb together and the patient is getting along as well as could be expected.

If there is any good reason why people wanting harness should not purchase it of John Zieske, of Sleepy Eye, we do not know it. On the contrary we know of several good reasons why people should purchase not only their harnesses but anything else in that line of John. The principal reason of which is that John keeps not only the best of everything in his line, but he sells at the very lowest living profits, as a visit to his large and pleasant warehouse and an inquiry as to his prices will convince you. You will please bear in mind that anything that John sells you as of his own make he fully warrants, and the very fact of John making a set of harness or anything else is sufficient guarantee that it is all right. Now if you want anything in John's line you can call on him and you will be sure of civil treatment, and, better than that, you will be able to buy what you want of the very best and at a price so low that you will be sure to go back to him whenever you want a harness or anything else belonging to a horse, and, by the by, let us mention right here, John has a full assortment of all such things as you can possibly need in fitting up your team for fall work. John has probably also got the largest and finest stock of leather out of which to make anything you want, from a calf muzzle to as good a set of extra fine harness as you will find in this part of the State. We will say in conclusion, remember John.
