

NEW ULM AND VICINITY.

Prepare for the Brown County Fair. Pic-nic at Schuetzen Garden next Sunday.

See call for Independent county convention in another column.

A grand Harvest Home festival and ball will be held at Arbeiter Hall next Sunday evening.

A grand ball will be given in the Town Hall, at Burns Station, next Friday evening, Sept. 13th.

Remember that the pic-nic at the Schuetzen Garden next Sunday is for the benefit of the Lutheran church.

The daily mail service west of New Ulm has been re-established—we hope permanently—which is good news for the natives.

Pickpockets reaped a big harvest in St. Paul last week. Capt. Bogardus and several of our own citizens being among the victims.

Let every lady, farmer, mechanic and business man in the county bring something to exhibit at our County Fair and it will be a success.

The Review office has lately been moved to more roomy quarters, and we are now better prepared than ever to promptly execute all orders for job work.

The great Forepaugh show, which exhibited here last Thursday, was not very largely patronized. The more is the pity as the show is first class in all its branches.

If Mr. Forepaugh didn't have a very large turn-out here he had the honor of shaking hands with Miles Clark, of Fort Ridgely, which was some satisfaction.

Now that the State Fair, which was an immense success, is a thing of the past we hope our people will turn their attention to the coming Brown County Fair and make it a success also.

An exchange remarks: "The man who takes a county paper, just for the accommodation, because he has a high regard for the editor, is too frequently the man who forgets to pay for it."

Some of our citizens went to St. Paul and Minneapolis last week and got fleeced, while others did not go to that trouble, but remained at home and got fleeced by the "jewelry and butter knife man" with Forepaugh's circus.

The St. Paul Weekly Pioneer Press and the New Ulm Review are the two cheapest papers in the State. We have made arrangements whereby we are enabled to furnish both for the small sum of \$2.00 per year. Now is the time to subscribe.

Jas. Galfilian will lecture in the Court House Saturday and Sunday evenings Sept. 14th and 15th, at 7:30 o'clock, on the subject of "LABOR AND LEGISLATION."

Admission free to all. Ladies and Gentlemen are cordially invited.

CRAYON DRAWING.—Mr. Haggard gives eight hours instruction with the "Art Craio" drawing instrument and a complete outfit together with a large drawing completed at the first lesson for five dollars. Satisfaction guaranteed. Studio at Mrs. Smith's, on Center Street.

Since Forepaugh's circus was in town several of our citizens are the happy possessors of \$5.00 butter knives. Don't ask them where more can be obtained, they'd carve you up for your trouble, although the knives will hardly cut butter at noonday with the thermometer indicating 100° in the shade.

We understand that some idiot of Iberia is circulating the story that yellow fever had made its appearance in this city, and that several parties on their way here turned back on hearing the report. It is hardly necessary to say that the health of this city was never better.

That new diseases are constantly appearing which keep the doctors in a brown study is illustrated by the fact that in the lower end of town there is a man who is in danger of having his liver and stomach grow together, at least so says Dr. John B—n. The patient has since died.

It is with pleasure that we announce the re-election last Saturday evening of Chas. Wagner and Henry Keller as members of the Board of Education. They have made efficient members of the board, and the honor is well merited. The full proceedings of the meeting and the reports of the officers of the board will be found elsewhere.

We are informed that among the yellow fever victims who have died at Vicksburg, Miss., are Mr. Mathua and wife. It may be remembered that Mr. Mathua and wife were here about five years ago, and gave several dramatic exhibitions. Mr. Mathua also painted the landscape scenes in the Turner Hall basement.

Since the Herald man has commenced to gratuitously advertise our business new advertisements are pouring in very fast, the latest being that of George Jacobs, which may be found in another column on this page. Mr. Jacobs has just opened out a splendid stock of new goods, and although his store is not quite so large as some others his prices will correspond favorably with any of them. He proposes to sell at small profits, and for cash only.

ANNUAL SCHOOL MEETING.

The annual school meeting was held at Turner Hall, last Saturday evening, and was called to order by F. Burg, President of the Board of Education, who stated that the object of the meeting was to hear the reports of the clerk and treasurer of the board, and to elect two new members of the board, in place of Henry Keller and Chas. Wagner whose term of office had expired. Mr. Burg then stated that inasmuch as the last special meeting had resolved not to build a new school house but to repair the old one, he would state that the old one had been placed in good serviceable condition. He further stated that the health of the scholars had been unexceptionally good during the past year, and that the progress made by them was very satisfactory. He also said that he believed if the citizens would continue to take as much interest in our public schools in the future as they had done in the past the schools could be made still more efficient, and that the board would do their utmost to accomplish the desired result.

Mr. Wagner, clerk of the board, then read the treasurer's report, which was received and accepted.

TREASURER'S ANNUAL REPORT.

Total	\$6129.97

Respectfully,
P. SCHERRER,
Dist. Treas.

Mr. Wagner then read his report, which was also adopted.

ANNUAL REPORT OF THE CLERK ON THE CONDITION OF THE SCHOOLS.

Number of Scholars enrolled, 456. I. class 53, II. 53, III 48, IV. 70, V. 76, North Primary 82, South Primary 73. Average daily attendance 317, or 70 per cent. I. class 39, II. 38, III 36, IV. 50, V. 55. North Primary 50, South Primary 42. Number of scholars attending 200 days or more, 218. Number of scholars attending full term, four, as follows:

II. class, Emil Wischerski, Ida Beinhorn, North Primary, John Stock, A. Behnke.

Number of days lost by all scholars 29,456. Total attendance in day by all scholars 68,980.

The following is the report of the evening school:

Number of scholars enrolled 64
Average attendance 51½ per cent. 33
Number of days of school 48
Total attendance in days by all scholars 1541

After the re-organization of the District the Board of Education organized by electing Mr. F. Burg as President, Peter Scherer, Treasurer, and Charles Wagner Clerk.

Messrs. B. F. Webber, Geo. Kuhlman and Rev. Geo. Reim were appointed examiners and the old corps of teachers was re-engaged for the current year.

The so called State text books have been adopted by the Board of Education and 265 books have been sold to the scholars at the original cost price, the district paying freight.

The receipts from the one mill tax and state apportionment being \$400 less than last year the board was compelled to borrow money to pay current expenses. This will explain the item of \$49.00 interest appearing in the report of the treasurer.

CHARLES WAGNER, Clerk.

Upon the adoption of the report of the clerk the president appointed H. Rudolphi and Wm. Koch tellers, and the meeting proceeded to the election of two new members of the board, with the following result:

Chas. Wagner 40
Henry Keller 38
August Westphal 14
Wm. F. Baarsch 14

Messrs. Wagner and Keller were thereupon declared duly elected.

Upon the suggestion of Mr. Wagner a committee of three, which consists of Aug. Westphal, B. F. Webber and M. Redmann, were appointed to act in conjunction with the board to examine and destroy old papers of the district. Thereupon the meeting adjourned.

The Harvest Home Festival which was to be held at the New Ulm House, in Milford, last Sunday has been postponed until next Sunday.

IMPORTANT APPOINTMENT.—John Pfefferle has just been appointed agt. for the sale of "Woodward's Sulphur-medicated nest eggs." John says that when setting your hens one of these eggs should invariably be placed in the nest.

Mr. Reifsteck, in the last issue of the Herald, does not picture us out a bright future when he says that with the change of the Administration we will be summarily kicked out of office. But a weakly mush room has no reason to complain as even "the sturdy old oak" will go by the board about the same time.

The Republicans of Redwood county have nominated Alfred Wallin for Judge of Probate, E. O. Chapman for Court Commissioner, F. V. Hotchkiss for Co. Com. from the 4th dist. and Archibald Steward from the 5th dist. Mr. Wallin has since declined the nomination of Judge of Probate. The Gazette is also informed that Mr. Chapman will decline to be a candidate for the office of Court Commissioner.

The board of County Commissioners of Renville county met last Wednesday and considered the case of E. Ericson, the suspended County Auditor. The board appointed P. Kirwan to take charge of the office pending the investigation of the official conduct of Mr. Ericson. The Redwood Gazette says that the members of the board are all of the opinion that there is nothing criminal in any of Ericson's official acts. A. Wallen Esq. is counsel for Mr. Ericson.

The store of H. Behnke & Bro. was a scene of bustle and activity yesterday, it was the grand opening day of a large stock of fall and winter goods. Their store is completely filled from top to bottom with new goods, comprising a large assortment of carpets ranging in price from 25 cents to \$1.35 per yard, cashmeres from 35 cents to \$1.25; also a full line of women's wool hosiery and yarns. See their announcement in another column.

PERSONAL.

—Miss Therese Westphal will start east next Sunday to buy her fall stock of millinery and fancy goods.

—Among the crowd that came down last week to see the elephant we noticed Horatio Werring and lady of Golden Gate, Dr. Knapp and family and Miles Clark, of Fort Ridgely and Dr. Wellcome and lady, of Sleepy Eye.

—M. H. Gamble, of Springfield, was in town yesterday, and made us a pleasant call. We learn from Mr. Gamble that Messrs. Hemmingrey, Hooper and others have commenced to sink a shaft at the Burns coal mines, and are determined to settle the fact for once and all whether coal can be found in paying quantities or not.

—James McKittrick and lady, of Granite Falls, came down last week bound for the State Fair, but when they reached New Ulm Mrs. McKittrick concluded to visit here and James proceeded to the State Fair alone. We are glad to learn that James is building up a good trade at Granite, as he is a jolly good fellow and deserves it all. Come again.

NEW ULM, SEPT. 5th, 1878.

ED. REVIEW:—In your yesterday's issue there appears an article from the Sleepy Eye correspondent, calculated to do an injury to Dr. T. M. Marcellus, of Sleepy Eye. Once and for all let me here state, that I did not have the honor to reduce the fracture of Johnson's leg, in any way, shape, form or manner, and neither did I turn the case over to him, for it was his from the commencement. I was simply called in to see the leg, and found it in good shape and well dressed. Dr. C. Berry.

Golden Gate Correspondence.

GOLDEN GATE, SEPT. 9th, 1878.

Editor Review: Please tally one for this place. It weighs 12½ lbs. Arch Coon will give you the particulars.

Is it not about time that our cemetery fence was built? It looks bad for a civilized community. There are some fine tomb stones on the ground, and if a few cattle should happen that way it is hard to tell the amount of damage that they might do.

One day last week one of our farmers had to go to Sleepy Eye to get a clevis mended, and thereby lost a day's plowing. Here is the place for a good blacksmith to make money! We need one urgently.

Most of our learned ones were over to Sleepy Eye last week to the Institute. We hope they may all get certificates this winter, and a school also, but we have our doubts.

Mr. Heimerdinger has an able corps of mill-wrights at work on his mill putting in all of the modern improvements, whereby he will be able to make the best flour in the State. He is however doing farmers work all the time.

I hear the question repeatedly asked "What's the matter with the Herald?" I answer it has taken too many "mush-rooms." Our postmaster says that there are only about one-third as many Herolds taken at his office as there are REVIEWS. "We want the REVIEW," is the cry of all, and as long as it is as good a paper as it now is the Herald man had better save his wind, for he may need it yet. Wind is a good thing when a man has to run.

ONE OF THE BOYS.

AN UNDENIABLE TRUTH.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you,—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual costiveness, dizziness of the head, nervous prostration, low spirits, &c. Its sale now reach every town on the Western Continent and not a Druggist but will tell you of its wonderful cures. You can buy a Sample Bottle for 10 cents. Three doses will relieve you. For sale by Jos. Bobleter.

Reasons Why Farmers Should Buy The First and Brady Plow.

They turn the stuble under better than any other plow made, they never fail to scour where all others fail in wet ground.

Chas. Porter says he planted 125 acres without sharpening the share. The stuble covered so well that he could not count the furrows.

John Rotering Esq. of Cottonwood says its the best plow to clean and turn under stuble that he has ever seen.

You can always get a new share when the old one wears out. They are now sold as cheap as you can buy the common plows. Do not fail to get one, they are the best plows in the world.
