

NEW ULM AND VICINITY.

Prairie chicken season is about over. Wheat tickets printed at the REVIEW office.

Kiesling, Keller & Co. are in receipt of a large stock of dry goods.

Go and see the grand opening of millinery goods at Miss Westphal's next week.

Let everybody come to the fair Saturday and Sunday, and bring along something to exhibit.

The County Fair begins next Saturday forenoon, and from all we can hear the display will be quite large.

This section was visited by several very heavy frosts last week, but the corn crop, which this year is immense, had already got beyond its reach.

Mrs. Berry was suddenly taken sick last Monday afternoon with inflammation of the bowels, but we are glad to announce that she is slowly recovering.

Geo. H. Welch, of Alta Vista, has been appointed postmaster at that place. Mr. Welch lives close to the railroad and the office will now be regularly supplied by the route agents.

English alpaca 20 cents a yard at H. BEHNKE & BRO.

We are informed that the citizens of Granite Falls had quite a brush with the construction force of the Hastings & Dakota railroad last week, in which the railroaders were worsted.

Our wheat buyers say that the wheat now brought in is of a very poor quality nearly all grading No. 4. The price paid ranges from 30 to 75 cents for new and 80 cts. for old wheat.

Mr. L. Schilling, at the Shuetzen Garden, is making grand preparations for his Harvest Home Festival, which will be held Sunday Sept. 29th. See announcement in another column.

Every one of our merchants should make an exhibit at the coming fair. By so doing they not only lend a helping hand to make the fair a success but they at the same time advertise their business.

Grading on Centre street between Minn. street and the railroad track has commenced. When the grading is completed we hope the council will also have a side-walk put down as far as the depot.

The cool weather the last few days has set people to thinking about putting up their stoves, and the time for the dutiful husband to absent himself from home until that stove pipe is in position has arrived.

J. B. Russell, depot agent at this place, is the boss fisherman in town. He caught 20 large fine bass at the mouth of the Cottonwood river last Friday afternoon. This is the highest number caught by any party in so short a time, this season. Award him a pasteboard medal.

3 yards good cotton flannel for 25 cts. at H. BEHNKE & BRO.

FATAL ACCIDENT—We are informed that Adam Sellner, an old resident of town Sigel, was kicked by a horse on his left side last Wednesday evening, from the effects of which he died the following Thursday. Dr. Muller attended the patient, but nothing could be done to save his life.

Quite a number of our citizens attended the Harvest Home Festival at the New Ulm House, in Milford, last Sunday. Although the number in attendance was not as large as was expected those present were agreeably entertained by mine host Henle and his estimable wife.

We are informed that L. Fuller, of this city, is about to put in a splendid stock of general merchandise at Lambert. Mr. Fuller is a thorough business man and the people of Lambert will receive a valuable acquisition to their enterprising little town.

Mr. Lauterbach who was last week hastily summoned to the sick bed of his daughter, Mrs. Baily, at Minneapolis, writes that she is not expected to live but a few days. She has never recovered from the fearful ordeal she went through early in the spring.

The picnic of the Lutheran congregation last Sunday afternoon at the Schuetzen Garden was a very pleasant affair, and netted very handsomely for the congregation. The ladies had contributed about 50 beautiful and unique presents which were distributed to the lucky ticket holders.

Miss Therese Westphal, who is now in Chicago making her fall purchases, will open next week the largest stock of millinery and fancy goods ever brought to this city. The assortment will embrace all the latest styles of everything in the millinery line, and will be sold at a small percentage above cost.

The cheapest and best made up clothing at BEHNKE & BRO.

Our business men are bound to see what virtue there is in printer's ink, and have commenced to communicate with the public through the columns of the REVIEW in earnest. Cheap Charley comes out this week with a new advertisement setting forth the reasons why his store is the proper place to buy your clothing. H. Behnke & Bro. and Kiesling Keller & Co. have also something new to say this week.

The members of the executive committee of the Brown County Agricultural Society are as busy as beavers getting ready for the coming fair, and we are happy to state that their efforts are meeting with good success. The number of entries are already quite large and it is safe to say that the exhibit will be the best that has ever been made. All articles for exhibition should be delivered to the committee before 9 o'clock Saturday morning, as all that are brought in after that hour will be excluded for the competition of premiums. Sunday afternoon H. Behnke will make the address at the conclusion of which the premiums will be awarded. Sunday evening a dramatic entertainment and hop will be given at Turner Hall for the benefit of the association.

Mr. Gilfillan lectured at Turner Hall, Saturday and Sunday evenings on the subject of "Labor and Legislation." On Saturday evening there were between twenty and thirty persons present, nearly all of whom seemed to give the closest attention to the lecturer. Having heard several of those who have listened to Mr. Gilfillan on former occasions, speak of him in glowing terms as a lecturer, we expected to listen to some plain and convincing arguments in favor of greenbacks; but our limited faculties failed to see any clearness in the so-called proofs which the speaker claimed to make. He said the contraction of the currency and the resumption of specie payment is the cause of the hard times in this country, that this has caused the closing of so many of the large factories, thereby turning thousands of workmen out of employment, that they were then compelled to go out in search of employment, and that these are the persons styled "tramps." He failed, however, to state why so many of those innocent "tramps" refuse to work while on their wanderings, although fair wages is offered them.

We expected to hear the speaker mention some of the greenbacker's plans calculated to remedy the existing evils, but this he failed to do.

We believe that there is not a party, or faction of a party, in the whole United States that has a better store of names than the Democratic party of Brown county. They come before the people every fall under a different name. In 1874 they made the issue as the "Farmer's Laborer's Anti Monopoly Party." In 1875 it was "All those opposed to the Republican Party." In 1876 they styled themselves "The Democratic and Liberal Republican Party." In 1877 they made it short and called it "The Independents." In 1878, two weeks ago, they called a straight out and out Democratic convention, while now they are out with a call for a county convention as "The Independent Party." The same man, with but little variation, always issues the call as "Chairman of the Co. Com.," the same men attend the primaries, the same men are always sent up to the county conventions, and the name is only changed from year to year so as to catch the largest number of independent voters. We do not wish to convey by the foregoing that we have a word of complaint to make, for, on the contrary, we think the names are all pretty and high sounding, and some of them have answered their purpose quite well, but merely mention the matter to illustrate that our Democratic friends think that there is a good deal in a name, or at least in many of them.

GOOD CIVIL SERVICE APPOINTMENT—It is with pleasure that we announce the appointment of Julius Kirschstein as route agent between Elroy and New Ulm. The permanent establishment of daily mail service west of New Ulm has necessitated the appointment of an additional agent, and Maj. Strait has done himself great credit and secured the postal service an efficient servant by this appointment, which is considered one of the best that has ever been made for the postal service from this district. Mr. Kirschstein has been in our post office in the capacity of Asst. Postmaster ever since we took charge of the office, some five years two and a half months, during which time he has not missed a single day. His obliging and accommodating manner has won him a host of friends, all of whom will be glad to hear of his good fortune. He received his papers last Friday and went on the road Monday morning.

If some of the country postmasters adjacent to New Ulm would study up the law a little on what constitutes mailable matter, and not allow everything to go into the mails, they would save our postmaster and themselves a great deal of trouble. All communications that contain any writing whatever, no matter whether the envelope is closed or not, are subject to regular letter postage. By a recent ruling samples of flour are also prohibited from passing through the mails. Last week some one forwarded in the mail, as far as this place, a green, stinking, jack rabbit skin; and if this thing of forwarding unmailable matter, and letters insufficiently stamped, is not discontinued our postmaster says he will be compelled to report negligent officers of the service to headquarters.

Death of an old Settler.

Death has called from our midst another old settler. Henry Haamann, of town Cottonwood, died last Sunday evening, Sept. 15th, of typhus fever, after about four weeks illness. Mr. Haamann was one of our oldest settlers, having located in Brown county in 1856. We are also informed that his whole family, consisting of wife and five children, is doing with the fever.

How is this?—Our Burnstown correspondent says: "We must get more REVIEWS in this place. We receive just about half enough to supply the demand." We send all the copies subscribed for and are quite prepared and willing to send any number desired, only let those wanting ones apprise us of their wants by sending in their subscription accompanied by one dollar, which secures them the REVIEW for a year.

We hear of a bloody tragedy that occurred at Lake Kampeska, last Saturday. Two men named Owens and Balls, who it appears had some old grudge between themselves, met and a quarrel ensued. Mr. Owens, who was armed with a shot gun, finally started to run and was followed by Balls who also was armed, but with a small revolver. After running a distance Owens turned and fired both charges of the shot gun at Balls, but without effect, and then continued to run. In the chase they came across a brother of Balls who was out goose hunting, and when Balls came up to him he snatched his gun, which was loaded with buck-shot, and fired both charges at Owens, killing him instantly.

GOLDEN GATE GLEANINGS.

BY ONE OF THE BOYS.

That blacksmith has not arrived yet, but we are looking for him every day. There have been a great many cases of cholera morbus around here since water melon season has commenced.

We see that the Herald man has pulled stakes and run to his native heathen. That is the place for him, we need no heathens here.

Mr. August Shotts, one of our villagers, is suffering with a felon. He had it lanced a few days ago and is now as well as could be expected.

Mr. Clarence Brown who had his arm hurt in the horse power of a threshing machine last week is able to be out again, although it will be some time before his arm will be of any use to him.

In the town of Eden they closed their school meeting with a knock down. An investigating committee was appointed who find that the treasurer's liabilities are \$85.00, and no assets except a bondsman. Come Barney, I guess you might as well pay that little \$85.00. There is some honor in being a bondsman.

And still they come! This time it is Mr. James Reeve, from London, who is busy fitting up a shoe shop. Not merely a cobbler's shop, but a regular factory. Mr. Reeve proposes to put in a force of efficient workmen and manufacture boots and shoes for the trade. Who would have thought that this place would ever be ranked as a manufacturing town?

Burnstown Items.

The colliers are progressing downward very favorably and calling for more help.

We must get more REVIEWS in this place. We receive just about half enough to supply the demand.

On entering the post office the other day we found Cheap Charley's pretty picture strewn very copiously over the post office floor.

Trade is improving with us. Gley & Whyte are receiving a large lot of clothing. M. H. Gamble's store is crowded every time we look in.

John Roth is building a new store. We give John credit for his enterprising turn of mind.

Thanks to Major Strait, the Post Office Department and the Railroad Co. for again having us supplied with a daily mail—May it only continue.

ACCIDENT—While our F. C. Gley last week was engaged in compounding some medicine the mixture exploded and flew into his face, considerably burning him. Fred will be all right again in a few days.

A party of Chicago sportsmen made us a pleasant call last week, but bad luck to them, they slaughtered all our chickens.

The sudden change in the weather last week from the excessive heat to cold raw winds is a little too sudden to be comfortable, and everybody is beginning to hunt their flannels.

Sleepy Eye is talking of going dry on Sundays. We hope the village council will have backbone enough to carry out their determination to close up saloons on the Lord's day, and that other places would follow suit.

PERSONAL.

State Treasurer Pfander is spending a few days in town.

Mrs. August Schmidt, of St. Louis, who has visited here the last two months, departed for home yesterday.

Last Sunday we had the pleasure of making the acquaintance of H. Miller, of the Owatonna Post. We are glad to hear that the Post is prospering.

John Hoffmann, who has spent nearly two years in Montana, returned home last Thursday evening, looking none the worse for his sojourn among the mountains. Mr. H. reports that the balance of our boys are getting along finely. Dame Rumor says that there was a wedding in town soon after his arrival.

LIVER IS KING.

The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are its natural result. The digestion of food, the movement of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Greens August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition to the Liver and Stomach. Sample bottles to try 10 cents. Positively sold in all towns of the Western Continent. Three doses will prove that it is just what you want. For sale by Jos. Bobleter.

Every family should keep in their house some preparation for accidents and acute diseases, such as Neuralgia, Headache, Toothache, Diphtheria, Sore Throat, Burns, Scalds, Sprains, Cuts, Bruises, also Colic, Pains, Inflammation in the Bowels. These are painful and need immediate treatment. Much pain, large doctor bills, and even life may be saved, by having something ready for use. Go to your druggist and get a bottle of Bixby's Death to Pain. Ub for the above, and everything it is recommended for, and if it fails to give relief, your money will be refunded. It is used internally and externally. Don't hesitate to use a remedy endorsed by physicians, and which the proprietor takes all the risk. For sale by all Druggists. Try it for yourself. Jos. Bobleter keeps it in New Ulm. Also by the proprietor, L. Bixby, Owatonna, Minn., who will supply the trade.
