

## NEW ULM AND VICINITY.

Next Sunday is Easter Sunday.

Hon. C. B. Tyler has been reappointed register of the U. S. land office at Tracy.

Another invoice of wall paper has just been received by Jos. Bobleter.

A slight fall of snow last Sunday and Monday reminded our people that it is still winter.

The new city council will meet for the transaction of business next Tuesday evening.

The Chicago, St. Paul, Minneapolis and Omaha road was opened through to Sioux City last Thursday.

A full set of teeth at Dr. Foster's dental office on celluloid for \$3, that other dentists are charging \$12 for.

The roads in the country are now almost impassable and the city in consequence presents a very quiet appearance.

The no-license party in Madelia carried the day at the village election on the 4th inst. by 12 majority, but the Times fears that liquor will be sold on the 5th.

The Glencoe Enterprise says that a large number of farmers in that section are purchasing large quantities of salt to spread on their broad acres this season.

Large bottles, good medicine, is the reputation of Dr. Marshall's Lung Syrup. It cures coughs and cold quickly. The price is only twenty-five and fifty cents a bottle.

The Wascon Herald states that there are still seventy-five car loads of freight at that place designed for points west of Sleepy Eye, waiting for the snow blockade to be raised.

To REST AND FOR SALE.—Several good farms to rent, and farm lands, both wild and improved, for sale. Apply to J. Newhart, New Ulm, Minn April 13-81

According to the records kept at Fort Snelling, the snow fall this winter has been four times as great as for the previous nine years, and nine times the average of nineteen years.

"Standing on the platform, waiting for the cars," one vintage night, was how he caught a weary child. One bottle of Dr. Marshall's Lung Syrup cured him.

We believe that Otto Lohman, of Lafayette, carries off the persimmons as the earliest seedman in this neighborhood, as we are informed that he commenced sowing wheat last Friday and has since put in about twenty acres.

A new militia company has just been organized at Morehead, which, with the Allen Light Guards recently organized in St. Paul, makes the eighth in the State. Only two more infantry companies can be organized under the new law.

The Fairmont Sentinel tells the story of a Martin county hog that fasted 45 days. The hog was snowed under on the 3d day of last February. The hog was found by a boy the other day and liberated, and was alive and doing well.

[Des Moines Iowa State Register.] We notice the following in an exchange: Mr. G. B. Haver, Foreman N. Y. & N. H. S. B. Co., suffered for eight days with terrible pain in the back, almost to distraction, until he heard of and used St. Jacobs Oil, one bottle of which cured him completely.

The mammoth advertisement of Cheap Charley in this issue is the largest mercantile ad, that has ever appeared in the columns of the Review, and it has necessitated the sending out of a supplement in which many items of interest may be found.

Judge Cox who was in the city yesterday informed us that he has instructed our Clerk of the Court not to call a grand jury for the May term of court, there being no criminal business to come before it, which speaks volumes for the morality of our country.

Some idea of the strength of the recent snow blockade along the Sioux City and St. Paul road may be gathered from the fact that one drift, between Hoppers and Sheldon, was 8 miles long and fifteen feet deep. The mass was so compact that it had to be removed in large blocks like ice.

The hum of the threshing machine can again be heard in the land; but do not parties make a mistake who are now getting their grain threshed? Some farmers claim that the grain which remained in stack during the winter is very wet and not fit to be threshed just yet.

The editor of the Tracy Gazette, who knows whereof he speaks, has a good word to say for one of our leading hotels, as follows:

"The Merchant's Hotel at New Ulm, kept by Charles Brust, is daily increasing its patronage which it so richly deserves. There is always an abundance on the tables and good beds to repose in."

The attention of farmers is called to the notice of Col. Pfander, secretary of the New Ulm Sugar Works, which appears in another column. As the Company, as now organized, is in a position to fill its contracts to the letter, farmers will run no risk from that source in planting their broad acres to sugar cane.

The shovel brigade on the Minn. Valley railroad reached Redwood Falls last Friday evening, and trains are now running regularly to that point again. On the main line the shovellers have got to a point about six miles beyond Springfield, and those working east from Marshall expect to get to Tracy

sometime to-day. The road will probably be opened to Marshall by Saturday or Sunday.

We are out of print paper and flour. Darned inconvenient to print on wrapping paper, and grind wheat in the coffee mill.—Lake Benton News.

Pretty tough, brother, but as we notice in the same issue from which the above was clipped that C. M. Morse had started with five teams several days before Sleepy Eye, for merchandise, we hope you will not be compelled to do so some more.

Cheap Charley has a few words to say to our readers this week, and none should lay the paper aside without first perusing the mammoth ad, which appears on the second page. Every word said is meant, and people can rest assured that although cheap, the goods offered are not shoddy. Give him a call and convince yourselves of the truth of the above.

The letter recently written by John P. Haubris in the St. Peter jail and which we published last week, now holds good. Haubris and another prisoner named Alonzo Parsons have made their escape and we understand that Sheriff Downes has done just exactly what Haubris in his letter suggested, namely—to offer a reward for his apprehension. The joke is now on the Sheriff.

The attention of our readers is called to the new advertisement of Haberle & Seiter which appears elsewhere in this issue of the REVIEW. The young gentlemen composing this new firm are practical tinsmiths and it can be taken for granted that all work turned out by them will be first-class. They have facilities for doing all kinds of tin and sheet iron work, and are prepared to take contracts for roofing buildings. Give the boys a start.

Seth H. Kenney of Rice county, who has devoted much time and study to the amber cane sugar problem, says that the outlook for this season is very good. Capitalists from Chicago are considering the feasibility of converting a large glucose manufactory at Burlington, Iowa, into an amber cane refining establishment, Messrs. Kenney and C. M. Schwartz have been invited to examine the country in that vicinity, and report upon its adaptation for cane growing.

We notice by the Gazette that Robt. Watson has been ousted from the Redwood post office. Was it because he made several trips to Sleepy Eye with a hand sled, and displayed such commendable pluck in endeavoring to keep his patrons supplied with mail, during the last winter? We understand that a large majority of the people receiving mail at the office were satisfied with Mr. Watson, and desired him to be continued.

The Dr. Bosanko Medicine Co., Fiquito, O.—Gentlemen—I have been afflicted with rheumatism for more than four years. I have employed physicians, and used several kinds of patent medicines with no permanent relief. Finally I was induced to make a trial of your Rheumatic Cure, and I am happy to say that I can pronounce myself cured after using but one bottle. Relief experienced after the first two or three applications. Yours truly, Elliot Miller, Bookseller and Stationer.

THE PUBLISHER OF THE LAKE BENTON TIMES makes the following plea to its business men, which also holds good with us: "We are prepared to do first-class job work for the spring trade. Our business men will need letter heads, note heads, bill heads, statements, envelopes, business cards, postal cards, circulars, etc. All these we are prepared to print in first-class shape at reasonable prices. Remember that it is always to your interest to support home institutions, especially when they can give as good work as can be done anywhere, and you can see to it yourself, and know the work will be done in the form you desire to have it."

The County Commissioners of Lyon county have a queer way of doing business. They advertised for bids for the county printing, to which the Marshall Messenger and Lyon County News responded. The former offered to print per description, and other legal advertising at 10 cents per folio; the latter's bid was eleven cents, and a fraction, per description for the tax list, and six and a half cents per folio for other legal advertising. The board with remarkable promptitude designated the News as the official paper of the county. The tax payers of Lyon county must appreciate their county board.

The Lambertson Commercial is a authority for the statement that on Monday afternoon, the 4th instant, a party of men made a raid on the P. Creek railroad bridge between the and Walnut Grove, carrying off a steel beam six feet long and 4 inches square on the end, and a chopping into some ties on the top of the bridge. The bridge is greatly weakened by the removal of the beams. The theft is unpardonable for the fact that the other fuel was exhausted. It is said that there is plenty of snow fences near the bridge which they might have had by digging them out. One of the raiders wore a veil to conceal his face.

Given up by the Doctors.

"Is it possible that Mr. Godfrey is up at work, and cured by so simple a remedy?"

"I assure you it is true that he is entirely cured, and with nothing but Hop Bitters; and only ten days ago his doctors gave him up and said he must die!"

"Well—day! That is remarkable! I will go this day and get some for my poor George—I know hops are good."

## A Card of Thanks.

Resolved, That the thanks of this Company are due and hereby tendered to Hon. John C. Zieske, member of the House of Representatives of the Minnesota Legislature from this county, for a beautiful picture of the Governor, Lieut. Governor and members of both branches of the Minnesota Legislature.

Resolved, That the secretary is hereby instructed to forward a duly certified copy of these resolutions to Hon. John C. Zieske, and also cause the same to be published in the New Ulm Review. Samuel Baumgartner, Secretary. New Ulm, Minn., April 5th, 1881.

It is stated that 14,000 car-loads of railroad ties, fence posts and telegraph poles have been got out during the winter on the line of the Chicago and Northwestern road on the Michigan peninsula. This is independent of the immense amount of the same material which has been taken out during the winter for the same road at the different points between Ft. Howard and Marinette. This immense amount of material is for the company's roads in Minnesota and Dakota and will be taken over the Green Bay and Minnesota railroad as far as Winona, and thence over the Winona & St. Peter road.

President Garfield last Wednesday appointed John Lind of this city to the receivership of the Tracy land office, and he now only awaits confirmation by the Senate before entering upon the duties of his office. Mr. Lind is an attorney by profession, and although yet quite young he has already built up a business of his own older man in the profession might feel proud. Hon. C. C. Goodnow, whom Mr. Lind succeeds, was first reappointed by the President but we presume that Dummel made such a racket about it that Goodnow's name was withdrawn and Lind's sent in instead. We are pained to lose Mr. Lind and hope that when he relinquishes official life he will again take up his abode in our midst.

We are informed that the city council last Friday evening by a vote of 3 to 2 decided to raise the city liquor license from \$25 to \$50, and also to limit the number of stores and saloons to which licenses shall be issued, to thirty. It was also the expressed desire of Messrs. Boock, Pfefferle and Scherer, the three who voted for the above resolutions, to so word the new ordinances that if a person now licensed disposes of his business to another, the council shall be powerless to grant a license to his successor to continue the business. If it is the desire of the above worthy gentlemen to gradually wipe out all the saloons, and abolish the sale of liquor from stores, the course proposed is the right one, but we have our doubts whether a majority of our people desire such wholesale reforms. Such questions at this time should have been left to the new council to decide, and if it is in conflict with the wishes of the majority of the members thereof we hope they will have the backbone to rescind this last piece of spite work of the outgoing council.

PERSONAL.

—Hon. S. D. Peterson visited St. Paul and Minneapolis last Thursday, returning home on Sunday morning.

—John Lind, the newly appointed Receiver of the Tracy land office, is rusticated in St. Paul this week.

—Sam H. Coon, of the Cattaraugus Republican, published at Salamanca, New York, passed last Sabbath in our city. Dr. Coon intended to visit Watertown, N. Y., before his return to New York, but the snow storm of Sunday changed his mind and he took up his homeward trip from this place on Monday morning.

SIGEL ITEMS.

Co. Supt. D. G. Clary, our champion on walker, gave us a pleasant call while on his rambling visiting schools.

Hon. C. C. Brandt will soon be around insuring, and he has only reliable companies. Those wishing to insure will do well to patronize him.

We noticed while passing through Scanton that a very commodious residence is being erected in its suburb, the heart of the city seems rather dull, the streets being all obstructed by high snowbanks.

Your correspondent attempted to go to Iberia on horseback, but after going several miles was obliged to leave the horse and tramp the rest of the way. While trying to bring down the snow with a pair of 15s he was brought down in the snow up to his waist several times. The snow is over two feet deep on the level near Iberia.

The former offered to print per description, and other legal advertising at 10 cents per folio; the latter's bid was eleven cents, and a fraction, per description for the tax list, and six and a half cents per folio for other legal advertising. By our Correspondent Rustad.

It is rumored that our city dads intend to raise the liquor license to \$200.

For a nice and clean shave go to A. Sandell's on Main St., opposite Keegan & Keegan.

Mr. Senerbox, our jeweler, has a very fine stock of watches and clocks. Give him a call.

Eggs are now selling at ten cts. per dozen, and the market is beautifully supplied.

Dr. How has gone to New York on a visit to his family, which will accompany him on his return.

Mrs. T. M. Marcellus is visiting with friends in Northfield until the doctor's return from Chicago.

Matt Offerman, of Fairbault, is contemplating opening up a sample room in T. H. Mitchell's building.

P. Majewski and John Zieske made a flying trip to New Ulm last Friday. Both returned right side up with care.

Our schools are again closed, but this time not on account of scarcity of fuel, but merely to give the scholars a vacation.

Our town is crowded with westward bound strangers waiting for the opening of the road. All are being well taken care of.

Theo. Mullermeister has secured Graff's new building north of the depot, which, we are informed, he intends to open a book and periodical store.

DIED.—Joseph, son of Mr. & Mrs. Buchner, living one and a half miles south of Iberia at the age of five years. The family has the sympathy of their many friends.

Talbot & Rinke are daily receiving new spring and summer goods. The gentlemen composing this firm intend to keep up with the times, and don't you forget it.

A car load of Hollanders arrived last week and are being cared for while here by Fathers Sandmeyer and Hanley, the latter of Minnesota, to which place the emigrants are bound.

Peter Bendixen has just returned from Chicago where he made a large purchase of spring and summer goods. Bendixen evidently means business, and his store will be filled from top to bottom with the goods arrive.

There is considerable talk of the new contemplated hotel to be built on the corner of 5th and Oak streets, Murfin Bros. former stand. The location is the best in the city and a good hotel there located would be a bonanza to its proprietors.

Hon. S. D. Peterson has bought and taken possession of the machinery warehouse formerly occupied by Coulthard and Huntsman. Peterson's agents, Duncan & Huntsman, will hereafter supply the wants of the farmers in the machinery line.

The funeral of William Zieske last Wednesday was largely attended. The funeral services were held at the Evangelical church, the Rev. B. Simon officiating. The bereaved family tender their thanks to their many friends who aided them during the sickness of their husband and father.

DAKOTA CORRESPONDENCE.

Huron, D. T., March 27th, '81.

Editor Review:

I was pleased yesterday to get a lot of New Ulm Reviews; they don't come very regularly but I am always glad to get them even if they are a little old. The news is always acceptable and fresh. Our mail sometimes comes by way of Sioux City and from Yankton by stage. Frank Peterson arrived here from St. Paul on the 25th inst., with one of Anton Brey's teams and a load of passengers, and he will take this to the Review office.

I have not time to write much but I will say enough to express my gratitude to the Review for the fine and groundless rumors that have been circulating in the St. Paul papers concerning the suffering and destitution prevailing along this line of railroad. We have had an abundance of everything necessary for the comforts of life. The R. R. Co. had 1200 tons of coal here, and they have been selling it to the people for 83 cents a ton. There are also two hundred tons of split pine and provisions are selling at the same prices that they were last winter.

Frank Vandusen, a son of Geo. W., laid in a stock of oats and flour sufficient to last him May. New Ulm flour is selling at \$3.25 per sack. Superintendent Nichols has done everything in his power to render assistance to the less fortunate towns along the line of road, and he is getting in mail on snow-shoes and sleds. For the last three weeks we have had a week's mail from Tracy and the East, whereas taking the place of a locomotive. Sometimes it takes a day or two to get mail, and sometimes it takes a week to get mail. I have had a family of 25 persons to feed all winter, and I have had no difficulty in procuring plenty of everything for the family. While trying to bring down the snow with a pair of 15s he was brought down in the snow up to his waist several times. The snow is over two feet deep on the level near Iberia.

THE OFFICERS OF THE CUSTOM HOUSE at London have been warned that an attempt will shortly be made to blow up that building.

Twenty women attacked a dozen policemen who were escorting a process-server at Baltimore, County Leitrim, Ireland, and seriously injured several of them. One girl was fatally shot and another wounded.

The Irish Land bill was introduced in the House of Commons by Mr. Gladstone on the 7th inst. It promises that a tenant may sell the interest in his holding, subject to the reasonable vote of the landlord; that rents shall be fixed by a Land Court wherever the landlord and tenant cannot agree, but the court may not interfere in cases where they do agree. This court will also have to determine on the landlord's right of veto on the assignment of interest on a farm. Power to contract out of the act is given where the rental exceeds £1,000 per annum. The Land Court will consist of one Judge or ex-Judge of the Irish courts and two persons having practical knowledge of the relations between landlords and tenants. Sub-courts may be established by the central court. The bill also empowers this Land Court to buy estates which landlords are willing to sell, and resell them to the tenants, the title in the land to be vested in the court, so as to guarantee payment, and to prevent subdivisions. Advances will also be made to owners, tenants and solvent companies for the reclaiming of waste lands, or other agricultural improvements, the advances not to be greater than the amount to be laid out by the tenant, landlord or company to which it is advanced. Advances will also be made to assist emigration. Mr. Gladstone spoke several hours in explanation of the provisions of the bill. He said the desire of the Government was to do justice to the Irish people, to give them laws which would enable them to live and thrive upon the land, to help them to purchase farms, or assist them, if they preferred, to emigrate. Mr. Parrell regretted that provision was not made for colonizing Irish farmers upon lands to be purchased for the purpose.

A large fund has been raised in London for the relief of the sufferers by earthquakes in Sicily, where the destruction surpasses belief.

The Russian Grand Duke Nicholas, the diamond thief, has been incarcerated in a castle belonging to his father, for intrigues in Sicily.

By a vote of 192 to 171, the Italian Chamber of Deputies rejected a motion for a vote of confidence in the Cabinet.

It was stated in the British House of Commons that England will not discuss the

question of bimetallicism, and, therefore, declines to participate in the monetary conference, but India will send a delegate. The French Minister of Finance states that the United States, France, Italy, Spain and the Netherlands agree upon a double standard.

Ten thousand Turkish troops have surrounded the Faenza district of Syria, where a conflict has arisen between the Druses and the neighboring Mohammedans.

The London Times says the Land bill, since it was first discussed by the British Cabinet, has passed through twenty-two variations of form.

Oxford won the annual University boat race, defeating Cambridge by four lengths. Later advice from Seio indicates that the extent of the calamity was underestimated in the first dispatches. Between 4,000 and 6,000 persons were killed, and more than double that number injured.

Count Hamilton, Chancellor of the University at Uppsala, Sweden, has issued £40,000 in forged paper, counterfeiting the signature of the King and Queen.
