Nos 1 and 2 daily. All others daily except Sunday.

C. W. H. HEIDEMAN, Agent.

Fred Melges, of Chicago was her last week.

A car load of choice winter apples just received at Frank Behnke's.

Mr. Peter Brust and wife, of Chicago, are visiting with their brothers Jacob and Chas Brust.

Attorneys Somerville and Thompson of Sleepy Eye were down on business before the board of County Commissioners Monday.

B. Behnke & Co. will pay five cents per bushel above market prize for all wheat brought to them in exchange for goods.

Work on the drive well is still going on. The directors propose to continue work until a sufficient supply of water is found.

Mr. A. H. Schleuder has received a new fire and burglar proof safe and a wall show case. Both are ornaments to his establishment.

A new freight tariff went into effect on the C. & N. W. R. R. Monday. A general reduction has been made in all classes of freight.

In our report of the Fair we omitted to mention the fine display of Dress Goods, Ribbons, Cloaks and Millinery Goods of F. Kuetzing, and the large exhibit of flowers of C. Boock.

The Mankato Linseed Oil Company pays within 10 cents of the Chicago Market for flax seed delivered at their mills. Thursday they paid 94 cents per bushel while in Chicago the price was \$1.04.

Mr. George Hummel, son of Wm. Hummel, who has been absent from New Ulm for 12 years, is here on a visit. George has worked as a printer in Northern Minnesota during most of the twelve years.

Wm. Brust and Geo. Graeff have purchased the Dry Goods and Grocery store of H. J. Lueders, (R. Kiesling manager). The new firm took charge of the business Monday. Mr. Rudolph Kiesling will travel for the Empire Mill Co.

Another time card went into effect on the C. & N. W. R. R. Sunday Sept. 25. The only changes at this station are that Passenger No. 1 now leaves for the west at 4:10 a. m. and Passenger No. 4 goes east at 10 p. m. It is rumored that still another time card will go into effect next Sunday.

We would call the attention of our readers living in Le Sueur, Sibley and Nicollet Counties to the fair to be held at Le Sueur October 6 and 7. The Le Sueur fair has always been one of the best held in the State and this year's fair will not fall behind those held in former years.

Blind Boone, the successor to Blind Tom, and the twelve year old vocalist Stella will give a performance at Turner Hall Wednesday Oct. 5th. The proceeds of the entertainment go to Rev. Mr. Mowery and we hope that everybody will attend. The admission has been placed at 35 cents. No extra charge for reserved seats. Tickets may be procured at Chas. L. Roos' Drug Store.

An insane man by the name of Baumgarten filled himself with bug juice Wednesday night and then began perforating the buildings of Courtland with 44 calibre cartridges. He was arrested and brought to St. Peter for trial. The Judge of Probate of Nicollet County had him examined as to his sanity and upon recommendation of the physicians Baumgarten was committed to the hospital for insane.

Clean the cellars thoroughly before the vegetables and fruit for winter use are stored in them. No one should think for a moment of having the food he is to eat during the next six or eight months stored in an unhealthful place. All vegetable matter, and accumulated dirt and dust, should be taken out. Vegetable mold is as unhealthy as the miasma of the bottom lands of the South which breeds so many fevers, and the last vestige should be taken from the cellar. A fresh coat of whitewash would also be very beneficial. From a hygienic standpoint the cellar is the most important room in the house, and it should always be the neatest. There is but little doubt that most of the diseases prevailing in the farm houses originate in the cellar. Cleanliness and purity in this department will prevent much sickness.

Don't fail to see Beussmann's new advertisement.

Do not fail to visit Kuetzing's store on Saturdays' bargain days.

Mrs. Preisinger, of Lafayette, died at the hospital Monday morning.

Chas. H. Brauns reports the arrival of a boy Monday morning.

The eighteen months old son of H. Hanshen died of diphtheria Sunday afternoon.

An eight year old son of August Harkbarth died of diphtheria Thursday afternoon.

Mr. J. Pfenninger removed to his German street residence Thursday. He will take life easy henceforth.

Married, by Justice Westphal, Saturday September 24, Miss Bertha Lohman and Mr. G. Goetsch.

The Sportsman's Club will meet at Hunters rest next Sunday afternoon. A Kartoffelpicnic will be one of the attractions.

Charity Lodge 98 A. F. and A. M. will call to labor Tuesday October 11, at 7.30 P. M. Members are requested to assemble for work.

As we go to press we learn that the commissioners resolved to engage architect Struck of Minneapolis to prepare further plans and specifications for the new court house.

W. H. Graves and Hugh Simmons of Winona, Neil Currie, of Currie and C. W. H. Heidemann placed a system of electric calls and alarms in John Linds house last week.

Nearly two hundred dog licences have been issued by clerk Schilling. About fifteen dogs had to bid adieu to this world because their owners refused to come down with the required fee.

Mrs. Krippner, who lives in the old Hausman building near the cemetery, fell from a loaded wagon Saturday breaking both arms just above the wrists. Dr. Rothenburg has charge of the case.

A large number of copies of the EVENING STAR, the paper which first contained the sensational charge of P. Anderson against Mr. S. D. Peterson, were mailed to parties living in the various towns of this county with a request to distribute same. This was done the same day that the paper was printed and it looks as though there was method in Anderson's or some other man's madness.

The county commissioners met Monday. A number of minor matters were considered and passed upon during the forenoon. In the afternoon the board met with a number of architects, examined the plans presented by them and then adjourned to Tuesday forenoon without deciding upon an official architect for the new courthouse.

Monday forenoon Mr. J. M. Thompson, attorney for German Friton, served papers on the board of county commissioners requiring them to show cause why an injunction should not be served on them, enjoining them from entering into and letting a contract for the building of a new county court house. The case will be argued early in October and will undoubtedly be decided in favor of the commissioners.

New Goods, just received. John C. Toberer has as fine a line of jewelry, watches, clocks and silverware as can be found west of Chicago. He offers them at rock bottom prices. Call on him before making purchases in his line.

Hon. H. D. Chollar, of Redwood Falls is killed by falling from a pier. Last Saturday Hon. H. D. Chollar of Redwood Falls, climbed onto a bridge pier at that place to see what effect a steam thrasher engine had on the bridge while crossing the same. In some unaccountable way he lost his footing and was precipitated to the ground sustaining severe injuries from which he died Monday.

Another sin of commission entitling the last legislature to political damnation was the passage of the bill abolishing convict labor for hire in any avocation in which it would compete with free labor. From being self-supporting, the state prison will soon become an annual charge on the state of at least half a million a year. Just what the prisoners can be put at where they will not compete with free labor is the enigma over which the state prison board is puzzling its wits. They might be put to sawing air or chopping sand or turning grind stones on which nothing is ground, but there can be no productive labor at which they can be put which will not compete with some free labor somewhere.—Caledonia Argus.

Their Business Booming. Probably no one thing has caused such a general revival of trade at C. L. Roos' Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Creep, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

H. Hanschen and H. Kunze are building addition to their residences.

C. W. A. Kroock has built a large barn on the lot south of his store building.

The outside work on John Lind's residence is nearly finished, but snow will cover the ground before Mr. Lind can occupy the building.

The Winthrop Mill was started up two weeks ago and is now in good working order. They turn out an excellent brand of flour at their mill.

Work on Jac. Klossner's brick block is progressing nicely. If the weather continues favorable, the masonry will be finished by the end of this week.

Albert Held has finished the foundation and part of the superstructure of his Franklin street residence. Mr. Held owns six lots on Franklin street and will have plenty of room when he moves there.

The interior painting and decorating of Geo. Schmidt's new residence will be completed by next week. Mr. Heller, the artist, has reasons to be proud of his work. It is something unsurpassed in this city. When completed, Mr. Schmidt will have the finest residence in the city.

PERSONAL MENTION.

Mr. and Mrs. C. H. Ross Sundayed in Rochester.

A. Blanchard and wife took in the exposition last week.

Ph. Gross is in Milwaukee for a four weeks visit.

A. J. Seiter will start for California Thursday October 6.

Fred C. Gley loaded the merchants with Dry Goods and Notions Monday.

Mrs. H. Seiter is visiting with her daughter, Mrs. C. H. Helmes, at St. Paul.

Miss Mary Hopt is in Chicago purchasing her fall stock of millinery goods.

Frank Whitney removed to Courtland Monday. They call him station agent in that village.

Mr. and Mrs. W. A. Bingham went to Minneapolis to hear the Booth-Barret combination last week.

Bro. Leicht, of the Winona HEROLD, was looking after his New Ulm subscribers Saturday and Sunday.

Albert Behnke Jr. has been appointed express messenger by agent Heidemann. He will assume his duties Oct. 1st.

Mr. Jac. Current of the town of Home was in the city Monday and reports that he made 1038 gallons of number one Serghum molasses.

Architects C. F. Struck, Minneapolis, Ulrici, St. Paul and Thayer and Gerlach, Mankato, were here Monday, all trying to get the position of Court House architect.

A. Zeug, of Sigel, and Mm. Pfisterer of Cottonwood, left for Ann Arbor, Mich., yesterday. Mr. Zeug will study pharmacy and Mr. Pfisterer will return as a full fledged physician in 1899.

The Rustler talks about the Fair.

For years certain residents of this county opposed the fairs and would not attend because they were continued over Sunday. Last year the Society resolved to give them a chance and changed the time.

The attendance last year was fair, but where were the Sunday men this year? I don't believe that there were a hundred of them, all told, who attended.

A very large number of anti-Sunday men staid away and opposed the fair simply because it was not held on Sunday. I think that the Society would be in a better financial condition if they had continued to hold Sunday fairs during the past two years. The Sunday men will have to brace up and do better next year else week day fairs will have to be abolished.

I hear lots of growling amongst farmers because the three special herd prizes went to outsiders. The competition for these three prizes was open to the world and I consider this a good idea. By this means three excellent herds of cattle were drawn here and our farmers had a means of seeing good stock without going to the State Fair. In a few years most of our farmers will own good stock and it will not be necessary to offer special inducements to bring it here.

The exhibition of thoroughbred live stock at last years fair bore good fruit, for this year quite a number of our farmers exhibited thorough-breds which they had purchased after seeing last years exhibit. It is hoped that this years exhibit has a like effect. If it has, it will be but a very short time until our farmers can compete with the world with live stock, as they now can with grain, fruit and vegetables.
