Attend to Suits in all the State  
& U. S. Courts.  
Special Attention Paid to Collections  
GERMAN AND SCANDINAVIAN LAN-  
GUAGES SPOKEN.  
NEW ULM, MINN.

## WASHINGTON LETTER.

Washington, D. C., Nov. 11, 1887.  
One of the loveliest places about  
Washington is the National Cemetery  
at Arlington, just across the river. It  
is the old historic homestead of the  
Custis family, where Washington mar-  
ried Martha. It was also the home of  
General Lee, at the breaking out of the  
rebellion and was confiscated by the  
Government, but subsequently pur-  
chased from the Lee heirs by the United  
States at a cost of \$250,000. Nine-  
teen thousand Union soldiers lie buried  
here. The grounds are laid out in  
broad avenues shaded by primeval  
oaks and towering elms, and the drives  
and winding walks amid the flowers  
and leafy dells and ravines that over-  
look the Capital City, present a view of  
unparalleled magnificence. There is  
always a throng of visitors there, and  
the stranger within our gates who fails  
to visit Arlington, loses one of the  
loveliest scenes in all the land.

Another place of surpassing beauty  
is Oak Hill Cemetery, situated on Rock  
Creek, in what is known locally as  
West Washington, but in former times  
as the old city of Georgetown. Way  
back, years ago, Georgetown was an  
important place, and was made the  
first port of entry under the establish-  
ment of the Federal constitution. It is  
a dingy looking place now with a popu-  
lation of about 1500 with a large pre-  
ponderance of the colored element.  
The citizens show little enterprise com-  
pared with the balance of the District,  
and during the war it was emphatically  
the secession hot bed of this section.  
Nature made here the loveliest burial  
place the eye ever rest upon, which has  
been most beautifully adorned by the  
lavish expenditure of large sums. It  
is handsomely laid out in terraces giv-  
ing the most enchanting and picture-  
esque views of hill and valley and vista.  
Eight thousand are buried here, many  
of whom achieved great reputation in  
statesmanship, literature and art, and  
won imperishable renown in defending  
the Nation's flag on sea and land. A  
walk amid its shady bowers, polished  
marble gentle cascades, and sparkling  
fountains, inspires thought, softens na-  
ture, and melts the heart. Thousands  
every Sabbath seek this Elysian retreat,  
and hold sweet communion with the  
Beautiful Beyond.

A convention of the Evangelical Alli-  
ance of the United States will com-  
mence its annual session in this city on  
Dec. 7th, and the churches are making  
great preparations to receive the dele-  
gates, about 1500 of whom are expect-  
ed to present.

On the 26th of this month there will  
be a most notable gathering at the  
Smithsonian Institute, of the leading  
Scientists of the country in commemora-  
tion of the late Prof. Baird. The  
committee in charge are making elab-  
orate preparations, and will publish a  
memorial volume of the proceedings  
which is intended to contain the grand-  
est scientific thought of the age. Many  
of the distinguished scientists of Eng-  
land, France and Germany will partici-  
pate in the interesting occasion.

Most of the Cabinet officers have  
completed their annual reports and  
furnished the President with a synop-  
sis, the salient points of which will ap-  
pear in the President's message.  
There is no doubt about a frigid cold-  
ness between the Postmaster General  
and his first Assistant, and Mr. Vilas  
says he will not take the Interior Por-  
tfolio if Stevenson is to be elevated to  
the vacancy. A movement is made to  
secure the appointment of Don M.  
Dickinson, of Michigan, but this meets  
with strong opposition on the ground  
of giving the West two Cabinet posi-  
tions. Stevenson's ambition has alien-  
ated many of the western Democrats as  
is likewise the case with Commission-  
ers Black and Sparks. Lamar will  
certainly be nominated to the Supreme  
Bench and then comes the making up  
of the Cabinet dates.

The Washington Navy Yard having  
been changed to an ordnance plant,  
necessitates a large amount of new  
machinery. There is now being built  
for use, among numerous other things,  
six huge iron lathes, 130 feet in length,  
and weighing 200 tons each. They are  
models of inventive genius, and are so  
constructed that work on both the in-  
side and outside of the mammoth guns  
may be carried on at the same time.  
Three of these guns are nearly com-  
pleted, are nearly thirty feet in length  
and will throw a twelve inch projectile  
a distance of ten miles with marvelous  
precision. The Secretary of the Navy  
Department is entitled to much credit  
for his persistent effort to give us a  
Navy worthy of the American Nation,  
and it is hoped Congress will not be  
parsimonious in making the needed ap-

propriations. A large Japanese naval  
party, who are inspecting the navies of  
the world, will be here this week to see  
what we can show.

## City Council Proceedings.

The Council met pursuant to ad-  
journment Nov. 9, 1887, at 7:30 P. M.  
All members present, President Ru-  
dolph in the chair.

The Council passed by a unanimous  
vote Ordinance No. 16, relating to the  
fire department of the city of New Ulm,  
as reported by the Committee.

Street Commissioner Rohner present-  
ed the poll list of this year. On motion,  
it was resolved to refer it back to him  
with orders to complete, and return the  
same on or before Nov. 16, 1887.

The city engineer presented the new  
plat of the public cemetery of Outlot  
No. 86.

On motion the same was accepted,  
approved and ordered filed.

Plat No. 88, establishing the grade of  
sidewalk on South side of 3d North  
Street, between Minnesota and German  
Streets, was referred back to the city  
engineer with instructions to have the  
North side of the same part of  
Street surveyed and entered on the  
same plat.

The resolution passed by a citizens  
meeting, held at Turner Hall November  
4th 1887, relating to the building of a  
bridge across the Minnesota river was  
presented, read and ordered filed. Af-  
ter discussing the same it was, on mo-  
tion resolved: that an ordinary iron  
bridge be build across the Minnesota  
river; Councilor Jacobs, Schmucker,  
Doehne and Schwendinger voting in  
favor and councilor Hauenstein against  
the resolution. The council then re-  
solved to meet as committee of the  
whole to designate the place of location  
of the bridge, and Mr. Pahl to make a  
correct survey and plat of the place of  
location.

The Clerk reported that the Mayor  
had approved and returned Ordinance  
No. 16.

On motion the following resolution  
was adopted to take effect November  
14th next: That the present fire de-  
partment or company shall stand dis-  
banded on that day;

That Peter Herian is hereby appoint-  
ed Chief Engineer of the fire depart-  
ment;

The following named persons are  
hereby appointed to organize the differ-  
ent companies of the fire department,  
and act as foremen thereof and trans-  
mit a roll of their respective companies  
to this body on or before November 25,  
next, to wit: Chas. Stoll, Engine Com-  
pany; Leonard Haerberle, Hose Com-  
pany; John Neumann, Hook and Lad-  
der Company.

The following bills were presented,  
audited and ordered paid:  
For Kerosene oil ..... \$77.00  
" Index, Grave yard register 10.50  
" surveying streets and plats 25.50  
" erecting Street lamps ..... 1.00  
" rent for storage of oil and  
street tools ..... 6.36  
" work on Streets ..... 7.45

On motion it was resolved to allow  
Gottlieb Dittmann, lamp lighter, \$5.00  
per month extra pay for services dur-  
ing the remainder of his term.

The Council thereupon adjourned to  
Wednesday Nov. 16 next.  
**JOHN C. RUDOLPH,**  
President of Council.  
**LOUIS SCHILLING, Clerk.**  
Approved: Nov. 2, 1887.  
**C. WESCHCKE,**  
Mayor.

Approved Nov. 10, 1887 except the  
resolution relating to the building of an  
ordinary iron bridge across the Minne-  
sota river, which is vetoed for the fol-  
lowing reasons:

1. The resolution is not specific  
enough as to what kind of an ordinary  
iron bridge is to be built, that is, a sta-  
tionary or a span bridge.

2. If the resolution means a station-  
ary or a span bridge, which you prob-  
ably mean, it would be an improper  
bridge, not in accordance with the law  
and unauthorized.

3. I would not approve of the reso-  
lution unless the place of building to  
be designated is fixed at the present  
site of the old pontoon bridge, which  
question seems to be still open.

After so much money was spent on  
all the roads leading to that point by  
this city as well as by the different  
towns in Nicolett County, it would be  
unwise to locate the bridge anywhere  
else.

I am in favor of a good, substantial,  
proper iron bridge at the place desig-  
nated.  
**C. WESCHCKE,**  
Mayor.

## ORDINANCE NO. 16.

An Ordinance Relating to the Fire Department of  
the City of New Ulm.  
The City Council of the City of New Ulm do or-  
dain:  
Sec. 1. The fire department of the City of New  
Ulm shall consist of one Chief Engineer, two  
Assistant Engineers, one Engine company, one  
Hook and Ladder company, one Hose company  
and such additional companies of any or either  
of them as may be authorized to be formed from  
time to time by the City Council. Each company  
shall consist of not less than fifteen nor more  
than twenty members. The several officers, men  
and companies of the fire department shall be  
appointed and receive such compensation as may  
be determined or allowed by the City Council  
from time to time. The City Council may also  
at any time when they see fit discharge any offi-  
cer, man or company of the department.  
Sec. 2. The Chief Engineer shall be appointed  
by the City Council at their first regular meet-  
ing in November of each year, or as soon there-  
after as practicable and he with his two assistants  
shall hold their offices for one year until their suc-  
cessors are appointed and qualified. The two As-  
sistant Engineers shall be appointed by the Chief  
Engineer, subject to approval by the City Coun-  
cil. Any vacancies occurring in any of the said  
offices shall be likewise filled for the unexpired  
term. The Chief Engineer and his Assistants  
shall be, ex-officio, members of the department  
and have a voice and vote in its proceedings and  
shall severally, before entering upon the dis-  
charge of their respective duties, take and sub-  
scribe an oath of office that they will faithfully  
and truly discharge the duties of their re-  
spective offices and file the same with the City

Clerk. The term of office of the Chief Engineer  
and his assistants shall commence on the first day  
of January of each year.  
Sec. 3. The officers of each company shall con-  
sist of one Foreman and one Assistant Foreman,  
who shall hold their respective offices for one  
year and until their successors are selected. The  
Foreman shall be elected by the company at the  
first regular meeting of the department in Janu-  
ary of each year, and of the appoint a suit-  
able person as Assistant Foreman from the mem-  
bership of his company; provided, that the first  
Foreman of each company to be formed hereun-  
der shall be appointed by the City Council and  
he shall hold his office until the next company  
election. The Foreman of each company shall  
alone have the power to enlist and accept suit-  
able and proper persons for membership of his  
company.  
Sec. 4. The fire department shall hold regu-  
lar monthly meetings at such time as they may  
determine in their by-laws. For the purpose of  
transacting their civil business, the department  
shall at its first regular meeting of January in  
each year, elect a President, Vice President,  
Secretary and Treasurer, who shall severally hold  
their offices for one year and until their suc-  
cessors are elected and these officers shall perform  
the duties usually incumbent upon such officers.  
Sec. 5. The Secretary shall call the roll of each  
company at each regular meeting of the depart-  
ment and note the absentees. On or before the 15th  
day of March, in each year, the roll of each  
company at each regular meeting of the depart-  
ment shall be transmitted to the City Council,  
on blanks to be furnished for that purpose,  
copies of the roll call of each company at the meet-  
ings of the department, as well as of the roll call  
of each company at drills or fires to be furnished  
by the Foreman of each company and a record  
thereof kept in a book, provided therefore. Any  
member being absent for three consecutive roll  
calls is liable to be dropped from the list unless  
satisfactorily excused by the Foreman and there-  
after such member shall be subject to poll tax for  
that year if he has not been a member.  
The Secretary shall also annually within three  
days after the regular meeting in January of each  
year, file with the City Council a correct roll of  
each company attested by its Foreman, and report  
at the end of each month any changes occurring  
in said lists by addition or diminution.  
Sec. 6. It shall be the duty of the Chief Engineer  
with his assistants shall immediately repair to the  
place of the fire and take command and full con-  
trol of the fire department and all other persons  
at the fire, except city officers, and shall direct  
companies to be placed and worked in such manner  
as he may deem best for the extinguishment of  
fires that occur within the city limits, and it shall be  
the duty of the Chief Engineer and his assistants,  
if his orders are executed. In the absence of the  
Chief Engineer, the Assistant Engineers in their  
order, take command of the fire department and  
the fire, and his assistants, the Foreman of the  
Engine company, or person acting as such,  
shall be Chief Engineer until his superior officer  
arrives.  
Sec. 7. It shall be the duty of the firemen and  
their officers to attend all meetings of their re-  
spective companies, and in case of fire to repair with  
promptness to the place as ordered by a man-  
ager as possible to the place thereof, and to use their  
best efforts to extinguish the same under the direction  
of their officers. It shall be the duty of the several  
companies to keep their implements ready and  
been taken from their proper place of deposit by  
order of their officers, or upon an alarm of fire, to  
return the same in an orderly manner when dis-  
missed from the fire, or as directed by proper  
authority, and the same immediately clean and at  
all times to keep in good order and fit for im-  
mediate use.  
The Chief Engineer shall exercise com-  
plete supervision and control over the whole fire  
department and all apparatus, and examine the  
same as often as may be necessary and see that  
they are kept in good order. He shall see  
that each company exercises at least once a  
month with its apparatus. He, or the person ex-  
ercising the powers and duties of his office, shall  
in case of fire have the power and may remove  
any building or structure to be pulled down or re-  
moved in such manner as he may see fit, when such  
action is necessary in the judgment of said officer  
to prevent the progress of any fire.  
Sec. 9. The Assistant Foreman of the several  
companies have command of their respective com-  
panies in the absence of the Foreman.  
Sec. 10. Any person who shall willfully offer  
any hindrance to any officer or fireman in the per-  
formance of his duty at a fire, or shall conduct  
himself in a noisy or disorderly manner, or shall  
willfully in any manner injure, deface, abstract or  
destroy any fire engine, hose, or any fire apparatus  
kept for use by said city, or within said city, or  
shall willfully obstruct the fire department, or shall  
in case of fire have the power and may remove  
any building or structure to be pulled down or re-  
moved in such manner as he may see fit, when such  
action is necessary in the judgment of said officer  
to prevent the progress of any fire.  
Sec. 11. No person shall knowingly or willful-  
ly drive or cause to be driven, any vehicle of any  
kind over any hose of the fire department of said  
city, when the same is laid down to be used at  
a fire, or at any other time, without the con-  
sent of the engineer in command, under the pen-  
alty hereinafter described.  
Sec. 12. No fire engine or fire apparatus of any  
kind shall, at any time or upon any occasion, be  
taken from its usual place of keeping without  
the consent of the officer in charge, nor shall the  
same be taken beyond the city limits for any  
purpose whatever, without the consent of the  
Mayor. Any person or persons who shall violate  
any of the provisions of this section, shall be  
punished as is hereinafter provided.  
Sec. 13. The Chief Engineer, or person in com-  
mand for the time being at any fire, shall have  
the same power to suppress all tumults or disor-  
ders at any fire as police officers of the city, and  
shall have power to prescribe limits within  
which no person shall come, except those who  
reside therein or admitted with his consent, and  
he shall have further power to order any fire  
company, fireman or any other person away  
from the neighborhood of said fire and to com-  
mand such assistance from the inhabitants of the  
city as may be necessary for the preservation of  
property exposed to fires, and for the preservation  
of property exposed to fires, as he may require  
and in case any person shall refuse or neglect to  
render assistance as above required, or shall re-  
fuse or neglect to obey any lawful order of the  
officers in command, or if such fireman or other  
person shall refuse or neglect to depart when  
ordered to do so as aforesaid, the fireman or other  
person so offending shall for each offense be  
subject to the penalty hereinafter prescribed.  
Sec. 14. It shall be the duty of the officers of  
the peace of the city to keep all persons and sus-  
picious persons from the fire and its vicinity  
and to use all proper exertions for the preserva-  
tion of goods and other property endangered at  
fires.  
Sec. 15. If any member of the fire depart-  
ment willfully neglects or fails to discharge the  
ordinary duties of a member, or fails without  
reasonable excuse to attend any fire, or leave his  
apparatus at any fire without permission, or if in  
any case the membership of any person in the  
fire department shall cease and he shall refuse  
to deliver up on demand all property in his pos-  
session belonging to the city, he shall be punished  
as hereinafter provided.  
Sec. 16. The members of the fire department  
shall be subject to such regulations and by-laws  
as they may adopt upon their approval by the  
City Council, not inconsistent with law and the  
provisions of the ordinances of the city.  
Sec. 17. Any person violating any of the pro-  
visions of this ordinance shall on conviction be  
punished by a fine of not less than five nor more  
than twenty dollars, or by imprisonment, and be  
imprisoned until such fine and costs are paid  
not exceeding sixty days.  
Sec. 18. The provisions of any ordinance here-  
before passed and inconsistent herewith are here-  
by repealed.  
Sec. 19. This ordinance shall take effect from  
and after the date of its passage.  
Passed Nov. 9th A. D. 1887.  
**JOHN C. RUDOLPH,**  
Pres. of Council.  
**LOUIS SCHILLING, City Clerk.**  
Approved Nov. 9th A. D. 1887.  
**C. WESCHCKE, Mayor.**  
Officially published Nov. 11th A. D. 1887.

Don't Experiment.  
You cannot afford to waste time in  
experimenting when your lungs are in  
danger. Consumption always seems at  
first, only a cold. Do not permit any  
dealer to impose upon you with some  
cheap imitation of Dr. King's New Dis-  
covery for Consumption, Coughs and  
Colds, but be sure you get the genuine.  
Because he can make more profit he  
may tell you he has something just as  
good, or just the same. Don't be de-  
ceived, but intuss upon getting Dr.  
King's New Discovery, which is guar-  
anteed to give relief in all Throat, Lung  
and Chest affections. Trial bottles free  
at C. L. Roos' Drug Store.

**ROYAL**  
ALL WEIGHS  
ROYAL BAKING POWDER  
ABSOLUTELY PURE

**ROYAL**  
BAKING  
POWDER  
Absolutely Pure.

This powder never varies. A mar-  
vel of purity, strength and who-  
lesomeness. More economical than the  
ordinary kinds, and cannot be sold in  
competition with the multitude of  
low test, short weight, alum or phos-  
phate powders. Sold only in cans.  
**ROYAL BAKING POWDER CO., 108**  
Wall street, New York.

Probate Court  
In the matter of the estate of Edward Waibel  
deceased.  
On reading and filing the petition of Alexander  
Waibel Jr. of Brown County representing, among  
other things, that Edward Waibel late of said  
County of Brown on the 28th day of September A.  
D. 1887, at Cottonwood in said County died testate,  
and being a resident of this County at the  
time of his death, leaving goods, chattels and es-  
tate within this County, and that the said petiti-  
oner is a brother of said deceased, and praying that  
administration of said estate be to Anna Waibel  
or some other suitable person granted: It is or-  
dered, that said petition be heard before the Judge  
of this Court, on Saturday the 26th day of Novem-  
ber A. D. 1887, at 10 o'clock a. m. at the Probate  
Office in said County.  
Ordered further, that notice thereof be given to  
the heirs of said deceased, and to all persons in-  
terested, by publishing a copy of this order for  
three successive weeks prior to said day of hear-  
ing, in the New Ulm Review a weekly newspaper  
printed and published at New Ulm in said County.  
Dated at New Ulm the 31st day of October A.D.  
1887. By the Court,  
**ERNST BRANDT,**  
Judge of Probate.

**PROBATE NOTICE.**  
State of Minnesota, County of Brown. In  
Probate Court, Special Term, October 31st 1887.  
In the matter of the estate of Carl Sauer  
deceased.  
Whereas, An instrument in writing, purporting  
to be the last will and testament of Carl Sauer  
deceased, late of said County, has been de-  
livered to this Court;  
And whereas, Carolina Sauer has filed there-  
with her petition, representing among other things  
that said Carl Sauer died in said County on  
the 6th day of October 1887, testate, and that  
no executor is named in said will and testamen-  
t, and praying that the said instrument may be ad-  
mitted to probate, and that letters of administra-  
tion will be annexed to be issued thereon.  
It is ordered, That the proofs of said instru-  
ment, and the said petition, be heard before this  
Court, at the Probate Office in said County, on  
Friday the 25th day of November A. D. 1887, at 10  
o'clock in the forenoon, when all concerned may  
appear and contest the probate of said instrument;  
And it is further ordered, That public notice of  
the time and place of said hearing be given to all  
persons interested, by publication of these orders  
for three weeks successively previous to said day  
of hearing, in the New Ulm Review a newspaper  
printed and published at the City of New Ulm in  
said County.  
By the Court,  
**ERNST BRANDT,**  
Judge of Probate
