Wm. G. Frank and others took a sleigh ride last Thursday evening. The boys were thrown in the snow at Retzlaff's place, the horses ran away and got stuck in a snow bank. Damage small.

Number two called for admission to Otto Schell's family last week Thursday. It being a boy no objection was made and Otto now spends his time between one and six a. m. in trying to lull Mr. Schell jr. to sleep.

Cards are out announcing the marriage of Miss Annie Bobbin to George W. Schlettman, both of Courtland, which will take place March 1st, at the residence of the brides parents. A big time is anticipated.

While driving home from town last week Mr. J. Bentzin met with what might have been a serious accident. He had stopped his team and taken a number of school children on his sleigh when a farmers team was driven into his, upsetting and demolishing the sleigh and throwing the children in all directions. Luckily no one was hurt.

A gentleman in this town received a letter from Mr. C. C. Brandt, of San Diego, in which the latter stated that while writing he was enjoying a blizzard, a genuine Minnesota Blizzard. The New Ulm man was astonished to hear of snowstorms in southern California and forthwith hunted up the daily papers and began studying weather reports, but of course he found no record of a blizzard. After a while he picked up Mr. Brandt's letter to finish reading it and near the end of the epistle he found an explanation. The blizzard was one of Burg's manufacture. Mr. Brandt having received a box from Mr. Burg that day. Mr. and Mrs. C. H. Ross, Mr. and Mrs. J. Newhart, M. Hippert, Miss M. Fischer and other onesotians spent the evening at Mr. C. C. Brandt's gazing woefully at the box of blizzards and sighing for some of Minnesota's ozone.

Company A's masked ball was a success. The attendance was good and as a result the company's treasury is in a flourishing condition.

A car on the new St. Paul cable road ran away and off the track last week killing several and injuring a large number of people.

Charity Lodge A. F. & A. M. will observe Washington's birthday by holding an invitation dance at Turner Hall Wednesday evening Feb. 22.

How many more masked balls will there be this season? That is the question a good many people ask themselves while invoicing their purses.

A republican club was organized at Turner Hall yesterday evening. We understand that the young mens democratic club will be revived in the near future. We are glad of it for this will stimulate the adherents of both parties to do their best.

The court house case was argued before Judge Severance yesterday. Messrs. Thompson, of Sleepy Eye, and Cray of Lake Crystal, appearing for German Friton and A. R. Pfau, of Mankato and C. A. Hagberg for the county commissioners.

The Turnverein has decided that none but maskers will have the privilege of the dancing floor at their next ball, February 14. In order to encourage people to mask they have placed the price of admission at 25 cents for maskers and 50 cents for spectators.

Mankato butchers have decided not to open their shops on Sunday and to withdraw their delivery teams. If the good people of Mankato should decide not to eat meat for several weeks the butchers could take a good rest to compensate them for the Sunday work done heretofore.

A Washington special to the Globe contains the following interesting bit of news: Hon. John Lind says: "I have stumbled upon the fact that I am serving on the same committee, occupying the same position and the same seat assigned Abraham Lincoln during his first term in congress. Unfortunately for me, however, I was not born in the same country, and hence can never be president of the United States. However, it is a novel discovery."

Mr. Robt. M. Ross, agent for the Jackson Wagon Company was here during the last blockade—the guest of S. D. Peterson. Thursday morning he decided that he could not wait until the sleigh railroad managers would open the road and so engaged Tom Mulverhill to take him to St. Peter. Mr. Ross is a gentleman and made many friends during his stay. That he is ever mindful of the interests of his company is attested to by his last words to their local agent, Mr. Peterson. "I hope, that you will sell 300 Jackson wagons next season, and if the snow don't leave you we will forward runners for every one of them."

¶ Jac. Schmidt, H. Lehman and Jac. Buechi are keeping house together and usually get along very well. Once in a while Buechi, a one-armed painter, imbibes more benzine than is good for him and then there is blood on the moon. Sunday Buechi had one of his spells and as they were out of meat he thought it best to carve up Lehman. Schmidt, who is an old man, tried to prevent him from doing so, received a cut and Lehman was carved about the head. In order to secure peace, Justice Westphal engaged board for Buechi at the Hotel de Schmid and the county will see to it that he receives his beefsteak regularly for the next fifteen days.

## DONT

let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or consumption.

Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself.

The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, head, nose, throat, bronchial tubes and lungs, can be delightfully and entirely cured by the use of Boschee's German Syrup. If you don't know this already, thousands and thousands of people can tell you. They have been cured by it, and "know how it is themselves." Bottle only 75 cents. Ask any druggist.

## Street Talk.

H. Nagel will shortly present each merchant with a sign to be used in case the merchant wishes to use Nagels dray. The sign was originated by Chas Stuebe and consists of a plain white board with a "Spiko" driven in the end. Do you catch on?

C. A. Hagberg is laying awake nights thinking about the tariff, high license and other issues upon which he will have to spread himself while organizing republican clubs.

I wonder what C. H. Ross would have said about the climate of Minnesota had he been here Monday and seen people walk around bareheaded and in their shirtsleeves.

The manager of the city telegraph office is thankful that the season of snow-blockades is a thing of the past, thanks to the rotary snow plow. He lost his voice answering over three thousand questions, daily, about the whereabouts of trains No. 1, 2, 3 or 4.

A. W. Bingham had a tussle with his horse last week and convinced the latter that A. W. was boss. The horse tried to run away, when Mr. B. drove it into a high bank of snow and sat down on the horse until it had cooled its ardor. Mr. Bingham does not expect that horse to make another attempt to run away while there is snow on the ground.

All those desiring to participate in a Carnival procession will confer a favor by attending a meeting at Turner Hall next Monday at 7:30 p. m. for the purpose of discussing arrangements.

The blockade of last week continued from Monday evening until Friday afternoon. The railroad company did not make an effort to open the road between Kasota and New Ulm until Friday. One reason of their not doing so sooner was because they wanted to test the Rotary Snow Plow. It took nearly seven hours to clear the track between St. Peter and New Ulm, but a good share of the time was used in cooling overheated machinery and melting snow for use of engines. The track between New Ulm and Sleepy Eye was cleared of snow in less than two hours. Upon invitation of Agent Heidemann we accompanied the plow to Sleepy Eye and had a good opportunity to see it work. By means of a series of paddles fastened to a hub the snow is cut and thrown to one side of the track. These paddles revolve very fast and throw the snow anywhere from 50 to 200 feet. The best feature of the plow is that, it does away with the dangerous "bucking" of snow. The rotary movement of the paddles pulverize the snow and at the same time clear the track without causing any but a slight jar. It will be safe to attach a passenger coach to the plow, when heretofore this was impossible. The officials who watched the workings of the new plow expressed themselves as being well satisfied and we believe the C. & N. W. will own a number of them by next winter. The parties accompanying the Leslie Rotary Snow Plow were Mr. Leslie, the inventor, Mr. Cook, the builder, J. T. Clark, Gen'l. Supt., and C. W. Case, Supt. of the C. M. & St. P. R. R.; W. A. Scott, Gen'l. Supt. and H. C. Hope, Supt. of Telegraph, C. St. P. M. & O. R. R.; S. S. Sanborn, Gen'l. Supt., P. Hollenbeck, Assist. Gen'l. Supt., W. P. Cessgrove, Supt., and G. W. Tilton Supt. of Motive Power of the C. & N. W. R. R.

## Thir Business Booming.

Probably no one thing has caused such a general revival of trade at C. L. Roos' Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

## A WELL MERITED WORD.

The value of baking powder consists in the fact that the proportion of alkali and acid is exact, and there is no danger of having yellow biscuits from an excess of soda, or heavy ones from an excess of acid. It is probable that many of the powders are adulterated, some with injurious substances, and others with harmless additions to increase the bulk and consequently the profits. In our own family we have excellent results from the use of the Royal Baking Powder. We have no reason to think that it contains any harmful ingredient. Those who object to the use of baking powder because of adulteration must needs be very sure of the purity of the soda and cream of tartar they use in place of the powder.—N. Y. Christian Union.

## A CARD.

The public is hereby notified that a cigar manufacturer in St. Peter, has unscrupulously, without my consent or sanction, and in an underhanded way taken the brand-name of my celebrated White Rose Cigars. This is a base attempt to undermine my trade on this brand and to build a false reputation for his goods on the widespread reputation my "Original White Rose Cigars" have achieved in a period of four years. As my only recourse is in the justice and love of fair play which ever exists in the public mind, I take this method of notification and leave the rest to your sense of fairness. Respectfully L. A. MALMO, Factory No. 4.

N. B. When purchasing the "White Rose" please be sure that the brand on top of box reads "L. A. Malm's Original White Rose" and thus favor me and protect yourselves.
