OTTO SCHELL, Manager.

The state teachers institute was opened in Turner Hall on Monday afternoon at two o'clock with the best of prospects for a successful session. Over thirty of Brown county's teachers were present and the attendance promises to reach fifty before the end of the week. Prof. J. T. McCleary, of Mankato, and W. W. Pendergrast, of Hutchinson, are the conductors and thus far seem highly satisfied with the results of their work. In the evening an entertainment was given at the hall, consisting in selections by the Concordia band and in gymnastic exercises by the pupils and members of the New Ulm Turnverein. The boys are in good training and did some clever work, and were continually meted with storms of applause. State Superintendent of Schools Kiehle was present and addressed the teachers in a short talk that was brim full of common sense and solid advice. Last evening Dr. L. B. Sperty delivered his lecture on Longevity and those who heard him have no reason to regret the time spent. The doctor is a happy combination of wit, eloquence and pathos and blends them all in his treatment of the subject. On Thursday night the teachers will give a Scott Literary entertainment and everybody should attend. The institute continues till Friday noon and anyone interested will be pleased and instructed by a visit.

The semi annual encampment of the department of Minnesota G. A. R. will be held at Litchfield on June 17, 18, and 19.

A lot of toughs assailed a paymaster's coach at Tucson, Arizona, on Monday and carried away the cash box containing \$29000. Several are supposed to have been wounded and some killed in the affray.

A great strike is in progress among the miners at Berlin, Germany, and is assuming threatening aspects. The government troops have already had collisions with the mobs and some have been killed. The excitement continues to increase and trouble is expected. The strikers number some 90,000.

The Maryland prohibitionists declare in their platform that cider is more injurious than whiskey or brandy. This is supposed to be a post-mortem, back-handed lick at King Solomon, who raked his harp strings to the effect: "Stay me with flagons; comfort me with big red apples."—*Pioneer Press.*

The department of agriculture is taking steps to encourage the raising of flax in this country with a view to building up the industry of linen manufacture. Flax is a very successful crop in the Northwest, and the department will find no section of the country better adapted to the successful seconding of its efforts in this direction.

On White Island, a suburb of Toanwanda, N. Y., men engaged in excavating a cellar on Saturday, dug up 11 very peculiar skeletons. The beings to whom the skulls belonged could not have differed greatly from apes, either in appearance or intellect. The accompanying thigh bones were abnormally long and very slender, and there are 13 ribs on either side. The shoulder blades are entirely lacking. Many members of the Buffalo Academy of Natural Sciences think that the long-expected "missing link" has at last been found.—*JOURNAL.*

Carl Judson is meat inspector at the stock yards at St. Paul, where he says he inspected 2,500 hogs in one day. He sat on a fence, saw the hogs driven by, and if any appeared less frisky than the others they were held out for re-inspection. Carl's certificates are probably not of the usual form, and he does not specify the sex, color and age of animal. It does seem as if a law so administered was worthless, for fifty hogs could have been added to the drove and no one would have been the wiser.—*Mankato Review.*

It is every where recognized that good crops this year is the one thing needful to start a wave of prosperity that will sweep over the entire country. It is therefore pleasing to note that the government crop report for this month records an improvement where the reverse was looked for. It is generally understood the report does not take cognizance of changes since the close of April, and about all the rain fall in the West occurred last week. The natural conclusion is, that if the crops promised well ten days ago they certainly do so now, and that fears for the coming harvest may be dismissed at least till a later date in the season.—*Mankato Free Press.*

The Le Sueur News has entered its eleventh year.

The semi-annual meeting of the Minn. Valley Medical Association will be held at St. Peter, Monday, May 28.

The southern Minnesota Live Stock Association will hold their fair at Mankato Aug. 28, 31.

Minnesota will get \$6,643 out of the \$400,000 appropriated by Congress for militia equipments.

Mead's minstrels, an amateur troupe from Mankato, are booked for this place, for May 19.

St. Paul, last week, dedicated her new and magnificent court-house. When will we dedicate ours?

St. Peter is to have boiler works. The Mankato shops will operate a branch establishment at that place.

Senator Davis has forwarded to Washington his recommendation of Col. J. C. Donahower for the position of internal revenue collector.

An election will be held at Renville County on June 4, to vote on the removal of the county seat from Beaver Falls to Bird Island.

In disposing of her \$35,000 court house bonds, Mankato rejected all bids and sold them at auction for \$37,555, obtaining a premium of \$125 over the high bid.

Col. J. C. Donahower, of St. Peter was in the city Monday evening. The colonel is a candidate for collector of internal revenue, with good chances for success.

N. C. Young, Judge of Probate of Waseca county, died suddenly last week of paralysis of the heart. The Judge was one of the prominent politicians of the southern part of the State.

At Bird Island last week a man, by the name of John Kill, assaulted Frank Thompson with an ax, causing injuries that may prove fatal, and Kill is now under arrest. The assault was the result of a quarrel with Thompson's father.

Company I, of St. Peter, is now without a commissioned officer, and is on the verge of disbandment. Capt. Davis handed in his resignation last week and no one can be found who cares to accept the place.

A daughter of Nils Peirson, of New Sweden, Nicollet County, died last Friday by a peculiar accident. She swallowed a kernel of pop corn which lodged in the throat. This occurred a couple of weeks ago and all attempts since to remove it have been futile.

There is something just now in being a member of the St. Paul base ball team. That club has kept up its matchless record of winning games and has now scored ten straight victories. When at St. Paul they are given a huge reception and are the honored guests of that city. Great business.

Frank Burginger, a brewer at Sleepy and for twenty-two years a prominent resident of Brown county, committed suicide on Wednesday of last week. No special reason is given as the cause of his action but it is supposed to be the result of business cares and vexations. He was a member of the I. O. O. F. and A. O. U. W.

It has been announced that the superintendent of mails has ordered an exchange of pouches between the post offices at Mankato and Tracy, by the night trains on the northwestern road. By this arrangement all points will be supplied with mail twice a day, thereby working a great convenience to the people of the different towns.

The Verdict of Every Visitor.

New Ulm has put on her spring garb and with it her business thrift. The long streets, well graded, and sidewalks are a model of cleanliness, and buildings, both business and residence, are being erected all over the city. The enterprising men of New Ulm are not to be outdone by any single electric-lighted one-horse village, and two companies are rushing up buildings for two electric plants. The traveller may see good works by a casual visit to New Ulm and a worthy example for emulation in other cities we know of, not a hundred miles from St. Peter.—*TRIBUNE.*

Bishop, the famous mind reader who created such a furor in Minneapolis and St. Paul recently, died at New York on Monday. His death was the result of hysterical catalepsy.

RHEUMATISM AND NEURALGIA

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism at the knee and foot for five years, I was almost unable to get around, and was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively as a boy." FRANK CARROLL, Eureka, Nevada.

Effects Lasting Cures.

"I have been greatly afflicted with acute rheumatism, and could find no relief until I used Paine's Celery Compound. After using six bottles of this medicine I am now cured of rheumatic troubles." SAMUEL HURDINSON, So. Cornish, N. H.

THE DOG AND THE SHADOW

A Dog, crossing a bridge over a stream with a piece of flesh in his mouth, saw his own shadow in the water, and took it for that double Dog, with a piece of meat doubtless his own in size. He therefore let go his own and fiercely attacked the other Dog to get his larger piece from him. He thus lost both. —*Esop's Fables.*

IT ALWAYS PAYS TO hold on to a good thing. People who have tried Santa Claus Soap hold on to it because it is good. Some may think that because there are other Soaps that give more in bulk for the money, that they are cheaper; but such bulk is made up with rosin. When quality is sacrificed for quantity, such soap is not cheap at any price. Santa Claus Soap is the best, and is sold by all grocers. It is made only by N. K. FAIRBANK & CO., Chicago, Ill.
