FIRST POINT

You should read THE CHICAGO DAILY NEWS because ignorance is expensive. You must read some paper. Probably you've always had a weekly—you can now afford a daily. THE CHICAGO DAILY NEWS costs but one cent per copy—it's so cheap you can't afford to lose time waiting for a weekly. You ought to know about things when they happen—not a week later. You live in the nineteenth century, in the greatest section of the greatest country on the earth, and you can't afford to be left behind.

Remember—its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months \$1.00, one cent a day.

DO YOU "WARE" PANTS?

When a pant-hunter pantsless pants for pants, and pants for the best pants the Pant-market grants.

He pants un-panted until he implants Himself in a pair of T. CRONE'S fine pants.

Mrs. Gross, who has been quite ill for some time, is improving.

Vote "yes" on the bond question next Tuesday.

Fourth of July in one week from tomorrow. Don't fail to spend the day at New Ulm.

Only one marriage license was granted this week. Ellaf Hanson and Thora Hanson are the parties.

The regular meeting of the Building and Loan Association has been postponed to Thursday evening, July 11th.

Frank Manderfeld, formerly employed on the Mankato Post, is the new foreman of the Review office.

Wd. Eibner returned on Saturday from St. Paul, where he has been serving as juror in the United States circuit court.

The case of T. S. Wright, the post-office inspector, which was to have come before the U. S. commissioner last Wednesday was postponed to Monday.

We are informed that certain improvements are soon to be made in the depot. The building is to be re-sided and moved back four feet to allow for more platform. Why not tear down altogether and put up a new building? New Ulm is one of the best stations on the road and has one of the poorest depots. Put up something that will be a credit to the town.

Chas. Hauenstein continues to carry off the honors at the rifle shoots. Last Sunday the order of standing was as follows: Chas. Hauenstein, Chas. Brust, John Lilla, John Schmid, and Fr. Grebe. Hauenstein now has a good lead on the average score and the next shoot will no doubt give him permanent ownership of the medal.

E. G. Pahl and Albert Seiter were at St. Paul last week attending to legal business. They, with others, have a suit against the city of St. Paul, pending in the district court, in which they sue for damages to the amount of \$10,000 on certain lots in that city. The case occupied the court for several days and as the jury could not agree they will have to re-open it at the next term.

When the agent of the Pioneer Press was in town a few weeks ago, he secured quite a number of subscribers in return for which New Ulm was to receive a certain amount of gratuitous advertising. We don't think it would be out of place to suggest now that steps be taken to make use of the space that stands to our credit. Might just as well beam the town when it don't cost anything.

The death of Miss Mary Wagner occurred at the home of her parents in the town of Home on Friday morning. Her death was not unexpected as she had been sick for some time, troubled with a peculiar disease, which puzzled the doctors and rendered medical assistance useless. She was the daughter of Englebert Wagner and was twenty-one years of age at the time of her death. The funeral occurred from the residence on Sunday afternoon and was largely attended.

Sheriff Schmid has received a notice from Palmer Bros., of Fairfax, to the effect that on the night of the nineteenth their hotel was robbed of certain articles by a young man of whom they give a good description, and ask the sheriff to be on the lookout for him. The articles stolen are carefully enumerated and among them a dress and parasol were the most expensive. Why a young man should attempt a theft of such a nature we do not know unless it was that he was an innocent youth, about to commit matrimony, and was in lack of funds with which to supply these necessities.

Gen. Sibley, Dr. A. W. Daniels, of St. Peter, Col. Wm. Pfander, of New Ulm, and John F. Meagher, of Mankato, who compose the committee, appointed by the last legislature to superintend the erection at this place of the monument intended to commemorate the battles of the Indian outbreak, met at St. Paul last Thursday and took the first steps in proceeding with the work. They have advertised for plans and specifications and will commence the work as soon as possible. The city council have granted the committee the use of any portion of the public grounds that they may select as a site and they will in all probability locate it in German Park.

John Krah, an old resident of the town of Sigel, met with a very sad and sudden death last week. On Friday he was pruning some trees and was standing on a block some three feet high, resting his weight on a limb. The limb gave way and he fell forward, sustaining internal injuries, from which he died in a short time. The funeral was held from the Catholic church of this city, Sunday forenoon, and his remains, which were deposited in the Catholic cemetery, were followed thither by a large concourse of friends. He was quite an old man, being 68 years of age at the time of his death, and was known to many in this vicinity. He leaves a wife and five children, all of whom are married.

A special meeting of the board of county commissioners has been called for next Friday.

Miss Lizzie Luhrs, of Oak Harbor, Ohio, is the new clerk behind the counters of T. Crone's dry goods store.

Be sure that the ballot you cast next Tuesday reads, Issue City Improvement Bonds. — Yes.

The proposed Masonic excursion to Springfield, which was booked for the 30th of this month, has been abandoned.

Hugo Schlender, upon his return from the Cincinnati Turnfest, will go to Springfield to take charge of a jewelry store at that place.

B. Gruenfelder, in company with his wife, returned last Friday evening from Switzerland. Mr. Gruenfelder made the trip in thirty-seven days, remaining only a week in the old country.

We have been shown some very nice specimen pencil sketches and paintings on glass, which are the handiwork of Miss Lizzie Biebel. They display an unusual amount of natural talent in one who has had no instructions in art and her talents should be cultivated. The specimens are really ingenious.

The suit of S. D. Peterson against the Winona & St. Peter R. R. company, for overcharges in freight, was argued before Justice Fischer last Tuesday. A Hagberg appearing for the former. The case was decided in favor of the plaintiff who received a judgement for the full amount.

The Minnesota Synod will open their annual session in the Lutheran church at 10 o'clock to-day. Some very interesting topics are to come up for discussion and the attendance is expected to be quite large. The session continues till July 2.

The picnic which was given at Herman's Park on Sunday, was quite largely attended. Music was furnished by the band, games and races were indulged in and it was all around a pleasant affair. The proceeds go to the benefit of the Herman monument.

Henry Keller, who for the past four years has been a steady employee in this office left with the Turnverein class last Thursday for Cincinnati. He will not return to New Ulm but will stop off at Chicago, where he has secured a lucrative position. Henry is a competent printer and a good workman and we hope he may meet with the success which he so well deserves.

August, a young son of Henry Theisen, of Sigel, experienced quite a serious accident on Sunday. He was out riding with some other boys and was thrown suddenly from his horse, dislocating his shoulder. He was brought to town in the evening and Dr. Schoch replaced the bone, so that he will soon have the use of it again.

August Wagner was married on the 17th to Nellie Newham at Grace Church in Cleveland, Ohio, the home of the bride. The young couple spent a short period in Chicago and returned to this city on Friday evening, where they will reside in the future. We can congratulate them in this, their new venture, and join in the general good wish that their joy may be complete.

Jacob Klossner returned from Dakota last Friday, after disposing of a carload of horses in less than three days. He says that anyone, who will invest in the purchase of good horses here, can make plenty of money by shipping them to Dakota and selling them there. He mentioned as an instance a small town where from two to three hundred horses were on market in a single day, most of which were sold for fancy prices and with but little trouble.

What came near being a fire of some proportions started in the barn of F. W. Baarsch on Sunday afternoon. A little boy had been playing with matches and naturally started a bonfire with some hay in one corner of the barn, which soon caught in the building. Fortunately the smoke was detected before the fire had done much damage and a big blaze was thus prevented. The usual moral can be drawn. Don't let children play with matches.

J. H. Block came up from St. Peter on Wednesday and joined the gun club in their afternoon shoot. He not only gave them some valuable pointers in the setting of traps and in the rules that should regulate their practice, but also gave them a little exhibition in crack shooting. The members of the club are evidently not used to Chamberlain rules as their scores with one or two exceptions were very poor, but perhaps they were unable to do their best when shooting with the champion of the northwest. Mr. Block should come oftener.

What has become of the proposed pottery works? Are we to conclude that nothing will be done to secure such an establishment? We certainly hope not. If some encouragement is offered there is no reason why some party with capital cannot be induced to start an industry here that will not only be a paying investment to the owner but a boon to the town. The matter should not be allowed to die out. It only needs to be urged and demanded in order to get the council to offer a bonus, and it should be agitated until the object is attained.

Bernadotte will celebrate the Fourth with a picnic.

King & Franklin's Circus will be here on the 5th.

Theo. Crone will go on the road next Monday as salesman for the New Ulm negar wriorks.

The street sprinkler, who busied himself all of Sunday evening with soaking the streets, deserves credit for his enterprise even if the rain of the next day made it all a useless waste of labor.

Mr. Gruenfelder, who lives just across the river in Nicollet county, is confined to his bed with strangled hernia. He is very low at present and his recovery is unlooked for.

By a new arrangement which took effect on the twenty first of this month, an exchange of mail pouches is now made between New Ulm and Mankato on the night trains. This gives us Mankato mail early in the morning in stead of at 10 o'clock as was the case before.

There are some people in this country that are awful anxious to have the county-seat argued in the papers. Just have patience, there will be plenty of it before the matter is decided. For the present everybody should keep his temper so that his blood will not boil over when hot weather comes.

Cadet Louis Scherer, of the second class, U. S. corps of cadets at West Point, came home last Wednesday evening to spend his first vacation. He appears as though life in the military academy agreed with him and we are glad to note it. He will return the latter part of August.
