The front of the Meridian Block is being improved with a new coat of paint.

The Republican County convention for Nicollet County has been called for the 13th of September.

Wenzel Helget, of Cottonwood, received a kick from a horse on Friday, and is now suffering from severe injuries in consequence.

Geo. Boyd, the barber, has hit upon a new way of drawing trade. To every man who patronizes him he gives a ticket for each shave. There are, 1800 in all, and on three of these hang prices. The first prize is \$10, the second \$5 and the third \$3 in gold quarters.

The residence of John Smith in Ridgely was destroyed by fire last week. The door was forced open by the wind and coals of fire were thrown from the stove hearth over the floor, thus starting the fire and causing the destruction of the building and all its contents. The loss above insurance amounted to \$500.

The death of Mrs. John Nun occurred last Wednesday morning after a prolonged and wasting illness. Mrs. Nun was born in Baden, Germany, in 1842 and was consequently 48 years of age. She came to New Ulm in '57, and has lived here nearly continuously ever since. The funeral was held on Friday.

With the satisfaction that prevails all over town over the preliminary tests of the waterworks, we trust that the council will not hesitate to extend the mains to all portions of town as fast as it is in their power. There are some portions of the city, the mill districts for instance, where it is absolutely necessary that there should be plenty of protection against fire.

A clerk in one of our banks, who lives west of town, bought a horse the other day and started into the country to test its driving qualities. When he had gone about three miles he turned around and directed the animal townwards. It was then that the trouble began to brew. The horse had never been driven before and suddenly came to a standstill. Nothing could induce it to be driven further and the young man was compelled to lead the horse the three miles to town. We withhold his name by request.

The building committee of the board of county commissioners met last Friday and opened bids for the completion of the new court house. There were only two, one from Schaepekalm Bros., and one from Gilman, of Minneapolis, and, as there was hardly any difference between the two, the committee took the matter under consideration. Another meeting was to have been held yesterday for the purpose of letting the contract. The bids are only a trifle over \$12,000. This is for the completion of the entire building exclusive of steam heating apparatus.

Acting upon instructions from the council, the waterworks committee and chief of fire department have purchased two new hose carts, six play-pipes, two shut-off nozzles, and 2,000 feet of new hose. Of the latter there are 1000 feet of White Anchor hose, purchased of Hull & Thomson, of Chicago, and 1000 feet of Hercules, bought of the Northwestern Rubber Hose Co., also of Chicago. The hose carts will be furnished by the Wove & Hose Co. of Boston. Everything will arrive in New Ulm within thirty days, and we will then have as finely equipped a fire department as any town in the state outside of St. Paul and Minneapolis.

Mrs. Andrew Groebner, of Cottonwood, was thrown from a load of hay in a runaway last Wednesday and fell to the ground breaking her right arm. Dr. Strickler set the broken limb.

Mr. and Mrs. H. Luders and their son Harry are here on a visit from Chicago, as the guests of Mr. and Mrs. Albert Behnke. Mr. Luders was in early years interested in business in New Ulm.

From a notice in another column it will be seen that the public schools open September 1st. Applications for admission will be received at the superintendent's office on that day from 2 to 6 p. m. The minimum school age is six years.

Gustave Gebser had the little finger of each of his hands badly smashed on Sunday afternoon while playing at ninepins in Schmucker's alleys. He was holding one of the large balls in his hands, ready to throw it, when someone from behind threw another, so that it clashed together with the one in Gebser's hands. The result was that his little fingers were split in twain, even into the bone.

E. H. Huebner is being boomed by the Winthrop News for county attorney of Sibley county. The News says: Mr. Huebner is a gentleman of rare qualities and would make an efficient county attorney. He has already many friends all over the county and we think would not only be elected, but add strength to the ticket. The Republican county convention cannot find a man better suited for the office than Mr. Huebner.

At the last meeting of the Turnverein Robert Nix, E. G. Pahl and Chas. L. Roos were chosen as delegates to the Minnesota Turnbezirks-Tagsatzung, which will be held at St. Paul, Saturday, September 6. The Bezirk will be represented at this gathering by Wm. Pfander Sr., Frank Burg Sr., J. H. Strasser and Carl Gebser. The Winona delegate to the same meeting was instructed to vote for St. Paul as the place for holding the next state Turnfest and New Ulm as the state headquarters.

The St. Peter minister who was attacked some nights ago by a couple of unknown ruffians is still harassed by threats of danger. The Herald says that on last Sunday morning when he stepped to the pulpit, he discovered a note there which called him a hypocrite and warned him that if he held services there in the morning, there would be trouble in the evening. He preached in the morning and in the evening it was found that the same scoundrel who had written the note, had pinned a piece of muslin to the back of Mr. Barton's surplice. On the muslin was printed the word, "hypocrite" in large bold letters.

It was a large crowd that attended the picnic at Hermann's Heights last Sunday afternoon and witnessed the dedication of the lodge's new flag. The weather could not have been better for such an occasion and those who were present seemed to realize it. The dedication ceremonies were conducted by Grand Master Paegel, of Minneapolis. In turning over the flag to Wenzel Schotzko, he made the promise that hereafter it would be his duty to see that the people of Minnesota were liberal in their donations and to have the statue, which is already here, placed in its proper and intended place. He was followed by Julius Berndt who in a few remarks urged the people of New Ulm to lend a helping hand towards completing the monument. At the close of the speeches the people scattered about the grounds and indulged in the usual sport of bowling and target shooting.

The members of the I. O. O. F. lodge held a picnic and feasted on "snipe" at Fred Jahnke's place in Cottonwood last Sunday.

C. B. Tyler, of Marshall, was in town yesterday. He is the man who has been secured to obtain the right of way for the proposed St. Paul, New Ulm & Southwestern railroad.

The weather in the past two or three days has been just the thing for corn. The heavy rain on Monday, if followed by warm weather for a few days, will insure a splendid crop.

Fred Gareis, of Milford, left yesterday morning for East Pierre, S. D., where he will engage in the sinking of wells and the erection of windmills. The Review goes with him to keep him posted.

In a row last Sunday night, someone used a hatchet or some other weapon on the person of Jos. Heggele and badly disfigured his nose. It was found necessary to call in a surgeon to sew up the ugly wound.

Miss Mary Nagel, of St. Paul, arrived here last Tuesday night to visit with Mrs. F. Burg for several weeks for the benefit of her health. She became suddenly worse however, and was compelled to return to her home yesterday.

A couple of horse jockeys are said to be about town trying to cheat the farmers in horse trades. They first succeed in giving the farmers' horses some medicine, which causes them to act strangely, and then induce the farmers to exchange for some of their old scrubs. Owners of horses should look out for them.

Some Democrat of New Ulm has written the Mankato Review that knowing ones of Brown County state that the county will go against Lind by fully 500, and that if Mr. Buck, of Mankato, would make the race against him, he would show Mr. Lind and the Republican party that the farmers of this district entirely repudiate his action while in Congress. This is strange news indeed. The Republicans here have all along been confident that they could carry Brown County for every man on the ticket.

Speaking of stories, says the St. Peter Tribune, we are reminded of one told by Tom McCabe, who formerly lived at Scotch Lake, in Le Sueur county, but is now a resident of St. Peter. Tom was presented with a few squash seeds, said to be of superior variety. Tom says he "planted one close to a stump, and he never saw anything grow like it—the vine reached to and crossed the lake and was of immense proportions." About that time he lost a sow and litter of pigs, and the thought struck him that they might have crossed to the other shore on the vine. "I crossed on the vine, and lo! behold! When I reached the end, there lay the sow suckling her pigs by the side of a squash that it took two men to lift into my wagon. When I reached home I weighed the squash and it tipped the beam at 200 pounds." "Gentlemen, said he, this is no fish story, but a literal—truth."

The Minneapolis Times of Sunday contains some statements which, to say the least, are "way off." They are alleged to come from an ex-state senator, who goes for one of the most prominent Republicans of New Ulm, and are to the effect that it would be political suicide for republicans in his section of the State to talk Merriam or urge his claims for re-election, and that the governor's unpopularity is so great that John Lind does not dare to advocate his candidacy at all. Whoever this prominent republican from New Ulm may be, one thing is certain; he is either a sorehead or has been misquoted. The opposition which his interview would seem to indicate does not exist. Among Republicans, Merriam meets with hearty support. If the prominent Republican really thinks differently, he should not be afraid to come out under his own name and say so. New Ulm Republicans don't care to hide an enemy to their ticket within their own ranks.

Summer Night's Festival at Turner Hall Park to-night.

Mrs. S. D. Peterson is entertaining relatives from Mankato.

P. H. Carney, manager, and Mr. Jordan, foreman, of the Mankato Cement Works, were here Saturday.

Mrs. James Bishoff and son, of Chicago, are here visiting with Mrs. Bishoff's sister, Mrs. Sophia Vetter.

The excursion to Springfield on next Sunday is assured. Nearly one hundred have signified their intention to join the party.

Lake Crystal is to have a base ball tournament, beginning September 1st. Amateur clubs will compete for the championship of Minnesota and \$350 in cash prizes.

Marriage licenses were issued this week to John M. Johnson and Inga Moe, Peter Zander and Maggie Hilleheim, and to Charles Engelbart and Emma Schultz.

Mf. A. G. Pirath and the Misses Mary and Katie Pirath and Clara Role, of Mankato, have been visiting the past week with relatives in this city and with the family of Christian Seifert in Milford.

Mr. Boesch has leased his "Hotel Atlantic" in Marshall to Sargent & Son, the present agreeable proprietors, for another three years. He has improved it in many ways and it ranks as one of the finest hostleries in the Southern part of the state.

A general system of good gravel roads throughout the state would add largely to the value of farms and farm produce. By reducing the labor and expense of hauling, it would save farm animals and reduce the cost of marketing the products of the farm. Besides putting money into the pockets of the people, there would be a distinct moral gain in the improved conditions of neighborhood life. Good roads are an indispensable requisite and unfailing sign of higher civilization.—Northfield News.

The court room of Justice Blanchard was filled last Saturday afternoon, with people interested in the outcome of the Oleson-Matteson case, in which the former accused the latter of malicious and wrongful assault. Col. Baasen was attorney for plaintiff and Albert Steinhauer argued in defense of Matteson. Several witnesses were brought before the court and, as the defendant asked for a jury trial, the trial continued through the whole afternoon. Two stories were told, each as different from the other as night from day, and, notwithstanding the jury was the most intelligent that ever sat on a criminal case, they found it impossible to agree and accordingly disagreed. The case was then postponed and came up again before the same Judge on Monday. Another jury was selected and the details of the case rehearsed in all their wearisomeness. At six o'clock it went to the jury, and after being out a couple of hours that body decided to acquit the defendant.

As will be seen from the call in another column, Chairman Blanchard, of the county committee, has fixed the place and date for holding the Republican County Convention at Sleepy Eye on the 18th of next month. At that time a candidate for representative to the legislature and for all the county offices will be put in nomination. The candidates, except those now in office, who will bob up at this convention, have been resting pretty low, and at this stage of the game it would be difficult to state just what was going to happen and equally as hard to say just what, in a political way, wasn't. Before the convention assemblies however their is apt to be quite a stir, and in this connection we wish to urge upon our Republican voters all over the county to take an interest in the matter, attend the caucuses and select delegates that will vote independently and only for the best men. If the majority only will, they have it in their power to keep the coming convention clear of the work of all rings and tricksters.

A test of the waterworks was made Thursday. The hose was a tached to hydrants on Minnesota, Broadway and State streets and streams were thrown which proved satisfactory to all. On Minnesota Street two streams were thrown to a height several feet above any of the buildings, and when it is considered that the tower was only half full and that perhaps the flow of water was obstructed by dirt in the hydrants and nozzles, the pressure is certainly sufficient and even more than enough for any emergency. A final test will be made in a few days and when everything is in perfect working order, the effects will be such that the most chronic kicker against waterworks will be convinced that he was wrong. New Ulm citizens can now rest assured that, with a good system of waterworks, a fire engine, and an excellently equipped fire department, the town is safely protected against any fire, and we take advantage of this opportunity to again thank the council for disregarding the kicks of a large number of people and supplying our beautiful city with that, which no town should be without.
