The Weekly Graphic.

Dr. J. M. SWENAR, Proprietor. SUBSCRIPTION: Per Annum, in advance \$1.50. ADVERTISING RATES based on actual circulation. The advertiser gets just what he pays for—no more and no less.

Regular circulation of the Graphic as usually counted by newspaper men has been 900 for the last three weeks. Actual number of copies printed and circulated 984, mailed and delivered to real subscribers on actual count, this week 795.

Prof. Ditcher, of the Southeast Missouri Normal is expected to-day. The Professor will take part in the commencement exercises next week.

Mr. J. O. Good of Quincy is spending a few days in Kirksville. Mr. J. S. Blackman has just returned from an absence of two weeks in New York. He reports every thing encouraging in that direction.

Mr. Jackson Hill, an old citizen of Adair county, who has spent the last fourteen years in Kansas, is now visiting at his father's, Mr. Andrew Hill.

Miss Jennie Doolan carried off the prize at the oratorical contest, Saturday night last. Some of the boys think this is getting a little monotonous.

Mrs. E. D. Cater is visiting friends and relatives in Montgomery county, Mo., and seeking a restoration of health and strength by rest and relaxation from the usual routine of home life.

Miss Nellie Willard and Miss Emma Deamant and Charles Bess, were present at the Mason shooting tournament and the Moberly races, last week.

Mr. Hovestall and family left for Chicago, Wednesday. At Hamilton, of Ringo's Point, was in town yesterday.

LOCAL GRAPHICS.

Which is the echo? The Democrat gets softer and softer every week. What has become of the Brashour correspondent.

What has become of the Brashour correspondent. Won't some one forward us the items from Millard.

LaPlata is to have a circus soon. The Macon shooting tournament was not very largely attended.

Services will be resumed at the Baptist church next Sabbath. The cyclone Saturday, carried away about 20 rods of Guy Chandler's board fence on his land east of Hallers.

We are sorry that we provoked the philosopher of the Democrat, so much, that he was compelled to say "cuss" words in order to relieve himself.

Not a dissatisfied republican in the United States. Fred Douglas's face at the distance of twenty paces is said to look like a ball of mud thrown into a bunch of wool.

The Graphic is the best natured paper in America. It can afford to be. Our certificate of circulation last week seems to have worried the Simses twins.

It may not be generally understood but it seems to us the Democrat is doing its best to divide the party. Parties having extra copies of the last issue will confer a favor by returning them to this office.

Music says the reason lawns were so high in Chicago, is that it was a republican convention, and no stronger drink was required.

How about organizing republican clubs all over the county, we can not do better, as we want some permanent organization. Let us have Garfield and Arthur clubs everywhere.

The fifth annual commencement hop will take place at the Masonic Hall on the evening of June 17th. Floral Tribute.

Tuesday evening immediately after the raising of our pole and flag, the Graphic received another handsome basket with card attached bearing the name of Mrs. A. F. Pfister and the legend: "Garfield and the Graphic."

KIRKSVILLE RATIFIES!

The enthusiasm over the Nominations—An Impromptu Demonstration. Up to Tuesday noon the news from Chicago gave little indication of the final result.

The pole stands about 30 feet in height and is as straight and tapering as an arrow. Here the flag will be kept flying till the close of the contest in November.

After night, without notice or preparation, a large crowd gathered, in an impromptu ratification meeting, on the southeast corner of the square, and the avowed boomer of a salute by the light of a brilliant bonfire.

They were no longer Grant men or Blaine men or Sherman men, but Republicans—and for the ticket. The speakers and the sentiments advanced, were repeatedly cheered.

In the crowd, and joining enthusiastically in the demonstration were numbers who have been estranged heretofore from the party, and have acted with the opposition.

Indications now are that Adair will roll up her old time majority of five hundred at least, for the republican ticket. A rain coming on about ten o'clock the people quietly scattered to their homes.

First Baptist Church. The Baptist Church which has been undergoing extensive repairs and re-tiling, will be open again for services, next Sabbath. The edifice had, through overhauling, the seats and inside work handsomely grained, the outside painted and the walls hung with elegant paper.

We the undersigned citizens of Clay township desiring the election of competent and efficient men to promote the interests of Adair county, and having the utmost confidence in the integrity, ability and legislative experience of the Hon. Francis M. Harrington, do respectfully solicit him to become a candidate for re-election to the general assembly of the state of Missouri.

The Democrat challenges the Graphic to debate, and very generously offers a half column in the Democrat for that purpose each week. Ah! Mr. Democrat you can't come that. Who would have thought of such duplicity from that quarter!

Republican Central Committee. At the meeting of the republican central committee last Saturday it was decided to hold a delegate convention, August 2nd to nominate candidates for county officers.

The first Baptist Church will be reopened to-morrow with appropriate services. A good program of music, both vocal and instrumental. The pastor is expected to preach the sermon. Text: One thing have I desired of the Lord.

Mending and repairing promptly & neatly done J. K. Such & Co.
