Further Particulars.
We have gained the following further particulars in regard to Ed. Posten the horse thief caught at Brookfield as mentioned in Monday's daily. He was raised by Mr. John Elliot, and is now twenty-two or three years of age. His father lives near Brookfield. For the past 3 or 4 years he has had no settled location or occupation, sometimes away. Thursday of last week a horse belonging to Mr. Scott Spenser living one and a half miles west of Brashear was stolen and suspicion was directed at once to Posten. He was followed and found at Brookfield, where he was taken into custody. He had also stolen on the way, a horse from Mr. Harris, living five miles south of La Plata. He had traded both of the horses to other parties. The proper owners of the horses have each secured their own, and Posten now languishes in the Kirksville jail with a fair prospect of receiving an opportunity of learning a trade at Jefferson City.
