ANNOUNCEMENT.
TO THE VOTERS OF ADAIR COUNTY:
Gentlemen, I hereby announce myself as a candi-
date for the office of SCHOOL COMMISSIONER of
Adair county. Having taught for several years in
our county, I think I know something about the
condition of the schools. I respectfully
submit my name for the consideration of the voters
at the polls the 21st of April. I will see that the
entire work will be cared for.
FRANK PROBST.

FOR CO. SCHOOL COMMISSIONER.
We are authorized to announce Mr. A. P. Vaughn
as a candidate for the office of school commissioner
of Adair county, at the ensuing election.
TO THE VOTERS OF ADAIR CO.

At the request of many teachers and other friends
of education, I have consented to place myself
before the people as a candidate for the office of
school commissioner of Adair county. I believe
that position will not only be of benefit to the
ladies of the county, but will also be of benefit
to the teachers, and will also be of benefit to
the county generally. Respectfully,
R. B. STEELE.

received on subscriptions for the week
ending Saturday, March 9.

Designing Lies.
We beg pardon, but this is as mild a
term as we can apply to the systematic
reports that are ground out regularly,
by contract, to the effect that the GRAPHIC
is about to stop, to move away, etc. The
GRAPHIC is too popular, has too fine a
run of patronage, and is too deeply
rooted, to do anything of the kind.
Look at our list of cash subscriptions
this week, and then judge what the
people and our patrons think of the matter.

BRASHEAR, March 10, 1883.—Mr. F. M.
Bidler: Sir I send an Easter egg in
answer to your riddle in this week's
GRAPHIC. If this is not the correct ans-
wer you can have the Easter egg. I am a
little girl nine years old.

Monday.

Work on the new creamery building
is approaching completion.

M. S. Montgomery is at home this
week.

Life would not be such a burden if
the chronic "bores" were all dead.

Peck's Bad Boy has been published
in book form.

Mr. B. F. Henry does not find every-
thing "lovely" as fancy painted it, in
Southern California.

Ross Harris, two Tracy boys, and two
Shaffer boys constituted the party that
started west last Monday.

Mr. D. R. Dodson is absent this week
on a visit to Charleston county.

Rev. J. J. Bentley left Tuesday morn-
ing to commence his year's work as fi-
nancial agent of the Glasgow college.

Rev. F. M. Greene goes to Clarence
in the edge of Shelby county for the
next conference year.

Rev. John Wayman returned to his
charge at Mexico, on Tuesday morning.
This is his second year at that place.

We learn that Elder Wheat was very
much desired at St. Joseph, but Kirks-
ville keeps him another year.

Mr. John Scott, a leading farmer of
Clark county is visiting Mr. Story and
other friends in this place.

We learn that Samuel Morey, M.
Kesseler and Sherman Prow, living
near Greentop have the California re-
ver and will start in a few days.

Mrs. J. C. Carothers and Mrs. Abbie
Mathews—formerly Miss Carothers—
paid the GRAPHIC a pleasant call on
Tuesday afternoon. Mrs. Mathews is
now a resident of Durham, Lewis Co.,
Mo.

Mrs. Carter, Mrs. Brown and Mrs.
Patterson, of Queen City Mo., spent
Saturday in this city, the guests of
Chas. Bennett and family, brother of
the former.

Mr. C. A. Robinson, late of Mus-
catine, but now located at Trenton
was in town yesterday.

J. M. McCall, of Edina, has opened
a law office in this place and we learn,
will become a citizen of our town.
Glad it is.

Rev. John Moorehead, of Grant City,
read the GRAPHIC a call this week. Mr.
Moorehead is interested in the news-
paper business at Grant City, being one
of the owners and publishers of the
Star, a neatly printed, prosperous look-
ing county paper.

We were favored Monday by a call
from Mr. D. C. Wright, architect of
Mexico Mo., who thinks some of locat-
ing here. Mr. Wright is the gentle-
man who drew up the plans for the
Kirkville Writing Institute, a hand-
some and skillful specimen of architec-
tural drawing.

M. L. Wilson, Kirkville's favorite
comedian, will appear in his unrivaled
character of M. T. Mnggs this evening
in the beautiful drama Divorce. Re-
served seats at Fowler's Drug Store.

The GRAPHIC had no regular repre-
sentative present at the Parcell House,
"blow out," and its report was furnish-
ed by amateurs. If any ladies were
omitted from the report, as it seems
there were, it was entirely unintentional
on the part of the GRAPHIC. We re-
gret it very much.

Mr. L. B. Maltby has just dropped in
to say that that land is going off like
hot cakes but that the "Cream of the
Cream" is still left in the shape of a
nice homestead of 95 acres with prairie,
meadow, water and timber in fine
proportion. First come, first served.
Price \$2,500.00 on terms to suit.

Quite a little party left here Wed-
nesday night for the Pacific slope. They
were mostly from the vicinity of Green-
top. The party consisted of Mr. J. T.
Stewart and family, consisting of his
wife and two children, Robert Wilson,
Jack Wilson, J. C. Mikel and mother.
They go to the vicinity of Los Angeles,
where some of them have relatives
living.

Father J. R. Haller who is now in
his seventy-seventh year, though as
spry and much more jolly than most
men at fifty-five called to see us on
Tuesday. He says he is not a believer
in the doctrine that men are growing
"weaker and wiser" by any means, es-
pecially the "weaker" part, and we
agree with him and we are not sure
but we would include the other clause,
also.

We learn with regret that Mr. A.
Slingerland, died at the residence of
Col. Lipscomb, in Denver on Friday,
March 2nd. His remains were taken to
Palmyra and buried by the side of his
wife who was a daughter of Col. Lips-
comb. His friends in Kirkville,
though they knew he was in a wrec-
hed condition did not learn of his death
until after his funeral had taken place
and the news was quite a shock to the
community. Captain Slingerland
served in the late war as a commissioned
officer of the 7th Mo. Cav., and was
an efficient and gallant officer. Since
the war he occupied various private
and public positions with credit and
honor to himself and friends. His old
army friends of whom there are many
in Adair county, will hear of his death
with sadness and regret.

Justice.

Mr. Editor. Your reporter of last
week, omitted the names and costumes
of several ladies present at the banquet
given at the Parcell House, on the eve-
ning of March 2nd, by the gentlemen
of the I. K. T. L. club. Among the eleg-
antly dressed ladies were: Mrs. Frank
Parker, Mrs. Frank Baird, Mrs. C. E.
Fout, Mrs. A. E. DeVine, Miss Snyder,
Miss Jayne, Miss Ernie Owen, Miss
Carrie Miller, Miss Mollie Ashcraft,
Miss Ida Thompson, Miss Lizzie Taylor,
Miss Ida Fowler, Miss Jennie Grove,
Miss Annie Klein, Miss Nellie Bagg,
Miss Mollie Reed, Miss Nettie Osenbaugh
and Miss Lura Owen, who contributed
much to the pleasure of the evening.
Too much praise cannot be bestowed
upon Messrs Temple and Spots, who
placed before us, such an elegant repast.

An I. I. O. O. F. F.

J. H. Robertson, of Bloomington, Ill.
will leave to-day after a two weeks visit
to his friends in this city. Messrs
Campbell and Ilgenfritz. He purchas-
ed some mules while here, for his Dako-
ta farm. Messrs L. and W. Campbell
will accompany him home, the latter to
remain and the former to go on to Da-
kota.

Lon Ammerman, of Salisbury is
here visiting his father.

Mr. E. Storey is the happy proprietor
of a bran new baby. It is a girl and
weighs eight pounds. Named Laura
Gartrell Story in honor of Mrs. Magru-
der and Mrs. Gartrell. This is the
kind of "Story" friend Ed. has been
talking of adding to his residence.

Normal Notes.

A large number of visitors have paid
their respects to the Normal this week.
Miss Ida M. Greene, of the St. Louis
high school, was among the number.
She was highly pleased with the work-
ings of the institution. J. W. Gill of
Scotland county, A. E. Kennedy, Misses
Buhl and Campbell, of Knox, and many
others were noticed in the list also.

Prof. Blanton was called away to
Jefferson City on Wednesday, on school
business.

Sickness kept C. C. Childress and W.
W. Griffith from school a day or two
this week. Students need to be careful
of their health just now.

Mr. Davidson, a student, had one of
his fingers kicked out of joint on the
foot-ball ground Wednesday evening.
Prof. Ross fixed it.

These fine days and lovely moonlight
nights tempt the tired student to for-
sake his well-worn books and take a
sentimental stroll. But in recitation
the next day the result is zero.

The calisthenics are meeting with
the hearty approbation of the entire
school.

This week the students provided
themselves with dumb-bells and Prof.
J. A. Riley proposes to make them
familiar with the use of the same. We
feel assured that no citizen of the town
will be disappointed in his visit if he
call at the Normal at 10 A. M. It is a
pretty sight to see 300 students per-
forming the same evolutions at the
same time.

The bill of appropriations to the Nor-
mal school at this place passed the
"committee of the whole." The appropria-
tions are for the repairs of the
building, building up of the library,
improvement of the laboratory etc.
Some doubt is entertained in regard to
the bill passing the house. The stu-
dents from the different counties ad-
dressed letters this week to their repre-
sentatives urging them to use their in-
fluence in securing the passage of the
bill.

Prof. Blanton and Nason in re-
sponse to an invitation, visited the
State University at Columbia, on last
Friday.

Floyd's Creek Items.

News scarce.

Weather cool.

Mr. Wiggins goose bone failed this
time.

The eleventh was the day that the
earth was to be shaken from pole to
pole with that fearful cyclone.

W. F. Maltby is a citizen of our burg.

J. E. Atwell bought of L. B. Maltby
40 acres of land adjoining his farm at
\$13.75 per acre.

Mrs. Rigdon had 4 sheep killed by
dogs one night this week and Mr. Cal.
Smoot had 20 head killed the same
week.

Mrs. John Cole is visiting at Kirks-
ville this week.

Rev. Mr. Evans preached at New
Prospect church on Saturday and Mon-
day. The subject for discussion is
found in Acts, 12 chapter, 5th verse.
Mr. Marion Tudos, was immersed and
taken into full fellowship.

Boston Rigdon and family, of Sub-
lett, are visiting in this neighborhood
this week.

Mr. John Lind's school closed on
Tuesday. He treated the little folks to
all the candy they could eat. By the
way Mr. Lind has given entire satisfac-
tion to the patrons of the school. We
are sorry to part with you John, but
may success attend you where ever you
may go.

We would say in a kindly way to a
certain M. D., that should he be seen
escorting a certain young lady to
church again—well we won't this time
—a hint to the wise is sufficient.

By our Special Correspondent.
MARCH 12th.—In the proceedings
of the county court published in the
GRAPHIC recently we learn that three
petitions for dram shop license had
been presented for approval of the
court. Two of which had been re-
jected, and the third to grant certain
parties the right to open a saloon a
Brashear was continued. We sincerely
hope this will also be rejected. It
would scarcely be possible for a great-
er evil to befall Brashear and the
surrounding country than the opening
of a grog shop in our midst. At pres-
ent there is as few drunkards and row-
dies in Brashear as any town in north
Missouri, its people are peaceable and
sober, but like all other towns there is
some who would drink if the temptati-
on was thrown in their way, and for this
reason a saloon would be a curse and
a blight upon the town. Let those who
will drink whiskey go to Hurdland in
Knox county where there is a saloon in
full blast where the lovers of whiskey
can get outside of all the villainous
stuff called whiskey they can hold; where
they get drunk and howl nights and
smash windows and are finally hauled
home by their friends dead drunk. The
fewer saloons we have in Adair county
the better it will be for the people and
our reputation abroad. Calvin Rich-
ardson an old resident of this township
will move to Macon county in a few
days.

Dick Brashear has stocked his farm
near the Union school house with a fine
lot of cattle and sheep. Dick is a splen-
did business man, just what we need
in this part of the country; wish he
would sell his place near Kirkville and
move down.

Willie M. Campbell, of Knox, county
was thrown from his horse on the
seventh inst. and was hurt so badly that
he soon afterward died of his injuries.
We understand he had been to Hurd-
land and had purchased some tinware
when he was carrying home when his
horse became frightened and threw
him in such a manner that his head
struck the fence. He lived about
twelve hours in an unconscious state
and then died.

The wife of William Carter a former
resident of this township died at the
home of Mr. Wincomb in Knox county
recently; his former wife died two years
ago.

Dr. Hopkins reports another case of
scarlet fever in Saltriver township this
week.

Mat Barnhill died of consumption
on the seventh inst. One year ago he
was a strong robust young man, but he
is no more.

An aged maiden lady named Craig
died at the home of Mr. Spencer in
Saltriver township two miles west of
Brashear, March the third.

We wish to correct a mistake made
in our item referring to scarlet fever two
weeks ago. We intended to report one
case of scarlet fever. Others who
were sick and had died had pneumonia
and typhoid fever.

The croak of the bull-frog is once
more heard in the land.

A disgraceful row occurred in La-
Plata on last Saturday. A few men
thought they would run the town but
the citizens turned out and overpowered
them. They were arranged and
bound over in the sum of \$1,000, to
appear before Justice Gilstrap to-day.

W. Davis, J. Oliver and S. Emmons,
trial was put off until next Friday. No
persons seriously hurt.

March 13th, 1883.

Another Eden.

THE GRAPHIC has at various times
given its readers correspondence from
Florida, Colorado, Dakota and Texas
and California, all setting forth in glow-
ing words the "advantages" of soil and
climate possessed by those widely sun-
dered regions. So far no Adair county
man has ventured to give his impres-
sions of Alaska but we see by a lecture
recently delivered by a Reverend gen-
tleman, in Philadelphia, that we were
all wrong in imagining that Alaska was
the home only of the ice-berg and the
polar bear. He says that he has lived
five years in Alaska and stated that ac-
cording to the record of temperature
kept by the Russians for twenty years,
the mercury has gone below zero only
twice during that period. Dr. Jackson
compares the winter climate of Alaska
to that of Kentucky, but to what part
or to how much of the vast territory
he wishes his statements to be applied,
does not appear. It is natural to sup-
pose, however, that he refers to the
coast region, "No words can be
strong enough," he added "to express
the charm of this delightful land, where
a climate softer than that of the north
of England insures at all times of the
year full enjoyment of all the loveliness
around you."

Graphic Correspondence.

Having been a constant reader I
thought I would contribute a few lines.
Weather is fine; farmers contemplating
sowing oats soon.

Mr. Geo. Fulleman has rented his
farm to one of Knox county's energetic
farmers, Mr. Sam'l Grant. We antici-
pate a good neighbor in Mr. Grant.

Johnny Linder is holding his head as
high as the smokestack on a steam mill
it is a girl, weight 10 lbs, the smartest
he ever saw for its first. W. P.
Linder (by the way grandfather now)
has moved his smoke house.

Geo. Smith has bought a farm and
is building a new house.

Bion Zeigler has bought a farm and
has moved on it and taken to hard
work.

Mr. Sanders of Sullivan has bought
the old Marks place, and is going to
bring a mill over and set it there by the
spring. He thinks he will commence
sawing by the first of August.

THINGS FUNNY TO HEAR OF.

Geo. Fulleman hunting hogs. John
Boons when he gets a valentine and
don't know what it is. John Johnston
when he thinks some one is going to
claim his hogs. If I don't find my way
to the waste basket, I will come again.

Back Again.

I take pleasure in announcing to old
friends and others that I have again
located in Kirkville and have leased
the large Beck Livery Barn and will
open up at once a livery and feed busi-
ness. Boarding horses will be made a
specialty and I guarantee the best care
and attention. Farmers will find it to
their interest to feed at my barn.
Thanking the people for their past patron-
age, I again ask a share of the same
in the future. C. W. CHALFANT.

Do not fail to witness Wilson in his
great impersonation of Muggs at Ma-
sonic Hall to-night.

For a Nobby Suit of Clothes, call at

Save Your Eyes.

Dr. J. E. Dunbar, late of St. Louis,
will visit Kirkville on Saturday,
March 31st, and remain two weeks at
Pool's hotel, where he will be prepared
to treat all cases, ten days free of
charge, if ample satisfaction is not
given. The doctor has treated over
125 cases in Macon county in the past
six years and the press of that city
speaks in the most flattering terms of
him as a successful Oculist and a
gentleman, who will do all he promises
his patients. If you have sore or weak
eyes, go and consult the great special-
ist, who treats nothing but diseases of
the eye. Examination and consultation
is free. Don't forget the date, Satur-
day, March 31, and to remain two weeks
at Pool's hotel. 48-1f
