

WEEKLY GRAPHIC

KIRKSVILLE, MO. T. E. Sublette, Proprietor. Friday, June 4, 1886.

The truthful man seldom has cause to fear the falsehoods of others.

President Cleveland was married to Miss Frankie Folsom, Wednesday evening at 7 o'clock.

The evidence in the Maxwell trial has closed. The lawyers are now arguing the case, and it is probable that there will be a hung jury, instead of a hung criminal.

Capt. Hatch is having a big time with his "bogus butter" bill. He ought to make his bill successful for if there is any thing on earth he knows how to handle it is something that is bogus.

The Democratic pots in Macon and Scotland counties are boiling furiously. If the fierce fires now raging are not extinguished, there is danger that they will boil over.

We publish this week the weather predictions of C. C. Blake as published in his paper, "The Future," which is filled each issue with matter that is of great value to the farmer.

Miss Minnie Davis, daughter of Jefferson Davis, has the measles. She probably caught them from her father. He has long been looked upon as a measly old fraud and within the last few weeks his disease seems to have broken out afresh.

Judge C. P. Hess, of Macon City was in town Wednesday looking up his interests preparatory to making the race for the Circuit Judgeship. The judge is a pleasant gentleman and an able lawyer. If he is selected to make the race, he proposes to utilize the 900 Republican majority in this district.

All should heartily join hands, and make the temperance camp meeting a success. Thousands of strangers will visit the town to hear the noted speakers that will be present. Kirksville is fortunate in securing the camp at this place, and business considerations should assure its success.

It is stated in diplomatic circles that the British Government will not sustain the Canadian officials in their seizure of the American schooners that put into Digby for the purpose of buying bait. Mr. West, her Majesty's Minister, concedes that the Canadians acted in a hasty manner, and says due reparation will be made.

There is certainly no better advertisement for a community, county or state than good roads. There is nothing so convincing to the stranger, traveler, or home seeker, of the enterprise, thrift and culture of a people as to find the highways of a community in excellent condition, particularly those leading to the principal town or towns. It matters not how beautiful the lay of the land or how much corn, wheat and oats may be grown to the acre, or how much wealth there is in the pastures, miserable roads will disgust the home seeker and cause him to shake the dust of that community from his feet at the earliest opportunity.

Our strawberry festival was a success the 22d ult. Decoration day was observed here on the 31st ult. To say the least it was a pleasant time and many joyful remembrances as well as sad ones were recalled. Our G. A. B. Post gathered at the Hall and marched down to the depot to welcome the delegation from Kirksville. The train rolled in on time bringing some sixty persons from the aforesaid place. The Woman's Relief Corps were represented by a number of fair ladies. Brashear G. A. R. led their visitors to the M. E. Church which had been decorated in nice style. After a song and welcome speech they repaired to the cemetery where the graves were decorated and the salutes fired after which all returned to town and to refreshments. It should be mentioned that the Mahaffy brothers, aided by the Kirksville Martial band, furnished the music. After dinner the speaking began in the park. Mr. Risdon favored the audience with the first speech, then Col. Preston followed by Mrs. Dockery of the W. R. C., all these were good and among other things commendable for brevity. Mr. Kennedy favored the audience with some scattering remarks. We noticed many of Wilson's excellent people on the ground, as well as Kirksville's. At seven o'clock the Kirksville crowd returned to their homes.

Mrs. McCreery of Lima, Ill., is visiting in town and vicinity. J. N. McCreery has decided to run for Judge at large. This is one case where the office is seeking the man.

We need a correspondent at Queen City. Who will send us the items from that thriving town and neighborhood?

We are informed that Judge Chas. P. Hess of this city will be a Republican candidate for the Circuit Judgeship in this the 27th Judicial circuit. Judge Hess has been a citizen of Macon for about twenty-five years, is a German by birth, a lawyer of high legal attainments, and stands well with the bar throughout the district and as a citizen and man has hosts of warm personal friends here in Macon. He is probably the ablest lawyer in the district, that trains with the Republican party.—Macon Democrat.

E. Higbee, of Lancaster Mo., spent a few hours in our city last Thursday. Mr. Higbee is one of the leading attorneys of Northeast Missouri, and is favorably spoken of by the press of both parties as a probable successor to Judge Ellison in the Twenty-seventh judicial district. We have known Mr. Higbee for years and look upon him as a man without a peer in that district as a jurist and a citizen, and should he be honored with a seat on the judicial bench, we believe he will make a record for honesty and unbiased judicial decisions that will be a living monument to his honesty and Christian graces.—Mouiton Tribune.

The work of surveying the proposed air line railroad seems to be progressing at a lively rate. There are six surveying parties along the line between Chicago and Kansas City. The proposed line between Chicago and Kansas City will be 441 miles in length—49 miles shorter than that of any other line of road. The road will certainly be built and the line will undoubtedly pass through Knox county. That much can be depended upon beyond a doubt. Just where and at what point the line will strike seems to be the superlative question of the hour with no small number of our people.—Independent.

The Criterion is independent in politics, but because it is independent is no good reason why it should support independent candidates. We reserve the right to support whom we please be he Democrat or Republican, and by-cotting us for our freedom of speech and advocacy of men who are opposed to our boycotters in politics, shall not deter us from doing as we please, so long as we do not interfere with the rights and privileges of others. We have some little local pride and believe that Solway county can furnish as good men for congressional, judicial and senatorial honors as any other county in the state, and, therefore, purpose advocating home men, men whom we know to be good men—for positions of honor and trust, every time. Boycotting a paper because it takes that position will, in the end, hurt the boycotters more than the boycotted. THE CRITERION supports Hon. Edward Higbee for circuit judge because we believe that no better man for the position can be found, and because we are most decidedly opposed to third-terms. Those who do not like our position upon the question will have to boycott us, as we will not back down from the position we have taken. Our local pride says "Higbee first, last and all the time."—Glenwood Criterion.

Oh, the candidates! W. C. Crawford is building a fine dwelling in the east part of town.

Normal Notes. Dr. Bushnell, of California, conducted the opening exercises Monday after which he delivered a very interesting ten minutes talk to the school in which he emphasized the importance of a person having a profession and fixedness of purpose.

The Senior Society is making extensive preparations for its entertainment which comes off Saturday evening June 12th. Quite a number of visitors were present to enjoy the open session given by Miss Prewitt's class and to witness the tree planting by A. and B. classes.

Prof. Barnard was absent from school, on the account of sickness, several days last week. The A class and the Elementary class have each had class pictures taken by our popular artist, H. G. Parcells. The A's had theirs taken at the gallery, and the elementary class had theirs taken at the North door of the Normal.

Final examination begins Monday and continues during the week, each class passing two examinations each day. From early morn to dewy eve the voices of the orators and declaimers may be heard resounding in various rooms of the Normal. All of Prof. Barnard's and Miss Owen's spare time is occupied in training the speakers for the closing exercises.

The visitors at the Normal are becoming so numerous we find it impossible to make personal mention of them. By invitation of President Blanton and the class, Prof. McMillon, Supt. of public schools of Mexico, Mo., arrived Tuesday and took charge of the class in graded schools. Prof. McMillon is one of the most successful Superintendents of the state and he is giving the class many valuable ideas about organizing and conducting graded schools.

The following is the program of the closing exercises this year. Friday evening, June 11th, 7:30 P. M., Entertainment by the Model School.

Saturday evening, June 12th, 7:30 P. M., Celebration by the Senior Literary Society.

Sunday, June 13th, 10:30 A. M., Baccalaureate Service by Rev. H. B. Ridgway, D. D., President Garrett Biblical Institute.

Tuesday evening, June 15th, 7:30 P. M., Address to the Alumni by Prof. J. L. Holloway, Sedalia, Mo.

Thursday June 17th, 9:30 A. M., Commencement Exercises.

Thursday evening, June 17th, 7:30 P. M., Annual Reunion.

Note of Warning.

"I tell you, it's a great thing to have a girl who knows enough to warn a fellow of his danger." "Have you?" inquired one of the company. "Yes, indeed, Julia's father and mother were laying for me the other night, when she heard my tap at the window, and what do you suppose that girl did?" "Can't think." She just sat down to the piano, and sang the insides out of "Old Folks at Home." You can just bet I didn't call that evening.

Sperry Items. Ed. GRAPHIC: No Doubt your readers would like to hear from this point occasionally. Our merchant D. E. Williams is doing a good business. He will build and addition to his store this summer. Our school, taught by Miss Adalme Bell is moving along nicely. Mr. Minor Martin will teach our winter school. "Pack's Bad Boy" and his chum take their regular trips through the northwest corner of "Ireland." Mrs. Williamson, of Primrose, Iowa, who has been visiting her son, D. E. Williamson, of this place returned home last Friday. Mr. and Mrs. Robinson, of Boone county, Mo., are visiting their daughter, Mrs. J. E. Greene. Crops of all kinds look well excepting timothy which was injured by the grasshoppers last year. It is now a very common thing to see two men following one plow, one of them a candidate. We would stop and talk to them but they are too thick. Our Sunday school at Bethel is getting along nicely and our new preacher, Rev. Chas Biggle is well liked. Children's day will be observed at Bethel this year. Let all the little folks attend.

Monday afternoon a beautiful bouquet of rare and fragrant flowers was placed upon our table, for which, Miss Lela Montgomery and Miss Nettie Shaver, will please accept thanks. Mrs. Geo. Rice, also added to the cheerfulness of our banquet by presenting us with a lovely bouquet. Our office this week has been filled with sweet fragrance, and a cheerfulness born of a love for beautiful flowers.

Millard Chips. Items scarce. Business dull. Merchants taking a rest. Mr. Kirtley, Druggist, has bought the store building and residence of Mrs. Willard. Everything brought an extra good price at the sale last Friday. We had a fine rain Sunday and the farmers are all happy. Quite a number of Millardites went to Kirksville Saturday to attend decoration.

The grey horse and buggy went south last Monday evening. It is rumored that the driver is on the lookout for a—Cook. John Bragg's barn burned Sunday night. He lost between two and three hundred bushels of oats and a lot of hay. Cause of fire not known, but supposed to be incendiary.

Rev. Williamson, of Kirksville, will preach here Friday and Saturday nights and Sunday at 11 A. M. and 1 P. M. All are requested to bring their baskets well filled with catfishes as dinner will be held on the ground. Q. S.

Idleness is the hot bed of temptation, the cradle of disease, the waste of time, the canker worm of felicity. To him who has no employment, life in a little while will have no novelty; and when novelty is laid in the grave the funeral of comfort will follow.—Burke.

Eighteen thousand dollars is an enormous price to pay for a small peach-blow vase, that's a fact; but look at the man who squanders \$30,000 on the flowing bowl, and all he has to show for it is a peach-blow nose, not one-fourth the size of the vase aforesaid!—Norristown Herald.
