**GRAPHICS.**

Tinsman for photographs. Our merchants, all report an excellent holiday trade.

The pulpit of the Baptist church will be occupied next Sunday by the pastor.

We are requested to announce that the new mill will be ready to grind corn next week.

The local option law was adopted in Boone county last week by a majority of one hundred.

We call attention to card of Drs. Goben and Grove, and Mr. Gordon Dinsmoor in this Graphic.

See Worman's "ad" in this Graphic. Perhaps competition will advance the price of poultry.

A pair of valuable gloves was left at this office last Monday, owner will please call or send for same.

Rev. Carroll M. Davis of St. Louis, will preach in the Episcopal church Sunday morning and evening.

R. W. HART, wife and mother left last week for a short visit at Fulton and with friends in Randolph county.

W. L. Fletcher has recently received some very fine hogs, of the Poland-China breed, from the farm of Robt. L. Young near St. Joseph.

The supper given by the ladies of the Episcopal church last Thursday evening was an elegant affair and deserving of a large patronage.

W. D. Schermerhorn, General Passenger and Ticket Agent for the Q. M. & P. Ry., was in Kirksville last week and paid taxes for the road to the amount of nearly three thousand dollars.

Imported beer was the cause of a melee here Saturday night in which several parties were engaged. During the fight O. L. Smith cut John Larkin on the head, making a gash several inches in length. Three or four of the parties paid light fines.

Our Building and Loan Association is in a prosperous condition and has been of great advantage to its members. A number of them now live in their own homes which they could not have done had they failed to take advantage of the timely benefits of this association.

Mr. John Howes of LaPlata made us a business call Saturday. Though an Englishman, Mr. H. is a staunch republican. He says that he saw enough of the destructive "free trade" policy while in England, and a stronger protectionist can not be found in the country.

Prof. Holloway, principal of the public school of Shelbina, has purchased the Shelbyville Herald, and will assume editorial management at the beginning of the New Year. The paper has formerly advocated Greenbackism but will hereafter be straight Republican.

Prof. Holloway is an Adair county boy, a graduate of the Normal at this place, and we are glad to welcome this addition of strength to the ranks of Republican journalism.

Wednesday evening Miss Minnie Reed mistook a bottle of spirits of ammonia for medicine for cold, and being unable to smell on account of severe cold, took a mouthful of the spirits before she discovered her mistake. She swallowed only a small quantity of the drug, but her mouth and throat are fearfully burned. Dr. Grove was called at once and administered antidotes and thinks she will get along all right, though it will be some time before she can eat with comfort.

The report that railway postal clerks had been instructed to turn over, for cancellation, to postmaster of the first office reached by the train, all letters, mailed on the cars, or that postal clerks are not permitted to receive letters until the stamps thereon have been canceled, has no foundation in fact. The superintendent of the railway mail service says that, every postal car, so far as the mailing of letters is concerned is the same as any other post office, and postal clerks are requested to cancel the stamps and forward all such letters to their destination.

Last Tuesday afternoon a merry crowd of invited guests gathered at the residence of Mr. and Mrs. Jacob Sholly, to celebrate with them the fifty-fourth anniversary of Mrs. Sholly's birth. Though the storm blew in fitful gusts without, all was cheery within, and the sumptuously prepared table, fairly groined under its weight of good things, which were to satisfy the appetites made keen by the bracing winter air. Many handsome presents of silverware, vases &c, which we have not space to enumerate, were presented. Long will the evening, so fraught with pleasure, be remembered by those present. MCCARTY—Of consumption at Northhoff, Cal. Dec. 1st 1887, Mr. C. L. McCarty.

Many of our readers will remember him as one of the most popular conductors on the Wabash. A little more than a year ago he had to leave the road on account of failing health. He spent the winter in Florida, hoping to delay if not arrest the ravages of the dread disease that had fastened itself upon him. But all to no purpose. He constantly grew worse and Dec. 1st quietly passed away.
