Chester Park, a five-year old son of Mr. Joseph Park, fell through the ice last Friday afternoon, into the water about five feet deep. His little sister was with him on the ice, and tried to rescue him, but was unable. In a frightened condition she ran to the house 150 yards distant calling ma, ma, who hastened to the scene, and succeeded in getting the little fellow out. He had presence of mind sufficient to hold his breath all the time and never sank. Had he tried to get his breath he would have elapsed as 14 minutes must have elapsed before he was rescued. As it is, the little hero is to be commended on being worth a thousand dead men yet.—Home Press.

This is the first of the year; we are aware of times being close, and it behoves us to look after our little accounts and notes. I never saw a man fail who watched his indebtedness and cut his garments according to the cloth he had. The past year I was too easy with most of my customers. So much so that it has been a detriment to me. That I need what you owe me, your own experience will teach you. Our goods must be paid for or the Sheriff closes us up. I ask you to come up and settle with me, and this coming year arrange your business affairs, so that on the first of next January you can settle with less trouble. Don't fail to come and pay off your account. I want you also to remember, I sell as much goods, and as good goods 16 oz. to the lb. as any man in North East Missouri. D. C. PIERCE.

PICKLER & BENNETT, MANAGERS

MAYNARD'S COUGH CANDY.

Recommended by the Leading Physicians as a tonic and Expectorant.

We take pleasure in making known to the public, this valuable candy, as a medicine. It is made with a view of combining the best known remedies for Bronchial troubles with pure candy in such a manner as to make a medicine, while very pleasant to the taste, yet effective in its work. It costs but a trifle. The children consider it a treat to get it to eat, and yet it takes the place of the costly syrups and troches manufactured. Mr. Maynard has been manufacturing this candy and using it for years, and has hundreds of testimonials from physicians and patients wherever he has sold it, speaking in the highest terms of its efficacy as a medicine. It is splendid for coughs, colds and hoarseness, and when melted and taken as a syrup will cure croup. It gives us great pleasure to publish the following testimonials from our best physicians, recommending J. C. Maynard's Cough Candy:

DR. T. W. SHAW, a prominent physician, formerly of Macon City but now of Philadelphia says: "The prescription from which Maynard's Cough Candy is made, is a better remedy for throat or bronchial troubles than the many troches and lung balsams now in the market."

DR. F. A. GROVE, of Kirksville, says: "I cheerfully endorse the above."

DR. GOODSON, of Macon City, says: "It is a tonic and expectorant and very strengthening to the lungs."

DR. T. S. RUBY, formerly of Macon City, but now of Lebanon, Tenn., says: "This candy undoubtedly saved me and my son from a spell of pneumonia. I will further give you privilege to sign my name to anything in commendation of your Cough Candy."

KIRKSVILLE, Mo., March 21st, 1885.—I have used J. C. Maynard's Cough Candy for several years in cases of cold on the lungs and hoarseness, and have found it a pleasant, safe and efficient remedy in such cases. J. B. MITCHELL.

It is further recommended by many of the leading physicians in the country. This candy can be had for 40 cents per pound at J. C. MAYNARD'S BAKERY, Kirksville, M.
