A BAD CASE OF LAGRIPPE.

Cured by Endopathic Treatment.

Mr. Henry Foucanon, one of Kirksville's most esteemed citizens says: "Four years ago I was attacked with la grippe, and for three weeks was confined to my bed, and under a physician's care. I got up again but never recovered from the disease, which left me with a distressing cough and an intolerable tickling in my throat. Four weeks ago I was again attacked with the disease. My cough was so aggravating that I could not sleep or rest. I lost appetite, and could not eat, and was rapidly losing what little strength I had left. Having heard of Endopathy I determined to give it a trial, as medicines seemed to have no more effect on me than if I had taken so much water. Dr. Fulkerson gave me one treatment, my cough was relieved at once, my appetite has returned, and I can now eat and sleep as well as I ever did in my life."

Mr. Foucanon further stated that he was severely injured in the left side about 26 years ago, while unloading a heavy log. This injury had caused him constant suffering, and at times he would have to stop and rest after sawing off a single stick of wood, or walking a short distance. While making the examination Dr. Fulkerson discovered the injury and gave him one treatment. Since that time he has had no further trouble. Mr. Foucanon is enthusiastic in his praises of the Endopathic treatment.

A Grand Success.

Treatment for the liquor habit by the Dr. A. M. Thompson Company is meeting with grand success. Nine patients are now under treatment and none of them have tasted or desired to taste liquor in any form after the third day, and not one of them has lost a single day from his business. All are enthusiastic over the cure, as they eat, sleep and feel better in every way than they have for years.

No cure has ever been discovered that equals it. When the treatment is finished, the patient knows that he is cured and there is no guess work about it.

The treatment is given in Dr. Rankin's office over the First International bank, and when Dr. Thompson is not present, Dr. Rankin, who is not only a physician in high standing, but thoroughly skilled in Dr. Thompson's methods, administers the treatment.

Remember that a cure is guaranteed. Treatment will be given privately if desired. Address the Dr. A. M. Thompson Company, Kirksville, Mo.
