

Calendar for December 1902 with days of the week and dates.

TOPICS OF THE DAY.

Railway Scare in Lyons. Lions have been scared away from the shores of Lake Victoria-Nyanza by the newly-built railway.

Velocity of Wind. At the height of one mile the average velocity of the wind is four times as great as at the surface of the earth.

Find Immense Vein of Coal. Surveyors who are fixing the route for the proposed Alaska Central railway claim to have discovered on the proposed line the greatest field of hard coal in the world.

Football in the Lead. Football season score: Killed, 14; maimed and hurt, 90. Deer-shooting season score: Purina hunters killed, 11 hurt. This leaves football still considerable of a lead.

One Per Cent. Christiania. It is estimated that one in every 100 of the inhabitants of India professes the Christian religion. The religious census of India shows a total Christian population of 2,932,348.

To Use Loubet's Gift. When M. Loubet, the French president, was in St. Petersburg, he left 25,000 rubles for the poor of that city. It has since been decided not to distribute this money, but to build with it a house in which poor families can live without paying rent.

Excellent Cemetery Promoter. An investigation of suspicious mortality among children in Pennsylvania cities develops the fact that child insurance is an excellent "cemetery promoter." In certain localities, where the good die young, a large percentage of immature angels were insured by thrifty parents.

Preference for Paper Money. The United States treasury now holds \$100,000,000 in gold, the largest amount of gold ever held by any nation at one time. The explanation of it is that gold coin will not circulate in the United States where the people have become accustomed to the more convenient paper.

Doubled in Five Years. In 1897 the net earnings of American railways amounted in round numbers to \$338,000,000 for the twelve-month ended June 30. During the last fiscal year, according to the preliminary report, net earnings were nearly \$667,000,000. Receipts available for interest and dividends have almost doubled in five years.

Not Eager to Support Mother. Canada does not take kindly to the proposition to establish a navy from which Great Britain could recruit its own. Somehow or other, the colonies are beginning to grow restive under the complimentary insinuation that the children of the empire are too dutiful to let their old mother work, and that the latter will fondly allow them to assume as much of her burden as she can get them to accept.

Only a Few at Church. A test was made of the religious faith of the people of Chicago on Sunday, October 30, by the census staff of the Record-Herald of that city. Of the 666 churches and chapels agents made an actual count of heads in 233. The churches visited represented the largest places of worship of the various denominations. The attendance was found to be: Total attending five Catholic churches, 32,960. Total attending 179 Protestant churches, 49,666.

Get Back to the Land. There is no cure for conditions of depression in either organized labor or organized capital. Both depend on the markets, and neither the one nor the other can command them. The real remedy for hard times, the enforced remedy for redundant labor, is a reversal of the downward tide of population. As a last resort men must dig to live, and they must go back to the land to dig. The reviving movement for the occupation of the public lands in the west is a healthy one.

It's a Losing Game. As a rule the officeholder works more hours for less money than any other private in the army of the employed. For every hour that he spends in the performance of his public duties he must spend at least another hour in keeping his fences in repair. If he is elected by the people he must begin his work for a re-nomination as soon as elected. If he holds a subordinate position he must retain his influence in his precinct or his services will not be in demand.

End Has No Cemetery. Enid, Ok., is the only city of its size in the United States that has no cemetery. The town is eight years old, and has a population of nearly 9,000, but has never had a regular burying ground of any description. There has not been a natural death in several months. Most of the inhabitants are persons who moved in from other states, and when, after some misunderstanding, one of them is killed, it is the custom of the relatives to send the body to the home state for burial.

TROUBLE STARTED.

Venezuelan Fleets Seized by German and British Forces.

Castro Retaliates by Throwing All Subjects of the Two Countries into Prison—May Involve United States.

London, Dec. 10.—A dispatch from Caracas, Venezuela, says: The combined British and German fleet yesterday seized the Venezuelan fleet, composed of four warships, in the harbor of La Guaira. It is reported also that an ultimatum will be delivered to-day, asking for an answer and a compliance with the demand of the British and German ministers.

German and British Subjects Arrested. Caracas, Venezuela, Dec. 10.—All German and British subjects in Caracas were arrested yesterday.

There are comparatively few white British subjects in Caracas, probably less than 50. The Caracas-La Guaira railroad is a British concern and its general manager and other high officials are Englishmen. There are some English engineers on the line. Other Englishmen in Caracas are employed in commercial and industrial pursuits and Englishmen are found among the clerical forces of commercial houses. The Germans in Caracas are much more numerous. They are found at the head of important commercial houses and banking institutions. The German custom of bringing out clerks from the fatherland accounts for the presence of many young Germans in the Venezuelan capital. The railroad from Caracas to Valencia is a German concern. It is probably officered by Germans, and Germans are employed by the railroad company in minor capacities.

May Involve the United States. Washington, Dec. 10.—The arrests of the German and British subjects in Caracas yesterday is believed here to be in the nature of a retaliation on the part of President Castro for the ultimatum which has been sent to Venezuela for a settlement of the long standing claims of Germany and England against her. Incidentally, such action by Venezuela will, it is believed, involve this government, as the German and British representatives in Venezuela, before leaving Caracas, requested United States Minister Bowen to take charge of the interests of their countries in Venezuela. Considerable surprise is expressed here over the arrests, as the result will be to add to the serious complications already existing.

BANQUET TO JUSTICE HARLAN

A Dinner Given by the Bar of the Supreme Court in Recognition of the Justice's Long Service. Washington, Dec. 10.—The dinner given by the bar of the supreme court of the United States at the New Willard hotel last night to Mr. Justice John Marshall Harlan, in recognition of the completion of 25 years of service on the bench of the supreme court, was a brilliant function. Interest in the banquet, outside of Justice Harlan, centered in President Roosevelt. His arrival shortly after 9:30 o'clock was the signal for a great outburst of applause. The president warmly congratulated Justice Harlan, grasping him by both hands before taking his seat.

A Victim of Arsenic Poisoning. Pittsburg, Kan., Dec. 10.—Post-mortem investigation yesterday developed the fact that A. B. Marston, assistant general manager of the Texas Pacific Coal company, who died here Monday, was a victim of arsenic poisoning. Marston has been here trying to induce colored miners to go to Thurber, Tex., and it is thought his death was brought about by some one opposed to his work in this line. The poison was taken in a bottle of mineral water.

Express Companies Guard Wagons. St. Joseph, Mo., Dec. 10.—Four express companies yesterday placed guards on all wagons transporting property of value to and from trains. Recently the Pacific and the Adams companies have suffered severe losses by the deprivations of robbers, whose work has been clever enough to elude detection. The wagons frequently have been robbed on the principal streets of the city.

A Settler of the Platte Purchase Dies. St. Joseph, Mo., Dec. 10.—Freeland D. Pugh, aged 89, one of the original settlers of the territory known as the Platte purchase, died here yesterday after a short illness with pneumonia. He was prominently identified with the overland mail contracts and was prominent in the early history of this city and county.

Bailey's Private Secretary. Seneca, Kan., Dec. 10.—Gov. Elect W. J. Bailey has offered the position of private secretary to Harry J. Bone, of Clark county. Bone was assistant United States district attorney of Kansas under the first McKinley administration.

Nelson Stands by the Bible. Topeka, Kan., Dec. 10.—Notwithstanding the trouble which arose when the Topeka board of education instructed its teachers to read the Bible each morning in the public schools, State Superintendent Nelson still insists that the Bible should be read in schools.

Indiana Congressman-Elect Dead. Washington, Ind., Dec. 10.—Representative-elect Aikman Carnahan, republican, of the Second Indiana district, died last night. He had been ill ever since the election.

They "Worked" St. Joseph Gamblers. St. Joseph, Mo., Dec. 10.—Two gamblers worked the gambling houses here last night and secured about \$3,000. They played the roulette wheels and used a wire, one of them losing small sums and the other winning large ones.

Orient Road Orders Steel Rails. Pittsburg, Pa., Dec. 10.—The Kansas City, Mexico & Orient railway has placed an order with the Carnegie company for 150,000 tons of steel rails, which, at \$38 per ton, would amount to \$4,200,000.

UNCLE SAM'S ATTITUDE.

Washington Officials Say We Will Act the Peace-maker, but Warships Are Being Rushed Southward.

Washington, Dec. 11.—The state department has been advised that a "peaceful blockade" exists at La Guaira, which is the port of Caracas, the capital of Venezuela. The situation is here regarded as critical. Minister Bowen, at Caracas, has accepted the trust placed upon him to look after the interests of the British and German citizens in Venezuela and this has brought him into conflict with President Castro. He has informed the state department that a number of these citizens were arrested in Caracas. Mr. Bowen at once addressed himself to President Castro to secure their release. He represented that he had been charged with the care of the British and German subjects in Venezuela, but President Castro was unwilling at first to recognize his authority. Finally the minister convinced him that he was acting within his rights, and President Castro consented with reluctance to release the principal prisoners. Mr. Bowen will insist upon the release of the remainder. Nothing in his reports to the state department indicate the reason for the arrest of these foreigners except that they were Germans or British. Mr. Bowen wishes to play the part of peace-maker between the principals in this dispute, and the state department, after considering his statements, has decided that he may do this only upon application from Venezuela for his good offices, and if the same shall be acceptable to the British and German representatives.

Venezuelan Warships Were Sunk. La Guaira, Dec. 11.—The combined Anglo-German fleet is entering this harbor, and the first vessels are not 300 feet from the custom house. The landing of marines has begun. Three of the seized Venezuelan warships were taken outside the harbor and sunk. The British have also seized the gunboat Bolivar.

Battleships Rushed to Venezuela. Portsmouth, Va., Dec. 11.—The battleship Texas and the cruiser Topeka were rushed to Venezuelan waters Wednesday upon orders from Washington. The Texas sailed with her battery repairs only half completed.

WAS BRIBERY ATTEMPTED?

President of a Union Says He Offered a Good Sum to Break Anthracite Strike. Scranton, Pa., Dec. 11.—An attempt to break the miners' strike by bribery was told on the witness stand by John Early, a check weighman, employed at the Gypsy Grove colliery of the Erie company, who was president of the Gypsy Grove local union. He said he was introduced to Michael Grimes in the Lackawanna hotel in Scranton. Early and another miner named O'Hara, also the president of a local union, were each offered \$2,500 to get ten men to pass a resolution sending the men from the two locals back to work.

Army Officers Seized. Washington, Dec. 11.—The most important action yesterday of the National Anti-Saloon league, now holding its annual session here, was the unanimous adoption of an address to the public on the army question, in which the charge is made that high army officials have persistently pursued a course extremely unfavorable to the anti-temperance law of congress. The address pledges the association to do its utmost to defeat any attempt to repeal the law until it has had a full and fair trial.

Victory for Missouri Brewers. Jefferson City, Mo., Dec. 11.—The supreme court handed down an opinion which prohibited Judge Eby, of the Pike county circuit court, from trying the cases inaugurated by the prosecuting attorney of that county against the agents of the brewing associations for violating the beer inspection law by selling unstandard beer. This is a victory for the brewers.

After the Senator at Plom. Topeka, Kan., Dec. 11.—Congressman Curtis has returned from Washington and will remain until after the senatorial fight. Congressman Chester I. Long is expected to arrive Thursday and Congressman Calderhead will follow soon. All the senatorial candidates will open headquarters December 15 and from then until the republican caucus is held things will hum.

The Condition of Winter Wheat. Washington, Dec. 11.—The statistician of the department of agriculture estimates the newly seeded area of winter wheat at about 34,000,000 acres, an increase of 5.1 per cent. upon the area estimated to have been sown in the fall of 1901. The condition of winter wheat on December 1 was 99.7, as compared with 86.7 in 1901, 97.1 in 1900 and a nine-year average of 91.4.

A New Mining Town. Joplin, Mo., Dec. 11.—A new mining town has sprung up during the last few days that promises to be one of the most important mining camps of Joplin district. The new town is Mitchell, located six miles northwest of this city on the Mitchell land. Rich zinc deposits have been discovered and miners are flocking in from all parts of the district. On the spot which was a barren county only a few days ago the little city of Mitchell now stands with fully 600 inhabitants.

A Collision on the Illinois Central. Bloomington, Ill., Dec. 11.—In a heavy fog a passenger train and a freight train on the Illinois Central railroad met in a head-on collision last night near Birkbeck. John Roberts, conductor, and Thomas Duke, baggage man of the passenger, were painfully injured. Harry Padden, of Chicago, engineer of the freight, and Robert Oxley, of Clinton, engineer of the passenger, were crushed under the wreckage and may die. All of the 40 passengers on the train escaped serious injury.

Safe Blowers Frightened Away. Freedom, Pa., Dec. 11.—Burglars attempted to blow open the safe of the national bank here, but the noise awakened the residents behind them. The explosion shattered all the plate glass in the bank building besides the windows of neighboring houses.

Cumulative Library for Prisoners' Home. Colorado Springs, Colo., Dec. 11.—The library of the late Amos J. Cummings, the New York congressman and editor, is to be given to the home founded here in 1892 by the International Typographical union.

"TOM" REED DEAD.

End Came to the Ex-Speaker While Visiting the Capital.

Kidney Trouble the Cause of His Death—Always Active in Politics and Held Many Offices—Remains Taken to Portland for Burial.

Washington, Dec. 8.—Thomas Brackett Reed, former speaker of the house of representatives and for many years prominent in public life, died here Saturday night at 12:10 o'clock in his apartments in the Arlington. The immediate cause of death was uraemia.

During the entire day there was a stream of sympathetic callers at the Arlington hotel, where the body of Mr. Reed lay awaiting removal to the railroad station. They included President and Mrs. Roosevelt, members of the cabinet and of the senate and house and of the diplomatic corps.

Thomas Brackett Reed was born October 18, 1839, in Portland, Me., in the common schools of which city he received his early education. In 1860 he was graduated at Bowdoin, winning one of the highest honors of

EX-SPEAKER THOMAS B. REED.

the college, the prize for excellence in English composition. The next four years was spent by Mr. Reed in teaching under study of the law. Before his admission to the bar, however, he was appointed acting assistant paymaster in the United States navy, serving on the Tennessee, Cumberland and Mississippi rivers. After his discharge, in 1865, Mr. Reed returned to Portland, passed the bar and entered on the practice of his profession. Three years later he was elected as a republican to the legislature of the state of Maine. In 1869 he was re-elected to the house and in 1870 made state senator, from which position he passed to that of attorney general of the state the same year. In September, 1876, he was elected to the Forty-fifth congress of the United States. He took a conspicuous part in the proceedings of the committee appointed to investigate the election of President Hayes, of which he was one of the minority members. In the Forty-sixth congress his skill as a debater was recognized, his influence each year becoming more strongly marked. The leadership of his party was finally conceded to him and in the Forty-ninth and Fiftieth congresses the complimentary nomination to the speakership was tendered him by the republicans. In the Fifty-first congress he was elected speaker on the first ballot. In the Fifty-second congress he was re-elected speaker.

STREETS FILLED WITH SICK. In Russia Many Working People Are Idle and Starving—Wages Only 17 Cents a Day. St. Petersburg, Dec. 7.—Lack of employment is causing unprecedented distress in the interior of Russia. In Saratoff, as a fair example of the prevailing conditions, workers eagerly accept about 17 cents per day. Hosts of beggars literally invade the shops and houses, and the streets are filled with sick and starving people. Similar pitiful details come from other interior cities.

Loon Wolf Accepts Railroad Proposition. Guthrie, Ok., Dec. 8.—The Kansas City, Mexico & Gulf Railroad company has proposed to make Loon Wolf, Ok., a terminus for a certain length of time, put in extensive improvements and commence laying rails there within 30 days, provided the citizens will donate them one-half the town and enough extra land to make 330 acres for division facilities. The proposition was accepted.

Martha Washington Stamps Issued. Washington, Dec. 8.—The post office department began Saturday to issue the stamps bearing the Martha Washington portrait. These stamps will replace the present eight-cent stamps. It is expected that about 25,000,000 of them will be distributed to the post offices of the country within a year.

Mr. Bailey's Father Dies. Seneca, Kan., Dec. 8.—Monroe Bailey, father of W. J. Bailey, the governor-elect, died at his home north of Baileyville yesterday morning after a lingering illness of three months.

Nebraska City Left Without Water Supply. Nebraska City, Neb., Dec. 8.—A sudden shifting of the main channel of the Missouri river to the Iowa side has left the city without a water supply. Last night the waterworks mains were drained and every basin was empty. The electric light plant shut down and the streets were dark.

Miss Annie Cockrell Makes Her Debut. Washington, Dec. 8.—Miss Annie Sewing Cockrell, second daughter of Senator Cockrell, made her debut at a tea given at the senator's residence Saturday afternoon.

Safe Blowers Frightened Away. Freedom, Pa., Dec. 8.—Burglars attempted to blow open the safe of the national bank here, but the noise awakened the residents behind them. The explosion shattered all the plate glass in the bank building besides the windows of neighboring houses.

Cumulative Library for Prisoners' Home. Colorado Springs, Colo., Dec. 8.—The library of the late Amos J. Cummings, the New York congressman and editor, is to be given to the home founded here in 1892 by the International Typographical union.

Life Savers Rescued Half-Frozen Crew. Atlantic City, N. J., Dec. 11.—The two-masted schooner A. L. Lee, Haverstraw, N. Y., for Atlantic City, was wrecked off this city. The crew after being almost frozen was rescued by the Atlantic City life-savers. The vessel will be a total loss.

Segregating Mineral Land. Muscogee, I. T., Dec. 11.—Joseph A. Taft, of the United States geological survey, is segregating 500,000 acres of mineral land in the Choctaw and Chickasaw nations as required in the supplemental treaty.

VAST PLANS FOR SCHOOLS.

A Move by John D. Rockefeller and Other Rich Men to Push the Cause of Education.

Washington, Dec. 11.—It became known yesterday that the bill for the incorporation of a general educational board which recently passed the house of representatives is intended to pave the way for the establishment of an educational center of extensive proportions in this city. The measure was introduced at the instance of John D. Rockefeller and other persons of wealth, who, it now develops, intend to create a fund to aid existing schools and colleges without restriction as to the age, sex, or color of attendants. The measure also is without limitation as to the section of country in which the schools shall be located, but it is known that it is the especial desire of the promoters of the undertaking to improve educational facilities of the south, including those for the improvement of colored youth.

BETRAYED BY FOOTPRINTS. Charles Barrett Under Arrest at Calvin, I. T., for the Murder and Robbery of an Old Man. South McAlester, I. T., Dec. 11.—A murder was committed at Calvin, a small town near here, and as a sequence Charles Barrett, a young man of the town, was bound over to the grand jury. John Hennessy, 60 years old, an employee of the Choctaw railway, was found near the river bank with a bullet through his brain. One of his pockets was cut open with a knife. Hobbey was supposed to have been the motive. Leading from the scene of the crime down to the river were the footprints of a man wearing a peculiar kind of boots. The heels of the boots did not correspond in size. This furnished the first clue and led to the arrest of Barrett, who was wearing a pair of boots that exactly fitted in the footprints. Barrett was bound over on this one point of circumstantial evidence.

Killed 21, Maimed 75. St. Louis, Dec. 11.—Since October 2, a little more than two months, the street cars of St. Louis have killed 21 persons and maimed or painfully injured at least 75. The absence of power brakes was responsible in nearly every case of accident.

Second Crop of Cherries. Sedan, Kan., Dec. 11.—William Barr has a cherry tree which is bearing its second crop of ripe fruit this year. The cherries ripened on the tree early in the season, and late in the summer the tree blossomed again. It is now bearing ripe cherries for the second time.

Freezing to Death in Germany. Berlin, Dec. 11.—The extremely cold weather prevailing in Germany, in connection with the hard times, is causing much suffering. Many persons have been frozen to death in the western industrial provinces and also in the northwestern provinces.

Baby Born on the Street. Topeka, Kan., Dec. 11.—Mary Stommer, a 16-year-old negro girl, gave birth to a baby in the street here last night. The girl was delicious and she had wandered away from home while her sister was out stealing coal to warm the house.

Offers \$50,000 for His Son. Watertown, S. D., Dec. 11.—John Sadler, son of a wealthy farmer living near Watertown, has mysteriously disappeared. Foul play is feared. The father of the missing man says he will spend \$50,000 if necessary to find his son.

Stopped the Marriage. Norfolk, Va., Dec. 11.—The marriage of George H. Delaney and Mary L. Brocher was stopped here by Superintendent Ashley, of the Union Mission, who declared that the woman has never been divorced from her husband.

Root Millitia Bill in Favor. Guthrie, Ok., Dec. 11.—Senator Proctor, acting chairman of the senate committee on military affairs, has made a canvass of the senate and has received assurances that the Root militia bill will be passed by that body.

Banker Eloped with Iowa Girl. St. Joseph, Mo., Dec. 11.—It has just become known that Victor Long, assistant cashier of the German-American bank, eloped with Miss Myrtle Minshall, a society girl at Logan, Ia., on September 17 and was married.

Another Job for Springer. Washington, Dec. 11.—William M. Springer, former member of congress from Illinois, has been employed by Chief Bullington, of the Cherokee nation, to represent the tribe before the departments.

Shot by His Brother-in-Law. Ardmore, I. T., Dec. 11.—A. L. Bryant, farmer, while out hunting at Graham, was accidentally killed by his brother-in-law. The latter slipped and fell and his gun was discharged.

An Extensive Fire at Fremont. Fremont, O., Dec. 11.—The plants of the Trommer Extract of Malt company and the Christy Knife company were destroyed and adjoining buildings, including Tschumy Bros.' furniture factory, damaged by fire yesterday. Loss, \$200,000.

Guiltily of Embezzling Government Funds. Salt Lake City, Dec. 11.—Charles Meighan, postmaster at Ogden, Utah, was yesterday found guilty by a federal jury of embezzling government funds. The jury made a recommendation for mercy.

Life Savers Rescued Half-Frozen Crew. Atlantic City, N. J., Dec. 11.—The two-masted schooner A. L. Lee, Haverstraw, N. Y., for Atlantic City, was wrecked off this city. The crew after being almost frozen was rescued by the Atlantic City life-savers. The vessel will be a total loss.

Segregating Mineral Land. Muscogee, I. T., Dec. 11.—Joseph A. Taft, of the United States geological survey, is segregating 500,000 acres of mineral land in the Choctaw and Chickasaw nations as required in the supplemental treaty.

THINGS BETTER LEFT UNSAID.

Said with the Best Intentions, But So Awkwardly as to Give a Wrong Impression.

Under the caption, "The Art of Putting Things," an English author has given some very amusing examples of saying things in a queer way. One of the most unfortunate recorded attempts to escape from a conversational difficulty was made by an East end curate, who cultivated the friendship of mechanics.

One day a carpenter came to him and said: "I have brought my boy's likeness, as you said you'd like to have it." "How good of you to remember!" said the curate. "What a capital likeness! How is he?" "Why, sir, don't you remember?" said the carpenter. "He's dead."

"Oh, yes, of course I know that," replied the curate. "I mean how's the man that took the photograph?" "A story is told of a young laborer who, on his way to his day's work, called at the registrar's office to register his father's death. When the official asked the date of the event, the son replied: "He ain't dead yet, but he'll be dead before night, so I thought it would save me another journey if you would put it down now."

"Oh, but that won't do at all," said the registrar. "Perhaps your father will live till to-morrow." "Well, I don't know, sir; the doctor says as he won't; and he knows what he has given him."

He Ought to Know. Giles—"There is a fortune in grain speculation." Giles—"How do you know?" "Because I put one there."—Chicago Daily News.

Rubs Off. Sillens—"A pretty woman doesn't always wear well." Cynicus—"No; because she rubs off."—Philadelphia Record.

TO WORKING GIRLS. FREE MEDICAL ADVICE. Every working girl who is not well is cordially invited to write to Mrs. Pinkham, Lynn, Mass., for advice; it is freely given, and has restored thousands to health.

Miss Paine's Experience. "I want to thank you for what you have done for me, and recommend Lydia E. Pinkham's Vegetable Compound to all girls whose work keeps them standing on their feet in the store. The doctor said I must stop work; he did not seem to realize that a girl cannot afford to stop working. My back ached, my appetite was poor, I could not sleep, and menstruation was scanty and very painful. One day when suffering I commenced to take Lydia E. Pinkham's Vegetable Compound, and found that it helped me. I continued its use, and soon found that my menstrual periods were free from pain and natural; everyone is surprised at the change in me, and I am well, and cannot be too grateful for what you have done for me."—MISS JANEY PAINE, 530 West 125th St., New York City.—\$1000 forfeit if original of above letter proving genuineness cannot be produced.

Take no substitute, for it is Lydia E. Pinkham's Vegetable Compound that cures.
