NEWS FROM WASHINGTON.

An interesting letter from our regular correspondent at the Capital.

Visitors to the White House are at present receiving a little later than usual, as the President devotes as much time as possible each morning to the work on his annual message to congress, which he dictates to Secretary Loeb, who is one of the most competent stenographers in the country.

President Roosevelt has written a letter to the Interstate Levee Convention in New Orleans in which he expresses a keen interest in the proposal to protect the Mississippi lowlands by levees.

A small flurry was created at the Japanese legation here by the publication of a telegram of Gen. McArthur, dated Manila, Dec. 28, 1900, in which the General declared that evidence had been discovered of the dealings between an official of the Japanese consulate at Manila and the insurgent leader Trias.

for the party that he should go.

I. M. McHany, Greenville, Texas, writes, Nov. 2nd, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since."

In December the national republican executive committee will meet here to consider the time and place for the next national convention.

There will be a special ladies' meeting at the school-house Saturday afternoon at 2 o'clock, conducted by Mrs. Northrup and others.

This is the month of coughs, colds, and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night? Then you should always have handy a bottle of Ballard's Horehound Syrup.
