

## NEWS FROM MISSOURI

### Lottery Scheme is Found.

W. A. Inskip, a former member of the board of education of Columbus, was taken into custody by the police pending an investigation of a lottery scheme unearthed by a raid on an old building. A complete outfit for printing lottery tickets, a large number of printed tickets and accounts and correspondence relating to the San Luis loan and investment company were found on the third floor of the building. The lottery company had agents in many cities throughout the west, and the police say the accounts show a business of at least \$2,000 a month was transacted. Inskip denies his guilt.

### Missouri Railroads Cited.

The board of railroad and warehouse commissioners mailed out citations to representatives of each of the railroads in the state and the transportation committee of the Merchants' exchange, of St. Louis, citing them to appear before the board of its St. Louis office in the Equitable building, August 4, at 10 o'clock a. m., where the complaint of the Merchants' exchange, alleging exorbitant switching charges by railroad companies, and also the further allegation that the board's recent order which provided for one free switch, is being violated by the companies, will be heard.

### Adjourns the Criminal Court.

Judge John W. Wofford has adjourned the criminal court at Kansas City until August 28. Judge Wofford left for Denver, where he will spend much of the time between now and that date resting. He will visit a number of health and summer resorts in that part of the country before returning to Kansas City, but Denver will be the principal point. Judge Wofford has been ordered by his physicians to quit work and leave the city for this rest. He has been in bad health for some months.

### A Missouri "Scotty."

Oscar Barter, a miner employed in the Dead Horse mine near Joplin, has an ambition similar to that which possessed "Scotty" of Death valley, recently. He wants to break the trolley car speed record. Barter recently learned that his aunt had willed him \$12,000. He announced that he will treat his friends to a record-breaking ride from Carthage to Galena, Kan., chartering a special car. Barter has set aside \$2,000 for the celebration.

### To Build \$1,000,000 Cathedral.

To gather ideas for the building of the new \$1,000,000 cathedral in St. Louis, Archbishop J. J. Glennon has departed for New York, where he will sail for Europe about August 1. He will visit his home in Ireland, to which he returns for the first time in 20 years, which he left as a clerical student, returning to St. Louis in September.

### Slept in the Hayfield.

A young man named Weir chose a hayfield south of Chillicothe as a good place to sleep and made his bed in the tall uncut timothy. The thrifty farmer who owns the place started his mowing machine at 3 o'clock and ran the machine over Weir. Weir's left thumb was cut off and his left arm mangled by the knives.

### Bank Receiver Discharged.

On motion of the attorneys for the People's United States bank of St. Louis, Judge McElhinney, of the St. Louis county circuit court, dissolved the receivership for that institution and discharged Receiver Seldon P. Spencer, appointed by him several days ago on the request of Secretary of State Swanger, of Missouri.

### Hadley Not Satisfied.

Regarding the appointment of a receiver for the People's United States bank of St. Louis, which receivership was vacated by Judge McElhinney, Attorney General Hadley has made a statement in which he says he will present the affairs of the bank to the court again and ask for a complete investigation.

### Missouri Woman's Long Tour.

Mrs. F. W. V. Blees has started her 24 horsepower touring car on a 2,000 mile trip. The ultimate destination is New York city. She crossed the Mississippi at Hannibal and will go through Illinois by way of Decatur, Danville and Springfield.

### Dairy Inspector Qualifies.

Prof. C. R. Washburn of the university has qualified as state dairy inspector, filed his bond and received his commission from the secretary of state. He enters upon the discharge of his duties at once and his office will be at Columbia.

### Brick Depot for Lee's Summit.

The people of Lee's Summit, who have been using two box cars for a Missouri-Pacific depot for two years, have the promise of the railroad company to erect a brick building.

## RECEIVER DISCHARGED.

The Receivership of the People's United States Bank, of St. Louis, Dissolved.

St. Louis, July 18.—On motion of the attorneys for the People's United States bank, capitalized at \$2,500,000, Judge McElhinney of the St. Louis county circuit court, Monday dissolved the receivership for that institution, and discharged Receiver Seldon P. Spencer, appointed by him several days ago on the request of Secretary of State Swanger of Missouri.

Judge McElhinney's action was based on the ground that Secretary of State Swanger failed to make a personal investigation of the affairs of the bank before making application for a receiver. The court stated, that the receiver had been appointed on representations, which, it had developed, were based by Secretary of State Swanger on his impression of the conditions prevailing at the bank and its method of conducting its business and not on facts secured by a thorough investigation.

## MORE CANAL TROUBLE.

Dilatory Methods of Paying Laborers Causes a General Exodus—Labor Problem Serious.

Panama, July 15.—The bubonic plague quarantine against La Boca has been raised by the order of Governor Magoon. Owing to dilatory methods of paying labor, a general exodus of workmen is taking place among the day employees of the canal. Reports from Colebra indicate that laborers are quitting in scores and taking to the woods for bananas and other tropical fruits to ward off starvation. Unless a speedy change is made in the Treasury department methods of paying wages, local labor cannot be obtained for the canal work. The labor problem is very serious and unless some way can be found to meet the effect of the ruling of the attorney general in regard to contract labor, the time for digging the canal must be extended indefinitely.

## Peary Need Not Pay Fine.

New York, July 18.—The \$500 fine levied against Robert T. Peary's new ship, the Roosevelt, which sailed Sunday on her North Pole voyage, will not have to be paid, according to an order received Monday from Acting Secretary Garfield, of the department of commerce and labor. The Roosevelt was fined for leaving Portland recently without proper clearance papers, and a bond to secure this payment was given before the vessel could leave New York. Mr. Garfield directs the local collector to refrain from proceeding in the enforcement of the fine.

## Scorching New York.

New York, July 18.—After a respite of one day the hot wave that swept over New York last week causing scores of deaths and hundreds of cases of prostration, returned Monday with renewed intensity, the temperature being by far the highest of this season. The highest point reached was at 4 o'clock in the afternoon when the weather bureau thermometer touched 95 degrees. In the streets, however, the heat was much greater, some thermometers recording as high as 108 degrees.

## Russians Want Sakhalin.

St. Petersburg, July 18.—The Svet bitterly objects to the cession of the Island of Sakhalin, declares that it commands the mouth of the Amur river, its possession by the Japanese would constitute a constant threat to Russia in the far east and forge shackles from which the empire could never rid herself. The paper calls attention to the immense riches of the island in oil, coal, iron and gold, as well as in forests and fisheries.

## Zemstvoists Refuse to Disperse.

Moscow, July 17.—A meeting of the executive committee of the zemstvo organization in the house of K. Kolvin, president of the Moscow zemstvo, Sunday was visited by a detail of police and ordered to disperse. The zemstvoists refused and continued their discussion of the arrangements for the forthcoming congress. Afterwards they demanded permission to hold the congress, the meeting of which, on July 19, the authorities have prohibited.

## Maj. Beach Goes to Leavenworth.

Detroit, Mich., July 18.—Maj. Lansing H. Beach, for four years stationed here as lighthouse engineer, and recently given charge of the lake survey office here, has been ordered to go to Fort Leavenworth, Kan., as an instructor in engineering.

## To Test Ownership.

Pittsburg, Pa., July 18.—Sensational proceedings were instituted Monday in the United States court, under the direction of Judge Joseph Buffington, finally to test the right of coal mining companies to mine coal under navigable rivers.

## WILL TRY KANSAS OIL.

Santa Fe to Experiment with View to Using Oil on Southern Division.

Topeka, Kan., July 18.—James E. Hurley, general manager of the Atchison, Topeka & Santa Fe railway has promised representatives of the Kansas Oil Producers' Association to make the experiment of burning Kansas crude oil in locomotives.

"We are pinning our faith to this experiment," said Mr. West, president of the Oil Producers' Association. "If it is successful it means another outlet for our products. We believe that it will be successful and we are so well convinced of this that we are going to use our lowest grade oil in the experiment. Mr. Hurley has said that he will watch the experiment closely and if the fuel does not cost too much, he will re-equip all of the engines on our division with oil burners. The association will furnish free of cost to the Atchison, Topeka & Santa Fe the oil to be used in the experiment."

## HASKELL IS WARDEN.

Gov. Hoch Has Announced His Appointment to Succeed Jewett at Penitentiary.

Topeka, Kan., July 19. Gov. Hoch Monday announced the appointment of Senator W. H. Haskell, of Smith county, as warden of the penitentiary to succeed E. B. Jewett, whose term has expired. Capt. John Seaton, of Atchison, was appointed a member of the penitentiary board, to succeed Haskell. The appointments will take effect about September 1.

The appointment of a warden has been hanging fire for several months. Jewett's term expired last January, and under the old rule his successor should have been appointed while the legislature was in session, so that the appointment could have been confirmed by the senate. But Gov. Hoch divorced appointments from legislation. Jewett has made a good warden and the governor is slow to let him go.

## MONEY DODGES ASSESSOR.

Kansas Has \$111,000,000 Deposited in Banks. Yet \$5,000,000 Only Are Listed.

Topeka, Kan., July 16.—The reports from the county clerks to the auditor of state show that the county assessors could find only \$5,231,310 in money in the state and only \$4,209,175 in mortgages. The bank commissioner's report of the total deposits in all banks showed that they aggregated \$111,000,000. There is no way of determining what percentage of the mortgages were listed for taxation, but if the \$4,000,000 reported to the auditor is as small a percentage of the total as the \$5,000,000 is of the total amount of money in the state, the mortgages which escape taxation would aggregate nearly \$100,000,000.

The total amount of money reported for taxation in 1904 was \$4,303,391 and the mortgages reported that year amounted to \$3,823,757.

## GREEN CORN DANCE.

Thanksgiving Merrymaking of the Ponca Indians in Progress on Their Reservation.

Arkansas City, Kan., July 18.—The annual green corn dance of the Ponca Indians began Sunday on the 101 ranch, which is located on their reservation. The green corn dance is the only religious or thanksgiving ceremony the Ponca Indians celebrate. It is always given at the time the green corn is ripening and, during the progress of the dance, the Indians return thanks to the great spirit for the crop. This year, there are many Indians from other tribes visiting with the Poncas. The latter have allotted their lands, and this is believed to be the last time they will hold this dance. The dances will continue uninterrupted until Thursday night and the time will be given over to feasting and merry-making.

## IS PERMANENT RECEIVER.

J. T. Bradley Has Been Continued in Charge of Topeka National Bank.

Topeka, Kan., July 18.—J. T. Bradley has been notified from Washington by T. P. Kane, acting comptroller that he had been appointed permanent receiver of the First National bank of this city. The depositors had petitioned the powers at Washington for four or five different men, among whom were Congressman Curtis and Cyrus Leland.
