

MISSOURI STATE NEWS

New College Chapel Dedicated.

The A. C. Stewart memorial chapel of Missouri Valley college was formally delivered to the board of trustees and dedicated recently. A large procession, headed by Gov. Joseph W. Folk, with prominent citizens in carriages, went from the courthouse square to the college campus, where the board of trustees, faculty and alumni of the college were in waiting. All then went into the new chapel, where were William H. Black, D. D., president of the college; the board of trustees and a large number of distinguished guests from all over the United States. The chapel was decorated with the college colors. Dr. Samuel J. Nicolls, of St. Louis, delivered the address of dedication. His theme was "Christian Education Connecting the Presbyterian Churches of the United States." In the course of his remarks he referred to the recent reunion of the Cumberland Presbyterian church and the Presbyterian church. The delivery of the keys to the president of the board of trustees was then made by the donor, A. C. Stewart, president of the board of police commissioners of St. Louis, who, in an admirable address, stated the uses for which the building was given. Thereupon the keys were accepted by Erasmus D. Pearson, D. D., president of the board of trustees, in a short address.

Plowed Down Trees.

At Charleston recently a demonstration was given of the use of the steam gang plow in plowing down trees, says the Columbia Herald. The ground to be plowed was covered with willows of three year's growth. Much of the growth was four inches in diameter and there was 150 acres to be plowed. Under ordinary conditions with men and mules and the ordinary plow, the expense of putting the ground in cultivation would be too great to justify undertaking it. The engine carried the plow through the heavy timber and laid it flat under the furrow and as the work progressed the field had the appearance of never having had a twig or a sprout upon it.

How Farming Pays.

Judd Odell of Craig, Nodaway county, is one of the blue-ribbon wheat growers of Missouri. He sowed 2 1/2 acres in wheat and this year's crop yielded 51 bushels and 40 pounds to the acre, or 1,240 bushels. He sold this wheat at the elevator at 63 cents a bushel. From 24 acres he secured \$782.20, or \$32.30 an acre. Wheat is not the only profitable crop. Harvey Stewart of Ulrich, Henry county, has a bee hive only 12x13 inches in size and from it has taken 125 pounds of honey, leaving enough for the bee's winter supply. That's the bee crop record-breaker.

Their Golden Wedding Day.

In their 50 years of married life Mr. and Mrs. William Fleming Taylor spent fewer days that were happier than the day when they and their children and their children's children celebrated the golden anniversary of their wedding. Seven children, 24 grandchildren and 66 friends of the family helped celebrate. They crowded the new Taylor home at Forty-first street and Forest avenue, Kansas City. It was built and furnished by the Taylor children and given to the father and mother as a golden wedding gift.

The Mokane Case Continued.

The case of Frank H. Payne, on Mokane, was continued to the March term of the federal court at Jefferson City for further investigation. The government officers believe they will get more evidence in the case by making further investigation. This is the case where the defendant is charged with sending letters through the mails reflecting on the character of the Rev. Mr. Chapman, a Methodist minister of Mokane, Mo.

Prison Term for a Student.

Earl Sook, the ex-university student who confessed to having stolen \$1,500 worth of goods from the university co-operative store, pleaded guilty in the Boone county circuit court to burglary and larceny. He was sentenced to five years in prison and was released on parole by the circuit judge. Under his parole he is required to report once a month to the circuit judge giving evidence of good behavior.

Sang Around Lynching Tower.

Almost the entire student body and faculty of the Fourth district state normal school at Springfield recently went to the James river on their first annual picnic. The students marched from the school to the depot, about two miles, singing and yelling all the way. On the public square they stopped and sang and yelled around the tower from which the three negroes were lynched last April.

CABINET CHANGES.

A Statement from the White House Regarding President's Advisers—Shaw and Moody to Retire.

Washington, D. C. — The following statement regarding prospective changes in President Roosevelt's cabinet was made public at the White House Tuesday. On the retirement of Secretary Shaw and Attorney General Moody from the cabinet the following changes will be made:

Secretary of the treasury, George B. Cortelyou.

Postmaster General, George Von L. Meyer.

Secretary of the Navy, Victor H. Metcalf.

Secretary of commerce and labor, Oscar S. Strauss.

The general understanding for some time has been that Attorney General Moody will retire on January 1 and that Secretary Shaw will follow him March 4 next. On the first day of the year, therefore, Mr. Bonaparte, who is now secretary of the navy, will succeed Mr. Moody as attorney general, and he will in turn be succeeded by Mr. Metcalf, the secretary of commerce and labor, the latter's place being filled by Mr. Strauss. Mr. Cortelyou, now postmaster general, will take Secretary Shaw's place on March 4, at which time Mr. Meyer is to become postmaster general.

THE JAPS ARE ANGRY.

Restricting Children of that Nationality to Certain School in San Francisco Causes Protest.

Tokio, Japan.—The anti-Japanese agitation in San Francisco which was at first received here quietly, being considered as purely the work of labor interests, has culminated in stormy indignation throughout all grades of Japanese society on the receipt of news that Japanese children have been compelled to enter public schools in San Francisco devoted exclusively to Oriental children. Some of the newspapers are very angry, calling the action of the San Francisco school authorities an insult. The Japan Hochi, in its leader Saturday morning advocates reprisals. More moderate papers ridicule the action as an analogy against the pronounced humanitarianism of the United States. Those well informed, while indignant are trusting to President Roosevelt's moral courage and influence to nip a further growth of the unfortunate agitation and not to allow anything to endanger the traditional good will between the two countries.

Missouri Ouster Case Goes Over.

Jefferson City, Mo. — The ouster proceeding instituted by Attorney General Hadley against the Waters-Pierce Oil company was called in the supreme court, en banc here Monday. Commissioner Robert A. Anthony, appointed by the court to take testimony, submitted a brief report to the effect that the state had concluded its taking of testimony and that he had set November 8 for the oil company to submit testimony in behalf of the defense. He stated that he believed that he would be ready to submit his full report by January 3, 1907. The court accordingly made an order to that effect.

New York Central Fined \$108,000.

New York. — Judge Holt in the United States circuit court Friday imposed a fine of \$108,000 on the New York Central & Hudson river railroad company for granting rebates to Lowell M. Palmer, who has charge of transportation for the American Sugar Refining company. There were six counts and fine of \$17,000 was imposed in each. Frederick L. Pomeroy, assistant traffic manager of the New York Central, was fined \$1,000 on each count, a total of \$6,000. Judge Holt criticised the practices of the railroad.

Storm Damage on Isle of Pines.

Havana, Cuba.—Contrary to the statements contained in the report received by the government it now appears that the Isle of Pines suffered considerable damage from the storm. Many houses at Nueva Gerona and Santa Fe and in the intervening country were blown down, much damage was done to the fruit crops, and the wireless station was wrecked. The garrison of American marines rendered valuable service at the height of the storm in saving lives and property at Nueva Gerona.

Troops Go After the Indians.

Omaha, Neb. — A special to the World-Herald from Crawford, Neb., says troops A and D and a detachment of troops B and C of the Tenth cavalry entrained there Sunday for Gillette to compel the return of the Ute Indian band now in that neighborhood to the reservation. Orders for the movement of troops were issued Saturday morning and the Burlington had the train ready that day. Major Grierson has command of the troops.

OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from female trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for just such operations! It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrite Ryan, Treasurer of St. Andrew's Society, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham:— "I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for the trouble from which I suffered. I knew I could not stand the strain of an operation and made up my mind I would be an invalid for life. Hearing how Lydia E. Pinkham's

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Vegetable Compound had saved other women from serious operations I decided to try it, and in less than four months I was entirely cured; and words fail to express my thankfulness."

Miss Margret Merkley, of 275 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:— "Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing-down pains, and an irritable disposition compelled me to seek medical advice. The doctor, after making an examination, said that I had a serious female trouble and ulceration, and advised an operation as my only hope. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound. "To my surprise the ulceration healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well; and I cannot express my thanks for what it has done for me."

Serious feminine troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham at Lynn Mass. for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all functional troubles, inflammation, ulceration, falling and displacement, weakness, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.

W. L. DOUGLAS

'3.50 & '3.00 Shoes
BEST IN THE WORLD

W.L. Douglas \$4 Gilt Edge line cannot be equalled at any price

To Shoe Dealers: W. L. Douglas's Jobbing House is the most complete in this country send for Catalog

SHOES FOR EVERYBODY AT ALL PRICES.
Men's shoes, \$5 to \$1.50. Boys' shoes, \$3 to \$1.25. Women's shoes, \$4.00 to \$1.50. Misses' & Children's shoes, \$2.95 to \$1.00.
