

**Over-Work Weakens Your Kidneys.**

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**Over the State**

Burlington Junction is bragging about having a young lady rural mail carrier.

The city of Louisiana defeated local option last week by a majority of 164 votes.

The Missouri press association is holding its annual meeting at Excelsior Springs this week.

After the strawberry shortcake comes the watermelon, after the watermelon the pumpkin. O, the joys of living in Missouri.

The W. J. Patterson farm near Mound City raises so many chickens that the other day when a lot of 1,000 were sold they were hardly missed.

Boonville is entitled to another blue ribbon. This time she produces a citizen of color who is charged with stealing a monument for his own use.

Atehison county will not be undone in road improvement. The county board will give \$10 per mile for well-dragged roads, and private contributions will help to interest the farmers in the good roads improvement.

Three hundred young men and women will graduate this year at the state university in June. They will receive degrees as follows: Arts, 112; engineering, 58; teachers' college, 57; agriculture, 18; medicine, 9.

Talking about the man who stole the red-hot stove, here is something almost as startling. John Haberle lives five miles south of St. Joseph. Last week Haberle planted forty fruit trees. Thursday night of last week some thieves dug up and carried away every one of these trees. They left the ground and fence, but maybe they will come back after the fence.

**Local Option Convention**

In pursuance of the policy of the anti-saloon league and in view of the vital importance of obtaining state-wide local option, viewing with suspicion the efficacy of pledging candidates to work for that which they or their party leaders are not in accord, we believe the time has arrived for the local option people of Linn county to choose a candidate for the legislature of unquestionable temperance standing and integrity of character, that the people will know that the interests of state-wide prohibition will not be sacrificed to the interests of a senatorial campaign. Therefore I, as president of the anti-saloon league of Linn county, Missouri, call all temperance people and local option voters, regardless of present political affiliations, into convention in the G. A. R. hall at Laclede on June 2, 1908, to select from among themselves such candidate for the legislative office only.
