

Women Suffer

much needless pain when they delay using Cardui for their female troubles. Cardui has been found to relieve headache, backache, pain in the side and dizziness, arising from deranged organs. It does more than relieve,—if used persistently,—many have written to say that it cured them.

TAKE CARDUI

It Will Help You

Mrs. Maxwell Johnson, Tampa, Fla., writes: "Cardui cured me after doctors and everything else had failed. I had been suffering with numb spells ever since I was 16 years old. One day I decided to take Cardui. I have now taken 5 bottles and I can say that it has cured me. I advise all suffering women to give Cardui a long and fair trial."

Mrs. Johnson suffered years. Have you? Do you wish to? But why suffer at all? Take Cardui. Give it a fair trial.

Farmyard Notes

From the Farmer and Breeder

A gasoline engine and a manure spreader are about the two cheapest farm hands going. They never get sick and work the year round without grumbling.

About the first thing the average farmer ought to do is to build up the wasted fertility of his soil. Until this is done you can't expect to raise good crops.

Brains and energy spell success on the farm these days more than ever before. Most farmers have both in sufficient quantity, but simply don't use them.

Have the floors of your corn cribs up high enough from the ground so the dogs and cats can get under it. That's one good kind of "rough on rats."

It's a good idea to put in a few of these winter days chopping a big pile of wood for next spring and summer. Then you won't have to do it when spring work begins.

One of the prettiest things in the world is to see a father and his daughter be real chums—sort of sweethearts, as it were. It's not often that you hear of a girl like that eloping.

The best investment you can make is to buy a manure spreader and scatter every pound of manure that's lying around your barn and feed lots over your fields before the winter is over.

If you smeared some unsalted

Do You Get Up

With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

tallow or coal oil on your plows and cultivators before you put them away last fall, you'll save a couple of days' work as well as a lot of patience next spring. Or are yours still standing out in the fields?

The farmer who doesn't read up-to-date farm papers is in the same class with the doctor who doesn't keep up with his profession. Fortunately for the welfare of human life, however, there are far less proportionally of the latter than of the former.

After all, brother farmer, your children are your best asset. Don't neglect them, for there is nothing more precious in all the world than its bright-faced boys and girls. They are the sweetest comfort of the present and the glorious hope of the future.

January, February and March are often wet, sloppy months. If you expect your stock to do well this kind of weather, see that they have a dry place to eat and sleep. It's not only a whole lot better for the physical welfare of the stock, but it saves feed.

Good roads do a great deal toward enhancing the value of farm lands. If the roads in your neighborhood are in a bad condition, why not organize a road district under the new road law? Your county highway engineer can tell you how to go about it.

We believe in every farmer housing his stock in fine barns and sheds, but we believe along with this the farmer should live in a good, comfortable, neat appearing house himself. Your family is entitled to modern comforts as well as the horses, hogs and cattle.

Every wide-awake farmer in Missouri should read the Farmer and Breeder—Missouri's great new farm and stock journal. It is a big monthly and costs only 50 cents a year. It is published in the home of Missouri's great agricultural college, the Missouri experiment station and the state board of agriculture and tells you what these great institutions are doing for the thinking farmer. It gives you the latest thought in raising all kinds of farm crops, handling and breeding live stock, dairying, poultry raising, fruit growing, etc. Subscribe for it now and read it during the remainder of the winter. It will enable you to make a lot more money next year than you ever made before. THE BLADE will forward your subscription for you and save you the trouble. Do it the next time you come to town. In order to make a success of farming in this day and age you must read and think.

Substitute for Bridge.
"The Intellectuals" is the name by which a number of commuters who travel daily between their summer homes and New York are known by their fellow-travelers. They make what they call "a white horse pool" every morning. They sit with their faces close to the windows, looking for white horses along the line of the road. The man who guesses nearest to the number encountered gets the pool.

Discovered at Last.
Certain bacteriologists have been enlightening the public as to the value of tears. A good cry, they say, that washes the face with tears, is an excellent antiseptic bath. Owing to the large percentage of sodium chloride, or common salt, which they contain, they sterilize the delicate mechanism of the eye and render harmless the bacilli which may have found lodgment on the cheeks.

Railways in Canada.
Out of 206 railway charters granted by the Canadian parliament in the 20 years ended 1909 only 28 have resulted in any construction, 86 have lapsed and the others have received extensions of time. Exclusive of the Canadian Pacific, Grand Trunk Pacific and Canadian Northern, the charters granted called for 63,809 miles construction.

Japanese Trade Decreases.
In 1908 purchases of Japanese porcelains, lacquers and bronzes by England, France, Germany and the United States decreased by \$1,000,000. Exports to China fell off \$12,500,000 generally, owing to the reduced value of silver and the Tatsu Maru boycott. All exports decreased except mats, floor matting and refined sugar.

Australia Exports Rabbits.
Australia has turned her pest into a profitable industry. During the last five years 14,433,000 frozen rabbits have been exported from Victoria, principally to England; also 96,242,000 skins, while 5,000,000 skins went into local consumption, making a total of 103,242,000 skins.

New Norwegian Railroad.
After the completion of the railroad from Christiania to Bergen the journey between the two largest Norwegian cities can be made in 13 hours, instead of in 50 hours. The total cost of this railway is estimated at \$15,000,000.

Increasing the Voltage.
While 60,000 volts was considered a minimum tension for transmission lines a few years ago they are now using 72,000. An 80,000-volt line 13½ miles long is now building, and a line has been built designed for 100,000 volts.

For Sale
My residence property in North Laclede, consisting of six room house, barn, good cistern and living well; all kinds of fruit; for sale. Apply at once.

SARAH MOSS.

No Rest Day or Night

"I would lay awake for hours without any apparent cause, or dream terrible dreams which would bring on extreme spells of nervousness. After taking Dr. Miles' Nervine and Tonic for awhile I could sleep well, and the nervous spells have left me." MISS ALMA HUG, R. R. No. 4, Canal Dover, Ohio.

Without sleep the nervous system soon becomes a wreck, and the healthful activity of all the organs obstructed. Restful, body-building sleep accompanies the use of Dr. Miles' Nervine because it soothes the irritable nerves, and restores nervous energy. When taken a few days according to directions, the most restless sufferer will find sleep natural and healthful. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

Colonist Rates to Pacific Coast

March 1 to April 15

\$27.25 to San Francisco, Los Angeles, San Diego.
\$27.25 to Portland, Tacoma, Seattle, Everett, Vancouver, Bellingham and Victoria.
\$27.25 to Spokane, Wenatchee, North Yakima.
Similar rates to many other points

Through tourist sleeping cars daily from Chicago, St. Louis, Kansas City, Omaha and intermediate points. Personally conducted excursions on frequent dates.

Burlington Route

Ask for descriptive booklet telling all about routes and rates and tourist sleeping cars.
