The Big Horn of Plenty

That's the Big Horn Basin of Wyoming! The 1914 irrigated crops are the heaviest in its brief history of development! Thousands of tons of alfalfa, wheat and oats, on Government and private irrigated lands! Oil discoveries—frequent! 26,000 population already, with the Burlington's new main line through the heart of it! Increased land values certain! You can homestead an irrigated farm in this rich section of Wyoming; or, you can rent lands on shares, until your experience in irrigation shows you its wealth of possibilities! Do not locate until you write me for a Basin Folder and go with me through that wonderful land,
I am employed by the Burlington to help you! My services are free! And, I conducted home-seekers' excursions on the first and third Tuesdays of each month! Can't you go with me next time? S. B. Howard, Assistant Immigration Agent, R. 386b, 1004 Farnam Street, Omaha, Nebr.
