THRIFT STAMPS TO SHOW PATRIOTISM

PURCHASE OF SMALL SECURITIES SURE SIGN OF BUYER'S AMERICANISM.

BEAR 4 PER CENT INTEREST

Official Intention is to Have These Evidences of Loyalty Scattered Widely Among People—Redeemable in Gold.

By **FESTUS J. WADE,**

Director for Missouri War Savings Committee.

Explanatory statement relative to War Savings Thrift Stamp and War Savings Certificates:

A campaign for the sale of \$2,000,000,000 of War Savings Stamps and War Savings Certificates was inaugurated in the early part of December.

The primary purpose of this new issue of government securities is to create thrift among the people of the nation and place within the means of every man, woman and child of the country an opportunity to buy a government security in units as low as 25 cents. Therefore, arrangements are rapidly being made to place on sale at all postoffices, all banks and trust companies, all railroad offices and all business houses, wholesale and retail, two kinds of securities:

(a) The Thrift Stamps are sold for 25 cents each, and when the purchaser has accumulated 16 of these stamps he may go to his bank or trust company, or to a postoffice, and by paying 12 cents and turning in \$4 in stamps he can secure a \$5 Government War Savings Certificate Stamp, due five years after Jan. 1, 1918. The difference between the purchase price of the Certificate Stamp, i. e., \$4.12, and \$5, the face of the Certificate Stamp, is interest at the rate of 4 per cent per annum compounded quarterly.

(b) Those who wish to purchase the Certificate Stamps up to \$1,000 may purchase same by paying \$4.12 for each of the Certificate Stamps purchased. The difference between the purchase price, \$4.12, and \$5, the face value of the Certificate Stamps, represents interest at the rate of 4 per cent per annum for a period of five years and compounded quarterly.

The purchase price of Thrift Stamps remains the same at all times, namely 25 cents. The purchase price of War Savings Certificate Stamps, being \$4.12 in the months of December, 1917, and January, 1918, increases at the rate of 1 cent per month thereafter.

In order to absolutely secure the widest distribution of these Certificate Stamps, it is against the law for any one person to own more than \$1,000 of them.

In order to avoid inflation in the currency of the country, these stamps are made non-negotiable, payable to the purchaser and not to the bearer, and, therefore, are not transferable. Should a purchaser wish to cash them in before they mature, they will be redeemed at any postoffice, and interest will be returned at the rate of approximately 3 per cent per annum, but they cannot be sold from hand to hand.

It is the hope and expectation of the government that these notes will be distributed among at least 25,000,000 inhabitants of the United States of America.

The underlying principle behind this whole issue is that \$2,000,000,000 of the war loan will be held by at least 25,000,000 people of the nation who have really saved that amount within the war period, as it is distinctly a thrift and saving issue and is known as the Thrift Stamps and War Savings Certificate Stamps. It has for its additional object the inducement of those who carry pennies, nickels, dimes, quarters and dollars in cupboards, safe deposit boxes or other places to turn in the ready currency or coin to the government in order that it might be circulated throughout the nation and thus strengthen to that extent the financial power of the nation.

It will be seen, therefore, that, aside from the raising of a war fund, each 25 cents or \$4.12 contributed to this distinctly thrift war saving plan will leave with the people of the nation these stamps, which will be redeemed at the end of five years, thus avoiding to that extent any inflation and also putting the people of the nation, irrespective of their station in life, in a position of owning \$2,000,000,000 of the war loan.

A better security was never issued, nor can be issued. It is the mortgage of all the United States and its resources.

sessions. It is guaranteed by the loyalty, fealty and confidence of 100,000,000 people of the nation, and, therefore, it is expected that it will receive the unanimous endorsement of the men, women and children of the nation.

These War Savings Certificate Stamps are better than gold, silver or paper money, for the simple reason that \$4.12 in gold, silver or paper at the end of five years is worth only \$4.12, whereas if you invest each \$4.12 you own in these War Savings Certificate Stamps they will be worth \$5 in gold at the end of five years.

Hog Prices Safe

The state board of agriculture has carefully investigated the question of government supervision of pork prices, and announces absolute confidence in the policy adopted to regulate the market prices of the oncoming hog crop with \$15.50 as the Chicago minimum. The board says "Grow hogs, feed hogs."

W. C. T. U. Meeting

The Woman's Christian Temperance Union held their regular meeting at the home of Mrs. Carl F. Sayles Tuesday. A most enjoyable afternoon was spent. Clara Hoffman birthday was observed and day of national prayer for national constitutional prohibition was held, the lesson being prepared and well rendered by Mrs. Patterson.

Eight members and five visitors were present. The union was entertained with special music by Miss Beatrice Harter, violin, and Miss Kathryn Harter, pianist, and a vocal duet by Misses Enlah and Helen Strickel.

Meeting adjourned to meet with Mrs. Bassett in February.
