

Scott County Kicker.--Supplement.

Benton, Mo., December 12, 1908.

DIDN'T KNOW GEOGRAPHY.

In one of the Philadelphia public schools is a girl whose forbears held that the principal aim of the life of a woman is marriage. This little girl is well up in most of her studies except geography. The other day her teacher sent to her mother to see that the girl studied her lesson. The next day showed no improvement, and the teacher asked her whether she gave the note.

"Yes, ma'am," was the reply.

"And did your mother read it?"

"Yes, ma'am."

"What did she say?"

"She said that she didn't know geography an' she got married, an' my aunt didn't know geography an' she got married, an' you know geography and you haven't got married."
