

Forty-Five Thousand Dollars Worth of Goods

TO SELECT FROM.

From now until the first of January we intend to unload all of our Winter Goods, and we will make prices never heard of on this kind of goods.

Our Eastern buyers can't resist the temptation of buying Over-Coats, Jackets and Cloaks, when they can buy them so cheaply at this time of the year, consequently we are getting in new Over-Coats and Ladies' Jackets, and the prices are very little more than half price, especially in Ladies' Fine Jackets. If you want to buy a nice Jacket before the holidays, come and see ours. We have moved them all down stairs, where you can get at them easy.
