

Papers for the Farm.

The large and increasing circulation of The Live Stock Indicator in this county is a matter for congratulation to the publishers and to good farming, for, of all the papers of its class in the country, it is easily the best and most helpful. Its Special Farmers Institute editions, issued with the regular edition the first week in each month, have been for years the admiration of all practical farmers. Written wholly by farmers, they are full of actual experience and smell of the soil. We have been fortunate enough this season to secure terms for The Indicator and its Special Farmers Institute Editions, together with The Poultry Farmer and The Farmers Mutual Insurance Journal, four of the most valuable farm publications in the country, that enable us to offer the four in connection with our own paper for \$1.25 for the entire five, one year. This is emphatically a good thing, and no farmer in this country should fail to take advantage of the offer. For a large line of thoroughly practical farm reading, nothing has ever been offered before that equals it. A county paper, a farm paper, a poultry paper, a farm insurance paper and the Special Farmers' Institute, all for \$1.25. Come in and order them.
