WHAT'S IN A NAME?

(Benson's Plaster is Pala's Master.)
 In the days of 'wild cat' money in the West, the Ames shovels were used as currency. They were as stable as gold; their price did not vary a cent in twenty years. The very name of Oliver Ames & Son, was a synonym for honesty. It was current all over the world.
 On the same principle Benson's Porous Plaster is the universal standard external remedy. To say it is a 'good' plaster does not describe it; it is the best possible plaster. For every disease in which an external remedy is available, Benson's Plaster is used almost as a matter of course.
 Benson's Plaster quickly relieves and cures where other modes of treatment are either exasperatingly slow or have no good effect whatever. Coughs, colds, lumbago, kidney trouble, rheumatism, lame back, etc., are at once benefited and soon cured.
 Capsicum, Strengthening and Belladonna plasters have none of the curative virtues of Benson's. More than 5,000 physicians and druggists have commended Benson's Plaster as a remedy in which the public may have implicit confidence; while, in a comparative test with other plasters, Benson's has received fifty-five highest awards. Beware of substitutes and cheap imitations.
 For sale by all druggists or we will prepay postage on any number ordered in the United States on receipt of 25c. each.

Highway Robbery.

Charles Luce, who teaches the "Trigg" school, about three miles south of Herndon, came to Marshall last Saturday and collected a school warrant for \$40. He put the money in a book which he carried in his inside pocket, and started for his home in Herndon about 7 o'clock in the evening. When he was about one half mile south of Finnis creek and about four miles from Herndon, he met two men on horseback and one of them told him to halt and throw up his hands, but Luce did not obey the command until he was forced to look into the barrels of two pistols. He was told to hand over his money, but he replied: "You don't expect a man to have money these times." But the robbers said: "Teachers usually have some money once a month."

One of the men dismounted and walked to the rear of the cart in which Luce was riding and went through his pockets. After taking all of Luce's money they ordered him to drive on and not look back. Sunday morning Luce, in company with the constable, returned to the scene of the robbery and found the book which had contained the money. Luce is confident that one of the robbers knew him and knew that he had cashed the warrant on that day.

"LUCKY"

Is often the name given by careless and thoughtless people to those who are careful and thoughtful. "What a lucky woman," is said of one whose health and beauty proclaim her free from womanly diseases. The luck often consists in her having thoughtfully considered the merits of Dr. Pierce's Favorite Prescription and proved its ability to cure the diseases peculiar to her sex.

"Favorite Prescription" is a reliable medicine for the cure of womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.
 "I had poor health for nine years," writes Mrs. Arminie Watkins, of Acme, Kanawha Co., W. Va. "Had female weakness, was very irregular and would suffer untold misery. Our family doctor did not do me any good and I concluded to write to you. When I wrote I had no idea that I would ever get well, but when your letter reached me I began to have hope. I commenced taking Dr. Pierce's medicines as directed and began to improve in strength. I was soon able to do the work for my family of six. I took eight bottles, three of 'Favorite Prescription' and five of 'Golden Medical Discovery' and two vials of 'Pellets.'"
