**TO ADVERTISERS:**  
This is the only Republican paper in Saline county, represents 15000 people and advertising is taken with a guarantee that the Republican has the second largest number of subscribers of any paper in the county.

ATTORNEY GENERAL HADLEY announces that he will not be a candidate for governor. He ought to know. We are sorry that he will not permit the use of his name.

If anyone having lost money in Marshall by gambling will give us a signed statement, giving the names of persons in the game, we will publish this statement and withhold your name unless compelled by court to reveal it, which would not be likely to be asked.

You will no doubt have a chance at the spring election to vote on a proposition of making Marshall a third class city. We believe it ought to be done. Marshall is one of the few cities of Missouri of its size in the fourth class. There is no difference in the taxes and a big advantage in some respects. It will give our city a police judge and will make the position of mayor or one of honor instead of a grab for the few dollars that it pays. Vote for it.

We are told that instead of \$61 worth of worthless checks passed by young John Kirby, of Gilliam, the amount has been found to run nearly to \$250. Many of Marshall's most thrifty people are mourning over the loss of from five to twenty dollars. On inquiry, we were also told that most of this money was lost right here in Marshall in gambling. We have repeatedly called attention that gambling is going on right on the public square to an alarming extent and we called on an officer for an explanation. He said he was well aware of it, but that the force was helpless on account of the difficulty of securing evidence that would convict any of the gamblers. About the only way to get evidence, he says, is to find someone who has been fleeced and then use him as a witness. Do you know of anyone willing to testify?

AMONG the school men favorably spoken of for the Republican nomination for state superintendent perhaps no one is better known throughout the state than Superintendent G. V. Buchanan of Sedalia. Mr. Buchanan is just in the prime of life, has had unusual opportunities both as a student and teacher, is a gentleman of broad information and unusual culture and is regarded as uncommonly skillful in securing results in all his undertakings. His friends claim as one of the most important qualities to a candidate, that his education and experience in teaching have both covered every kind of school work comprised by our state system of schools, thus making him essentially a practical man. We under-

stand that Prof. Buchanan has not decided to enter the contest for nomination, but has the matter under advisement.

Prof. William P. Evans, principal of the Chouteau school, in Carondelet, has also announced his candidacy for the Republican nomination for state superintendent of public schools, to succeed W. T. Carrington. Prof. Evans is well known among St. Louis educators and also as a citizen. He was educated in the country schools of Cass county, Mo., and at William Jewell college, and graduated from Washington university in 1884. He taught at Granby, Newton county, and since 1888 has been connected with the St. Louis public schools as teacher in the high school and later as principal of various grammar schools.

The most common cause of eye troubles is a defect in the curvature of the eye ball which causes light to focus either in front or back of the retina.

To overcome a defect of this kind, one has to strain the muscles of the eye, which causes headaches, nervousness, etc.

We make a careful examination of your eyes, inform you of the cause of your trouble, and make no charge for examination.

**Distinctively Different, In Every Way the Best.**

The Weekly Globe-Democrat, of St. Louis, covers a field peculiarly and exclusively its own. It is issued twice every week. A big SEMI-WEEKLY paper. Eight to ten large pages every Tuesday and Friday. One Dollar a year. Nothing particularly different, you say, about that—there are other "Twice-a-Week" papers. Yes, but the similarity ends there. No other paper is like the Globe-Democrat in any other respect. No other paper equals the Globe-Democrat in any respect. An entirely unique feature of the Globe-Democrat, a feature which is highly prized by its readers, is its systematic method of preserving and presenting the CONTINUITY OF NEWS. The two papers each week, Tuesday and Friday, are carefully prepared with the view of giving the complete news of all the world for that week. They are so combined in the make-up as to form continuous and connected stories of the various important events, showing the developments from day to day and the final results. Other weekly and twice-a-week papers, as a rule, print only a few telegrams of the day of issue. The "Twice a Week" Globe-Democrat gives the telegrams of every day in the week more comprehensively than the average Daily, and of more value to the average reader. Moreover, the "Twice-a-Week" Globe-Democrat is not simply an echo of the Daily edition. It is a separate and distinct publication, especially prepared to supply the requirements of people who want all the news of the earth—and something more. It presents the World's daily history in concise but complete form. It is of equal interest in all parts of the United States. It is invaluable alike to men and women, young and old. It thoroughly provides for ever member of the family. In high-grade literature it particularly excels. Its market reports are correct and complete in every detail. Its departments are devoted to "The Home," "The Farm and Garden," "The Family Circle," "The Sunday School," "Science and Industry," are each and all THE BEST of their kind and either one is more than worth the subscription price of the paper. In politics it is strictly REPUBLICAN, but it is above all a newspaper, and it tells the truth without fear or favor. It has no equal or rival as a great National news and home journal. Remember the price only One Dollar per year—104 papers—less than one cent a copy. Postage prepaid. You will make no mistake if you send \$1.00 TODAY for a year's subscription. Or you can get your own paper ONE YEAR WITHOUT COST by inducing two of your neighbors to subscribe and sending their names with \$2.00. FREE SAMPLE COPIES, containing order blanks and full particulars, will be cheerfully furnished upon receipt of postal card request. Address Globe Printing Company, Publishers.
