DAILY DIET HINTS

By DR. F. J. ALLEN Food Specialist.

RIGHT ATTITUDE TOWARD DIET.

We do best that which we do unconsciously—or, rather, subconsciously. This is especially true of digestion, as of all other sub-conscious acts.

(Copyright, 1909, by Joseph B. Bowles.)

The flood in our vast river bottom is a calamity to many of the people residing there that deserves notice and assistance from our charitable people.

John D. Rockefeller increased his gift last Friday to the general education board by a gift of 10 million dollars, and also released the board from the obligation to hold in perpetuity the funds contributed by him.

The Missouri Labor Bureau estimates the products of the sheep industry of this state at six million dollars this year and points to the fact that at present price of wool it is a very well paying venture.

Somehow that dreadful thing called imperialism has not yet materialized, though we were warned by impassioned Democratic orators and deluded Democratic editors that it would surely follow the election of Roosevelt or the election of Taft.

Just now such alleged statesmen as Ben Tillman and Joseph W. Folk are receiving big pay from summer Chautauqua managers for telling the people what they don't know about the science of government.

Missouri has begun a crusade to make the county poor farms profitable. The college of agriculture is furnishing free seeds to officials in the various counties, the plan being to have pedigreed grain raised with the greatest care and the seed in turn sold to the farmers of that particular county.

Boy Hunter's Awful Mishap

East St. Louis, Ill., July 2.—His eyes destroyed by the accidental discharge of a shotgun, crazed with heat and thirst, Gregory Buginsky, 14 years old, of West Granite City, Ill., wandered aimlessly about an uninhabited island in the Gaberet slough for two days and nights.

At the hospital the boy was able to give a disconnected account of what happened on Gaberet Island. "When I got in the middle of the island," he said "I got the trigger in the gun caught in the branch of a tree. It went off. I fell to the ground. When I got up—I guess it was a couple of hours afterwards—I could not see anything. The pain in my head was awful and I was so thirsty. I was afraid to move because there is water all around the island and it is deep.

"I think I went to sleep for a little while. When I woke up I was burning. My head was hurting worse and I was so thirsty. I bit my arm to get some blood to drink, but it hurt so much that I stopped."

A Big Bonus

It is reported that Sparks Bros. Mule and Horse Co., which has just announced that the company will move to St. Louis, was given a bonus of \$100,000 to induce them to make the move.

\$500,000 to William Jewell

Liberty, Mo., July 3.—Subscriptions to the \$500,000 fund for William Jewell college were counted this evening and it was found that the necessary amount has been raised. This is the largest amount ever raised by a Missouri church school in so short a time.

The offer from the state educational board was \$125,000 provided Missouri Baptists raised \$375,000 in a given time. The names of donors cannot be made known on account of some not wanting their gifts made public.

The largest gift from Kansas City was \$12,500 donor not to be made public. The largest in St. Louis, 12,500, donor not to be made public. The total gift from Kansas City were \$40,000, and from St. Louis, \$41,000. The last three weeks showed one of the most remarkable canvasses ever made, the school raising \$100,000 in that short a time.

Of the \$500,000, \$200,000 will be put in new buildings, and the remainder in the endowment fund.

Circus Is Tomorrow

Ringling Brothers Give Same Performance Here as in New York City

PARADE AT 10 IN MORNING

Great Organization Bigger and Better Than Ever Before.

With fresh laurels won during its tremendous season at Madison Square Garden in New York, Ringling Brothers' World's Greatest Show will arrive in Marshall tonight, the first section of the mile-long special train reaching the city not long after midnight. The other four trains will follow us closely as possible, and by sun-up a sea of canvas will be undulating over the spot where the frisky gopher was wont to gambol.

After the unloading and the building of "Ringlingville" the parade will wind in majestic column over the usual route. It will start from the grounds promptly at 10 o'clock. It will be three miles long and one long panorama of world wonders, gathered from every zone. Nearly 1,300 men, women and children and over 600 horses will take part. The down-town ticket office will be located in P. H. Franklins' Drug Store and reserved seats and admissions may be bought there at the regular prices charged on the circus grounds.

There will be two performances here and each will be given exactly as presented in New York City. In the afternoon the doors will be opened at 1 o'clock and for an hour there will be given an operatic concert by Albert C. Sweet's famous band while visitors are inspecting the menagerie. The doors at night open at 7, the performance beginning at 8.

The Schumann performing horses the telephoning elephants, the double-somer-saulting automobile, the Arthur Saxon trio of modern Samsons, the baloon pig, Roblideo, the Mexican wire dancer and all the world's amusement enterprises will make the day one long to be remembered.
