It May Be Pneumonia
"A hard chill, pain through the chest, difficult breathing. Then fever, with great prostration." If this should be your experience, send for your doctor. You may have pneumonia! If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done. Then do as he says. No alcohol in this cough medicine. J.C. Keep the bowels in good condition. One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following.
