Faithful Reproductions

If it were necessary we would buy our goods in Paris but as we can get the faithful reproductions from New York made better, of finer materials, manufactured in this country at about one-third the price charged by Paris tailors, we buy in New York. Should you go to the city you could not get any better garments than we are showing, but you pay more for them, besides paying for all alterations.

Attractiveness of Form

A man or woman who wants to appear at their best on all occasions, carefully considers the best means to improve their appearance. Most women can protect and sometimes improve their figures by wearing the right corset. Did you ever wear a HENDERSON and continue to wear it to get the benefits it gives?

the stand. A splendid program was rendered consisting of instrumental solos and duets, etc., to say nothing of the fireworks and the band concert by Saline county's best band. Although the weather was cool the \$100.00 cream alone exceeded \$120. Many musicians from various parts of the state united in saying that Slater had a band to be proud of and one equaled by none in this section of the country.
