## DEATHS

**MRS. ANNE ELIZABETH CARR** was born in Washington County, Tenn., April 17, 1850. She was the oldest daughter of Daniel and Louisa Brumit. She was married to George W. Carr October 12, 1870. To this union were born twelve children, of whom seven have passed away. Her husband and five children survive. The children are Mrs. Chas. Deibel, Mrs. Will Huffman, Floyd Carr and Misses Edna and Wilda Carr. She has also one sister and one brother, Mr. J. L. Brumit, of this county and Mrs. S. S. Cave, of Higbee, Mo. She joined the Jonesboro Baptist church in Tennessee at the age of seventeen. She and her husband came to Saline county in 1870 and joined the Bethel church by letter and remained with that church till the organization of New Prospect church in 1884.

Mrs. Carr had been ill for some months with affliction of the heart and was not surprised that at any moment she would pass away. She said she was prepared to go. Calmly she fell asleep about the breaking of the Sabbath day, October 2nd, 1910. She retired early, as usual and her husband waking in the early morning, found her quiet in the embrace of death. What a Sabbath dawning this was for her. She was a great home woman. She loved her family and her friends ardently and made her home a happy meeting place for everyone.

She was a true wife, a loving mother and lived the life she professed. She told her husband she had not an enemy in the world as she knew of and wanted to live and die in peace with everybody.—**Slater Rustler.**

**T. A. UMBARGER**—The remains of T. A. Umbarger who died at his home near California, Saturday Oct 8th were brought to this city for burial on Sunday, the funeral taking place from the Paris Walker undertaking rooms on Monday morning, burial in Ridge Park. Deceased was 63 years old and was for over forty years a citizen of Saline county for many years residing in the Mt. Olive neighborhood where he had been an elder in the Cumberland Presbyterian church. Having been twice married he is survived by five children of the first union, his widow and son, four years old.

**EDWARD BEALL**—The remains of Edward Beall aged 50 years who died in New Orleans, October 5, at the home of his brother were brought to Marshall Friday afternoon and taken in charge by Paris Walker. Deceased was an old resident of Saline and had just lately gone to New Orleans for his health. He was never married. Funeral was conducted by Rev. Wm. Varde man at Mt. Carmel.

**MRS. ANGELIQUE F. PLOURD** died at the home of her daughter, Mrs. A. G. Griffiths, at 7 a. m. Monday, October 10th, at the advanced age of 87 years and 9 months. Mrs. Plourd received a paralytic stroke last week as mentioned in the Republican and owing to her advanced age did not recover from it. She was a splendid old lady and her life was a well-spent one. She is survived by four children—Gus Plourd of Nelson, Mrs. A. G. Griffiths of Norton; Mrs. Wm. Weinreich, Marshall; Jos Plourd, of Norton. Funeral services were conducted by Father O'Neil at the Catholic church Tuesday morning after which her remains were laid to rest in the Catholic cemetery.

**MICHAEL J. CAIN** died at his home on West Arrow Thursday evening after a several weeks serious illness. He is survived by his wife and two daughters. He had a wide circle of friends and acquaintances who are made sad by his death. Funeral services were held at the Catholic church Sunday afternoon and burial at Ridge Park cemetery.

Mr. and Mrs. Q. N. Merrill and daughter are visiting Mr. Merrill's father in Ohio.

**W. E. GOODE**, a prominent and wealthy citizen of Slater, died Wednesday at 3 a. m. of old age. Mr. Goode was nearly 90 years old. He was the father of Mrs. Henry Meade and had other children around Slater. He was also an active and prominent Methodist.

**HENRY BOYER** a former citizen of Marshall and Saline died at his home in Jacksonville, Fla., October 8, 1910. Deceased was a brother of our former townsman, J. H. Boyer, and was at different times associated in business in our city, being proprietor of the old Ming Hotel for several years.

**MISS EDNA FINNELL**—One of the sad events of the week were called upon to chronicle is the death of Miss Edna Finnell who passed away Thursday, Oct. 6th, after an illness of nearly two years.

To know Edna was to love her and to respect her life. She has been a member of the Baptist church since a very young girl and has ever been true to her profession always seeking for others well being rather than her own. But in such a quiet gentle way that she will live long in the minds of all that knew her, and through her years of suffering she was never known to murmur but was ever ready for her Savior to call her home. She leaves a large number of relatives and a host of friends to mourn her loss. Her funeral took place Friday, Oct. 7, from the family residence conducted by her former pastor, Rev. D. C. Bolton and she was laid to rest at Little Grove cemetery. Great sympathy is felt for the sister and other relatives left to mourn her loss.

### A Narrow Escape

Freddie Reed, a 9-year-old boy of Herndon had a very narrow escape Monday. He was holding a horse and hung the bridle reins over his head. The horse became scared and ran away dragging the boy by the neck. J. M. Henley acted the hero and by cutting the rein and stopping the horse saved the boy. He suffered a few bruises

## Fay Conway Dies Suddenly

### Coroner's Jury Declares Death Due to Causes Unknown.

Our city was thrown into a fever of excitement Saturday night when a report got out that Wm. Armstrong, recently released from jail, had killed his brother-in-law, Fay Conway, and the report was accepted as facts without inquiry.

As near as we can learn the boy, who was about 19 years old, dressed up in a new suit of clothes bought by his guardian, J. T. Conway, and left for his sister's Saturday evening about 4 o'clock. Here he and Mr. Armstrong took a number of drinks of whiskey Mr. Armstrong had in the house and at about supper time they got into a scuffle in which Mr. Armstrong says he slapped Conway, who fell against a chiffonier and cut a small gash over one eye.

Physicians were called, but could do nothing for him, but testified at the coroner's inquest Tuesday afternoon that they thought the boy died of alcoholism and not of the slight wound received by the fall.

The jury meditated only a few minutes when they signed the following statement:

We the jury having been duly sworn and affirmed by Dr. G. E. Scrutchfield, coroner of Saline County, Missouri, diligently to enquire and true presentment make, in what manner and by whom Fay Conway, whose dead body was found at the residence of W. A. Armstrong on South English Ave, Marshall, Mo., on the 8th day of October, 1910, came to his death, after having heard the evidence and upon full inquiry concerning the facts and a careful examination of said body, do find that the deceased came to his death at the hour of about 11.30 p. m. on the 8th day of October, 1910, in the town of Marshall, state of Missouri from causes to this jury unknown.

This virtually exonerated Mr. Armstrong and he was given his liberty.

### Stock Market.

National Stock Yards, Ill., Oct 12 Receipts of cattle this week have been liberal at all points and the quality at our market has been pretty fair. Chicago is complaining very much about the quality being very common. The best cattle do not show a decline of more than 10c. The fair to good cattle are about 25c lower and the common kinds, 10 to 15c lower. Choice yearling steers and heifers are in good demand and are full steady. The best cows are slow sale at about steady prices, all others 10 to 15 lower. Bulls steady. Stockers and feeders 15 to 25c lower and very dull. It looks like we are going to have continued liberal receipts of cattle and our opinion is that half fat and plain kinds that will come within the next few weeks, should be marketed at once as it looks like this kind will get lower. Look for the good kinds to hold up.

Our hog market the fore part of the week broke 15 to 25c. Most all that decline was regained today and today's market was strong and 10 to 15c higher. Top \$9.20, while most of the light shipping and butcher hogs sold from \$9.05 to \$9.15. Mixed hogs sold better today than they have for several weeks and sold from 8.85 to 9c. Prime heavies and rough throw outs are selling from 8.25 to 8.60. We look for light receipts to continue and an unsatisfactory market.

The sheep market has been advancing here all the week. Receipts have been light and all mutton sheep and lambs been in active demand at the advance. Top lambs so far is \$7.35 with bulk of the sales at \$6.50 to \$7.00 with medium kinds 5.85 to 6.25. Culls, \$5.00. Muttons 4.25. Stockers in light demand at 21-2 to 31-2c. Bucks \$3. Breeding ewes 4 to 41-2c.

### The Reed Meeting

Hon. James A. Reed spoke to a large audience in the opera house Monday night. He is the greatest orator in Missouri but we believe he is lacking in statesmanship power as shown from his speech, which required two hours to deliver—one-half of his time was used in introductory remarks and a triade of abuse against the Republican party and especially against the present officers or the official family of the President. This criticism was most violent, unnecessary and uncalled for and no fair minded man could approve of it.

He recalled the year of 1893 when the Democrats were divided and the results. It was plainly to be seen that he wished to refresh the minds of the audience of the desertion of D. R. Francis, though he never mentioned his name.

He stated the fact that Mark Hanna was elected chairman of the national Republican committee in 1896 and he said he went to the money power in the east and first secured 23 millions of dollars and later on additional 5 million making 28 million in all to elect McKinley—to which we do not agree. We can not fully believe in this fair land of ours that liberty has departed and freedom is only a mockery. But if such was the case it was one of the most glorious purchases of an election in the records of history when we consider the destitution, suffering and want that abounded throughout our land during the reign of low tariff under the Cleveland administration.

Under the McKinley administration it was prosperity and happiness on every hand, which yet abounds. His remarks on the tariff were, like the first part of his speech, filled with abuse and no doubt many misleading statements. One of his assertions as well as of many other Democrats was that the tariff had not been revised downward but upwards. The Republicans contend there has been a substantial reduction. One or the other of these statements of the two parties can not be true when they are opposed to each other, and we ask our readers to investigate for themselves.

### Got Four Premiums.

H. C. Gadberry of near Miami was fortunate in securing some fine premiums on bees and honey at the State Fair last week. He captured the blue ribbon on three banded Italian bees, and second premium on Golden Italian bees. Also first premium on black bees and second on 12 section of honey made from fall flowers. Besides the ribbons, Mr. Gadberry also received the cash offered which more than paid his way over. Our people are right there when it comes to doing a thing up right.

### Schupp-Fischer

Miss Emma Fischer, one of Gilliam's splendid young ladies, was married at the parlors of the Southern Hotel Saturday by Rev. C. H. Bohn to Mr. C. C. Schupp, a young telegraph operator of Gasconade City, where they have gone to reside. We join in wishing them much joy and a long life of wedded bliss.

### Public Sale

### The Wool Schedule

Very few know, protectionists comment, that Schedule K. was made originally in 1889 by a convention of experts called to Washington by William McKinley. This committee was composed in part of wool growers who demanded adequate protection to the sheep industry. It was composed in part of manufacturers who demanded protection against cheaper foreign labor, and it was composed in part of importers of wool with ample knowledge of the wools of the outside world, who wanted free wool. All these conflicting interests, it is urged scientifically constructed Schedule K. It is pointed out that William McKinley was criticised for taking testimony from parties in interest, but that he called attention to the fact that the disastrous Wilson act that preceded it, and had caused destruction of one-fifth of our sheep, was made up by a college professor of great ability, but who refused to be influenced by the testimony of the only parties who had adequate knowledge, because they were parties in interest. Furthermore, said Mr. McKinley, you might as well take your watch to a blacksmith for repairs, as to attempt to construct Schedule K without the testimony, the knowledge and the help of experienced men because they are parties in interest. They are the only ones who have the necessary knowledge. It is doubtful, the protectionists maintain, if any non-partisan tariff commission in revising Schedule K on a scientific basis can equal in ability the ex-college professor who framed Schedule K of the Wilson act which was such a monumental failure. Before it had been in operation two years, it is reminded, McKinley said of it: "The shrinkage in value under it and the loss of opportunity to earn wages by the labor, and salaried classes, had cost the nation more than the civil war."

to the practical application of protection. If Senator LaFollette is a protectionist for Wisconsin, and is not in favor of protection in Massachusetts for manufacture wool, protectionists assert he is not a protectionist. His claim and that of the other insurgents who are disturbing business by the constant agitation of the subject of further downward tariff revision with regard to their being protectionists, a prominent protectionist said, recalls the fable of the ass in a lion's skin. The ass would have it believed that he was a real lion, but when he attempted to roar it was discovered that after all he was only a donkey.—New York Trade Review.
