Saline County's Great Hardware and Home Furnishing Store.

It is a PROGRESSIVE institution—always on the alert for the best merchandise obtainable for the store. The growth of a good habit takes time.—Likewise it requires time to establish a reputation for selling dependable goods. No merchant holds an enviable position with his trade except that he has persistently pursued consistent and honest policies and methods. We do not believe in the "Was \$45.00—now \$19.75" kind of advertising. It cannot establish or perpetuate confidence. It is either poor business or deception—usually the latter.
