

UNIVERSITY MISSOURIAN.

VOLUME 11.

COLUMBIA, MISSOURI, MONDAY, NOVEMBER 29, 1909.

NUMBER 59.

ECHOES OF THE GAME--NO. 1.

IT'S CAPTAIN BLUCK OF THE TIGERS NOW

Election of the Big Tackle to Lead 1910 Team Was Unanimous.

LETTERS FOR THE "M" MEN

All Who Took Part in Big Game Voted Aftermath of the Victory.

POST-SEASON DEVELOPMENTS.

Joseph R. ("Puny") Bluck, junior engineer, elected captain of the 1910 Tigers.

Movement started in Kansas City by Missouri and Kansas alumni for the erection of a \$75,000 stadium in which to play the Thanksgiving Day game.

"If I coach any team in the West next year, it will be Missouri," said Coach W. W. Roper after the game. Movement organized by students alumni to bring Roper here next year.

Four Missouri Tigers—Alexander, Bluck, Roberts and Hackney—are given places on the All-Missouri Valley team picked by the Kansas City Star. Ristine is chosen captain of the second team.

Guy S. Lowman, assistant Tiger coach, underwent an operation for appendicitis at the Post Graduate Hospital in Kansas City Saturday. His condition is still serious.

The total receipts at the game were \$28,412.50. Each university receives \$11,720.15. Tebeau, lessee of Association Park, gets 17 per cent of the total, or \$4,972.20. The receipts exceeded last year's by more than \$10,000.

J. R. Bluck of Nevada, Mo., "Puny" Bluck is his name at the University of Missouri—will captain the 1910 Tiger football team. He was elected unanimously by the players after the great victory over Kansas in Kansas City last Thursday night.

Every man who took part in the Thanksgiving game was on his feet when the final whistle blew. A few hours later they assembled at the University club, where a dinner was served by the club.

All men who had participated in the game against Kansas were awarded their "M's" and were entitled to vote upon the new captain. Bluck was placed in nomination by Captain Carl Ristine in a short speech. The voting was by acclamation and Bluck received the unanimous vote.

Bluck is a junior in the School of Engineering. He has played right tackle with the Tigers two years. He was picked this year as the best tackle in the West. His home is in Nevada, Mo. In the game last Thursday every rooster—Kansas or Missouri—commented on Bluck's brilliant playing. He was in every play, smashing through the line, tackling, carrying the ball or interfering.

Will Roper Return? Will W. W. Roper, "the greatest coach ever in the Missouri Valley," return next year to lead Bluck and his players through another victorious season? Alumni, students, in fact all loyal Missourians, are awaiting a definite answer from the Princeton man. He has not said "yes" nor "no," but has stated that if he coaches any football team next year it will be at Missouri. "You're coming back next year, aren't you, coach?" asked one of the football players of Mr. Roper in the dressing room at the Savoy hotel after the Thanksgiving game. Nearly all the assistant coaches and the trainer, Dr. H. E. Wright, were present. The coach hesitated a minute and then replied:

"Well, I can't say now. You see, I'm going to get married soon, and I've got to talk the matter over with the young woman first. I'd like to come back, but I cannot make any plans at present."

Would Keep Him in Missouri. If Mr. Roper does not return it will

MISSOURI'S HONOR ROLL.

Bluck	Ristine
Alexander	Ieler
Deatherage	Crain
Saunders	Johnson
Klein	Shuck
W. Roberts	Gilchrist
Curtis	Hall
Pixlee	Hackney
Gove	Clare
	Thacher

TIGERS WERE WELL TRAINED.

All Were in Good Condition After the Hard Struggle.

The Tigers finished the season in remarkable condition. No one except "Puny" Bluck showed any bad effects from the game. He was suffering from water on the knee. A few more had scratched faces. All were a little tired, but no one was exhausted, and no one had to be taken to a hospital. The team's excellent condition was shown at the evening banquet, held at the University club. All ate a hearty supper and joined in the general festivities of the evening.

The twenty-three Tigers who have composed the Varsity squad for the final two weeks' work were in excellent condition to start the game. Not a man was bothered by a serious "charley horse," bad knee, stiff neck or lame ankle. This was due to the trainer, Dr. H. E. Wright. Probably there is not a man on the squad who has not been affected with one of these complaints at some time during the last four weeks.

The Tigers' condition was far superior to Kansas's. In the last few minutes of the first half and last fifteen minutes of the second half the Kansas were nearly "all in." Several of their men were taken out because they were exhausted. Captain Pleasant himself said:

"We were all tired out toward the last."

Those who saw the Thanksgiving game last year will remember how exhausted the Tigers were after that "disaster."

BLUCK'S MOTHER SAW GAME.

She Cried When "Puny" Was Knocked Out After Johnson's Run.

After Johnson's great run in the Thanksgiving Day game, when Bluck and Gilchrist were lying helpless on the ground, a woman in the Missouri bleachers began to cry. It was "Puny" Bluck's mother. She was seeing her first football game.

"They have hurt my boy—they have hurt my boy," she said over and over. When the Kansas City Star printed a short account of each player on the team a few days before the game, Bluck's age was given as 23 years. Mrs. Bluck wrote from her home at Nevada, Mo., that it was a mistake. "He is only 19," she said.

In Nevada every show window in town was decorated Friday with Old Gold and Black, and in the center of each window in white paint was written "Bluck, a Nevada Boy."

NOTES OF THE GAME.

A large electric sign bearing the word "Roper" in letters three feet high is suspended across Tenth Street just south of Broadway. It was put up Friday by the city electric light and power company.

Many Missouri rosters commented after the Turkey Day game upon the disappearance of the K. U. colors. It was a fact that, five minutes after the great game, practically every Kansas

ECKEL WON FOR M. U. FOR A BIG STADIUM

Junior in the College of Arts and Science Only One to Pass Rhodes Examination.

Edward H. Eckel, of St. Joseph, a Junior in the College of Arts and Science of the University of Missouri, is the only student who passed the Rhodes Scholarship examinations held at the University of Missouri in October. Six took the examinations. They represented the various universities and colleges in Missouri. The announcement was made this afternoon by Dr. A. Ross Hill, president of the University of Missouri, who is chairman of the committee having charge of the examinations for this state. Mr. Eckel passed in every subject.

This does not entitle Eckel to enter Oxford, but makes him eligible to be chosen by the committee. Two candidates passed the examination two years ago and are still eligible for the scholarship, provided they are still under 23 years of age.

150 ATTENDED TURKEY DINNER

Reading of Football Returns Interfered with Y. M. C. A. Feast.

One hundred and fifty students of the University of Missouri who were unable to go home for Thanksgiving attended the free turkey dinner at the Y. M. C. A. building Thursday. Half of the men were not Y. M. C. A. members. The men gathered in the lobby of the association building in the morning and sang the Missouri songs and gave the yell. Every department of the building was open to the guests. The reading of the football returns while dinner was being served interfered seriously with the appetites of the young men—they were so excited they forgot to eat.

"Beat Kansas" place cards were at each plate. The table was decorated with yellow chrysanthemums and pumpkins which were converted into fruit baskets. Henry Elliott, Jr., J. H. Summers, A. V. Hamilton, C. L. Cole and Frank L. Burton responded to toasts. Twenty young women of Columbia served the dinner. The dinner probably will be made an annual affair.

M. U. TRACK MEN ALSO WINNERS

Three Tigers Led in Five-mile Run at Kansas City Turkey Day.

Missouri runners did their part in Kansas City Thanksgiving Day. While the Tiger rosters were parading the streets in the morning, three Missouri athletes won first, second and third places in the annual five-mile cross-country run of the Kansas City Athletic club. E. T. Steele, who holds the university two-mile record, won in the fast time of 26 minutes. J. G. Parker finished second, two minutes afterward. He was closely followed by O. R. Johnson.

Twenty-two men started. Steele smashed the old record by 49 seconds. He finished in excellent condition. Parker is a new runner and will be eligible to the university track team this year.

SHOWERS DUE TONIGHT.

Tomorrow It Will Be Warmer, the Forecaster Says.

The weather forecast for Columbia is: "Showers tonight or Tuesday. Warmer Tuesday." The temperatures: 7 a.m. 43 11 a.m. 46 8 a.m. 44 12 noon 47 9 a.m. 44 2 p.m. 47 10 a.m. 44 2 p.m. 47

Movement Is Being Pushed by Missouri and Kansas Alumni.

The movement began last Thursday for the building of a stadium in Kansas City is gaining headway. The question was first brought up at a meeting of the "K" club in Kansas City after the game. It was considered advisable that a stadium be built by the two universities in order that the expense of the annual game be cut down and that other games might be held in Kansas City from time to time.

The Missouri Alumni association is heartily in favor of the plan, and a committee of three alumni has been appointed to confer with representatives of the "K" club as soon as possible.

Both Dr. W. J. Monilaw, manager of athletics at the University of Missouri, and W. C. Laundson, of Kansas University, have expressed themselves in favor of the movement. Dr. Monilaw said this morning:

"I do not believe the two universities can build the stadium alone, but with the help of a corporation of alumni, or a holding party, it can be done, and I am strongly in favor of it. My idea is to have a stadium with a football field, a baseball diamond and a track. I don't think it would cost a great deal to erect a stadium with board seats, with a seating capacity of something like 20,000. I have in mind a suitable location which could be leased for a period of ten years for \$2,000. The site is level, so that little grading would be necessary.

"The stadium should be completed in time for the Missouri Valley Conference meet next May. If it is not completed by that time we shall have to go to Des Moines, Iowa, which will be an added expense."

LOWMAN IS VERY SICK

Assistant Coach in a Critical Condition After Operation for Appendicitis.

Guy S. Lowman, assistant football coach of the University of Missouri who was operated on for appendicitis at the Post-Graduate Hospital in Kansas City Saturday, is said to be in a dangerous condition.

Mr. Lowman had been sick some time before the Kansas game, but would not give up. While at dinner at the Savoy hotel after the game he became very sick and was immediately taken to the hospital.

MOVE INTO PEMBERTON HALL.

Although Not Completed, Eleven Girls Go to New Dormitory.

Although Pemberton Hall, the new dormitory for girls, is not yet completed, eleven girls moved into it yesterday afternoon. Carpenters are at work on the new dormitory today, and it will be finished soon. About twenty girls will room in Pemberton Hall. The dining room will accommodate about seventy-five. Mr. and Mrs. W. E. McBride have charge of the new dormitory.

Fred Kelsey to be Married Tomorrow.

Fred Kelsey of Joplin, Mo., a graduate of the University of Missouri, is to be married tomorrow to Miss Blanche Sergeant of Joplin. Mr. Kelsey formerly was university publisher. Last April he was elected police judge of Joplin.

HOW MISSOURI WON VALLEY CHAMPIONSHIP

Missouri 12, Monmouth	6.
Missouri 3, Kansas Aggies	0.
Missouri 13, Rolla	0.
Missouri 6, Ames	6.
Missouri 13, Iowa	12.
Missouri 5, Washington	0.
Missouri 22, Drake	6.
Missouri 12, Kansas	6.
Totals 86.	36.

Missouri made 13 touchdowns, 7 goals after touchdowns, 4 field goals, 1 safety. Opponents made 6 touchdowns and kicked 6 goals.

PRESIDENT HILL TO SPEAK.

He Will Give First Scientific Lecture at Assembly Tomorrow.

Dr. A. Ross Hill, president of the University of Missouri, will speak at assembly at 10 o'clock tomorrow morning. He will give the first of a series of non-technical scientific lectures to be delivered at the University of Missouri this winter by faculty members. His subject will be "Science and the Sciences."

CLEAN ATHLETICS WIN

It is good to know that the victory the University of Missouri won this year in football does not bear a single taint of unfairness or indicate any lowering of Missouri's high standards in athletics. The strict supervision of the director of athletics in the university has been subject to the disapproval of some followers of teams that went down in defeat. Now that we have a victorious team, it is good to be able to feel that we did not have to lower our standards in order to win.

Newspapers throughout the state have commented upon clean athletics at the University of Missouri. A few days before the Thanksgiving game a St. Louis paper declared that Missouri was one of the cleanest schools in athletics in the entire country. The paper drew the conclusion that Missouri would never win a victory as long as the university continued to be over-scrupulous about the personnel of her football teams. It is good to be able to remind that paper that Missouri won without the use of unworthy means, and, further, that Missouri is going to continue her victories, and will raise her standards still higher rather than lower them.

BOARD OF CURATORS MET.

Student Assistants Were Appointed by Governing Body.

J. E. Mitchell and F. T. Kennedy, juniors in the School of Engineering of the University of Missouri, were appointed student assistants in shop work for the short course in agriculture at a meeting of the Board of Curators in Kansas City last Wednesday.

Miss Edna McCullough was also appointed stenographer for the Horticultural Building. B. A. Stagner was made assistant in chemistry.

ORCHESTRA TO TOUR SOUTH.

St. Louis Symphony Club Awarded Contract for Musical Festival.

The Symphony Orchestra of St. Louis, which may give a series of concerts in Columbia this winter, has recently been awarded a contract to appear at the Musical Festival to be held next spring in Nashville, Tenn. The Nashville engagement is the beginning of the tour of the orchestra to the Gulf of Mexico. It will be the first of its annual Southern tours.

The winter tours of the orchestra, which will begin in December, will include small towns in Missouri, Kansas, Iowa and Illinois. The concerts in these towns are to be given at intervals of about a month.

Students, alumni and members of the faculty of the University of Missouri and citizens of Columbia are now raising money to bring the orchestra here this winter for a series of concerts.

SORORITY HOUSE JEWELRY STOLEN

Thief Got Rings Worth \$150 While the Girls Were at Dinner.

POLICE HAVE NO CLUE

Tracks Found on the Bed in Front of a Window on Second Floor.

No clue of the robber who stole money and jewelry valued at about \$150 from the Phi Beta Phi sorority house, 411 Hill Street, last Tuesday night, has been found by the Columbia police. The police at Kansas City and St. Louis, who were notified to watch the pawnshops, have not reported the finding of the jewels.

The thief entered the sorority house while the girls were at dinner last Tuesday. He took one diamond, one opal, one ruby and one sapphire ring, a fountain pen and eight or nine dollars in cash. Each of the rooms on the second floor was entered with the exception of that of Miss Emily Wyatt, of St. Joseph. Miss Wyatt had cashed a check that day and left the money in her room.

A back window on the second floor was found open, and it is thought that the thief entered through it. Tracks were found on the bed in front of the window. About the time that the robbery was taking place several of the girls were called to the telephone on the landing between the first and second floors, but heard nothing of the thief.

Four of the rings stolen belonged to Miss Alice Marie O'Day. They are: a diamond ring, a fraternity ring, an opal ring and a ruby ring. Miss Margaret Ross lost \$150. Miss Sarah Fainter lost a seal ring and about \$6.

NEGRO WAS HIDING IN PARLOR

Suspected Robber Jumped Through Window When Discovered.

When they returned home about 10 o'clock last Tuesday night, several young women boarders at 46 College Avenue found a negro hiding in the parlor. It is not known how long the negro had been in the house, but when the young women entered he jumped through one of the windows. Mrs. Eva Miller, who occupies the house, said that no articles have been missed from the house.

BOTANIST WILL SPEAK HERE.

Dr. D. T. MacDougal May Give Results of Research in Origin of Species.

Dr. D. T. MacDougal, director of the department of botanical research of the Carnegie Institute of Washington, will be in Columbia this week on his way to the headquarters of the department at Tucson, Ariz. Arrangements have been made with him by the Scientific association to stop over in Columbia and give a lecture before the association.

Dr. MacDougal has acquired fame through his experiments in the origin of species by mutation. Since going to Arizona he has made a thorough study of the vegetation of the region of the Salton Sea. The subject of his address has not been finally decided upon, but it will be something relating directly to the important research work of the speaker himself. The lecture will be at 7:30 o'clock tomorrow night in the physics lecture room of the Engineering Building.

KNOCKED DOWN BY AUTOMOBILE

Clem Eastley Is Bruised in Accident on Broadway.

Clem Eastley, an employee at the Hamilton Brown Shoe company's plant, was knocked down by an automobile at Eighth Street and Broadway yesterday. The automobile was driven by Mrs. Charles D. Matthews, who had turned the machine toward the sidewalk to stop in front of her husband's hardware store at 807 Broadway. Eastley's right hand was severely bruised.
