**PRICES OF SHOES
WILL GO UP SOON**

In Three Months Boots and
Shoes Will Advance 12
Percent in Cost.

NEW INDUSTRY IS CAUSE

Automobile Manufacturers
Make Heavy Demand for
Raw Material.

Mr. Consumer, do you know that the footwear for which you are now paying from \$4 to \$5, in a short time will cost you from \$4.50 to \$5.75? Within three months the prices of leather boots and shoes will advance about 12 per cent. Rubbers and rubber boots will increase about 20 per cent from the present prices.

"The enormous demand for the raw material of leather and rubber by the automobile manufacturers, is the chief cause for the advance in the price of shoes," said W. T. Stephenson, manager of the Columbia factory of the Hamilton, Brown Shoe company, this morning. "In 1909 the automobile manufacturers alone consumed over 50,000,000 green hides. It is true the price of labor has increased, but that is not the principal cause.

"We are paying from 5 to 7 1/2 per cent more for labor than last year. We are also paying an advance of from 15 to 20 per cent for the green hides, which are the basis for all shoes. Fewer Hides Obtainable.

"Meat is higher, therefore people eat less meat and we get fewer hides. This decreases the supply of material, while at the same time there is that enormous demand of the automobile makers."

A. Herrman, of the managers for Herrman, Jandorf and Oxberry, shoe manufacturers, of New York City, who was in Columbia yesterday, said: "The advanced price of shoes is the result of a meeting of the Eastern boot and shoe manufacturers in New York, January 1, when they raised the prices on all of their lines 12 per cent, to take effect immediately. And the automobile makers are causing the boost. Three months ago 250 ship-loads of green hides arrived in New York from South America. While they were waiting in the channels of New York harbor for President Taft to sign a bill, representatives of Detroit and Cleveland automobile companies slipped in and bought up the entire consignment. The 20 per cent advance in rubber goods is due to the same cause."

No Increase Here Yet.

"Although the advance in prices has already taken effect with the Eastern manufacturers, consumers in this locality will not be affected by the increase until late spring," said S. H. Levy, of the Levy Shoe company of Columbia, today. "All spring goods were ordered last fall. We will see them at the prices which prevailed at that time."

BOY HURT WHILE AT PLAY.

Clifton Thompson is Injured Sliding Down Post Near Gymnasium.

"Look here at this one, and this," said Clifton Thompson, pointing to old scars, while Dr. A. W. McAlester was sewing up a wound in his body. The boys had been playing with other high school boys about Rothwell Gymnasium before class yesterday morning and had slid down an upright post which holds the pole for high jumping. He had forgot about the brass pin in the post for holding the pole. The operation seemed painless, for while the surgeon was at work the boy laughed and pointed to his scars.

Young Thompson is a son of Mrs. M. P. Thompson, of 910 Locust Street. The wound, though painful, is not dangerous and the boy will be out in a few days.

A Lecture on "Faust" at Stephens.

A lecture on Gounod's "Faust" will be given at Stephens College Saturday afternoon at 4:15 o'clock by C. A. Marshall, of the music department at Stephens College. Phonographic records by Semblich, Caruso and other famous singers will be used to illustrate the arias.

To Take Bar Examinations.

The following students of the School of Law of the University of Missouri went to Jefferson City Tuesday to take the state bar examinations: O. B. Denning, O. J. Miller, C. F. Evans, Howard Flagg, O. M. Birch, L. J. Somers and F. M. Kinders.

Christian College Girls in Dramatics.

The Christian College Dramatic club will present "Surprised," by Miss Clara Denton, and "A Shakespearian Conference," by Miss Pauline Phelps, Thursday night, January 27, in the college auditorium.

Authors, storywriters and poets, we want your work.

Write for particulars, The Southwest Literary Association, 1318 East 13th St., Kansas City, Mo. (Adv.)

SCHOOL OF ENGINEERING.

Schedule of Examinations, Saturday, Jan. 29, to Friday, Feb. 4.

- Economics, 2a—Principles of economics, Saturday, 11-1.
- Astronomy, 3—Spher. and Prac. Astr., Tuesday, 11-1, *S., room 2.
- Chemistry, 2—General inorganic chemistry, Saturday, 2-4, S., 2; **E., 14.
- Chemistry, 11a—Organic chemistry, Thursday, 11-1.
- Chemistry, 18—Physical chemistry, Saturday, 8-10.
- Geology—Geology for engineers, Friday, 11-1.
- Mathematics, 3a—Algebra and trigonometry, Friday, 2-5.
- Mathematics, 5a—Differential calculus, Friday, 2-5.
- Physics, 3—General physics, Wednesday, 8-11, E., 14.
- Physics, 4a—Electrical measurements, Tuesday, 8-11, E., 14.
- English, 1—Composition and rhetoric, Tuesday, 2-5.
- Drawing, 1a—Mechanical drawing, Monday, 2-5, E., 14.
- Drawing, 7a—Machine drawing, Tuesday, 11-1, drawing room.
- Mechanics, 3—Mechanics of engineering, Monday, 8-11.
- Civil Engineering.
- 1a—Elementary surveying, Saturday, 8-10, E., 14.
- 2a—Higher surveying, Monday, 2-4, S., 2.
- 12a—Railway engineering, Wednesday, 2-5, S., 2.
- 21—Framed structures, Thursday, 2-4, E., 14.
- 22a—Bridge design, Thursday, 8-11, S., 2.
- 23a—Concrete structures, Monday, 11-1, E., 14.
- 41a—Hydraulic machinery, Friday, 8-10, E., 14.
- 42a—Irrigation, Tuesday, 8-10, S., 4.
- 51a—Road and sewers, Thursday, 11-1, E., 14.

Electrical Engineering.

- 1—Electrical machinery, Thursday, 8-11, E., 14.
- 3a—Advanced alternating currents, Saturday, 8-11, E., 8.
- 5—Electrical engineering, Monday, 2-4, E., 14.

Mechanical Engineering.

- 2a—Engineering materials, Tuesday, 8-10, E., 2.
- 1—Machine design, Wednesday, 8-10, E., 2.
- 21—Mechanic laboratory, Wednesday, 2-4, E., 14.
- 22—Mechanic laboratory, Wednesday, 2-4, E., 14.
- 23—Mechanic laboratory, Wednesday, 2-4, E., 14.
- 31a—Engines and boilers, Saturday, 8-10, E., 14.
- 32—Steam machinery, Saturday, 8-10, E., 2.
- 33—Prime movers, Thursday, 2-4, E., 8.
- 35a—Heat engines, Friday, 8-10, E., 2.
- 35a—Steam turbines, Thursday, 11-1, E., 2.

NEW FOOTBALL FOR PRACTICE.

Dr. Hetherington Favors Combination Between Rugby and Regulation.

Dr. Clark W. Hetherington, director of athletics at the University of Missouri, is going to try to get the athletic authorities of the university to adopt a new style of football for the spring practice. Dr. Hetherington has taken the essential points of the English rugby and association football and made a game that he calls combination ball. In this game the player can only pass or kick the ball. He can't run with it, as in the English or American game.

Dr. Hetherington says: "This game will develop the nervous system so that it will have better control of the muscles. The men who report in the fall for practice can't run, and they have not the proper control of themselves. Combination ball teaches the player to run, pass and kick."

Lloyd Driver, director of athletics at Kansas City Central high school, and former Tiger end, is introducing combination ball in Kansas City.

English rugby has been adopted in California and, according to Dr. Hetherington, it would be adopted all over the United States if it were not for its English origin.

Miss Eugenia Moore to Warrensburg.

Miss Eugenia Moore, a senior in the College of Arts and Science, will depart Monday to accept a position in the Warrensburg State Normal School. Miss Moore is vice-president of the Alpha Phi Sigma, the senior women's organization.

Fine Bill at Star Theatre.

The Star Theatre, the home of vaudeville, has one of the best bills of the year for tonight, Friday night and Saturday matinee and night. Kayne, the Ventriloquist, who gives a Punch and Judy show, comes here highly recommended. Leno, the premier one-legged slack-wire artist, introduces wonderful and daring feats in mid-air. Southern and Woodruff, in high class acrobatic act, and two reels of motion pictures complete the extraordinary bill. Admission 10c and 5c, owing to the length of the performance. The program will begin promptly at 7:15 p. m.

COLLEGE REJOICES OVER GIFT.

Thanksgiving Service by the Missouri Bible College February 6.

To express its appreciation for the \$100,000 contributed by friends to add to its endowment and to call the attention of the students to the fact that it is better prepared to provide more professors to give instructions in Biblical subjects, the Bible College of Missouri will give a thanksgiving service at the First Christian church Sunday night, February 6, when representatives from other educational institutions of the Christian brotherhood will attend. Among those who will take part in the service will be R. A. Long of Kansas City, J. H. Garrison of St. Louis and G. D. Edwards, the financial agent for the college.

Mr. Long is the president of the trustees of the college. He gave more than \$50,000 of the amount raised. Mr. Garrison was the chairman of a committee of three who arranged for the beginning of the college work here in January, 1896. He has served as a member of the trustees ever since. He is the editor of the Christian Evangelist, an organ of the members of the Christian Church in America. G. D. Edwards is a charter student of the college and the first to return to work for its interest. He attended the first lecture given at that college when he was a student at the University of Missouri. He was a graduate of the University of Missouri and afterward attended Harvard, where he received his master's degree and studied theology. He will become a professor of the college next school year.

GRINNELL HAS STRONG TEAM.

Many Old Players on the Team, Which Was Champion of Iowa Last Year.

Missouri probably will play a stronger team at basketball Friday and Saturday nights than was at first expected. The Grinnell College team won the Iowa state basketball championship last winter, defeating Iowa and Ames among other teams. Reports say that a dozen veterans are back and all the students are expecting another winging team.

To oppose this team Missouri has a fast aggregation, but a team handicapped by having only one veteran, Cohen. In the scrimmage last night with the scrub, the Varsity was able to win only after thirty minutes work, by three points. The men were indifferent in their play and neglected to guard well. The goal shooting also was poor. Last night's play was the last scrimmage the team will have before the game Friday night. Only a light workout will be held tonight. The team probably will line up the same as against Washington, with Kelso and Parker at forward, Hackney and Conklin, guards, and Cohen, center.

Alumnus of University Gets Chair in Kirksville Normal.

Byron Cosby of Mound City, Mo., has been elected professor of mathematics in the State Normal School at Kirksville. He has been principal of the high school at Mound City several years.

Cosby is a graduate of the College of Arts and Science of the University of Missouri. While here he specialized in mathematics.

CARNEGIE GIVES SCHOLARSHIP.

Belgian Boy Pianist Gets \$5,000 Annually for Study.

PITTSBURG, Pa., Jan. 20.—Dennis Chabot, a Belgian boy pianist, who is possessed of remarkable talent, has no further worry over his future. Chabot's ability attracted the attention of Andrew Carnegie, and he was awarded a \$5,000 annual scholarship so that he could continue his studies in Europe.

Musical Program at Christian College.

Prof. J. Emory Shaw, musical director at Christian College, will give a musical program at 8 o'clock tonight in the college auditorium. He will give an interpretation of the songs of the different nations. He will be assisted by Mrs. Shaw.

Cold Spell at Stephens Ends.

The heating plant of the conservatory of music at Stephens College has been repaired. The conservatory has been without heat since the Christmas holidays.

Are You Thinking of Building a Home?

If so, you should investigate the prices of lots in beautiful Westwood and Westmount. The only two additions to Columbia with building restrictions, and where water, light, sewer, gas, sidewalks and improved streets go with every lot. Twenty-eight families built homes in these two additions last year, two more have already bought lots and are making preparations to build this year.

Just think of it—over \$150,000 invested in homes in these two additions last year. Would you not like to have your home among these good people? If so, you can buy a lot cheaper now than you will ever be able to again. I sell only to home builders.

Respectfully,
J. A. STEWART,
Owner.

Our sales on
Chase & Sanborn Coffee
for 1908 were three tons
In 1909 over four tons were sold.

The quality and price is unexcelled; none better; few as good. Try it once and you will order again.

NOWELL'S
PHONES 74 NINTH and WALNUT

State Normal School
KIRKSVILLE, MISSOURI.

An aggressively up-to-date Teachers' College of the best type. It makes a specialty of vocational studies and how to teach them efficiently.

Bookkeeping, Typewriting, Shortland, Business Correspondence, Geography of Commerce, History of Industries, Manual Training and the practical sciences in well equipped laboratories. It prepares people to work right here on the earth.

It leads the institutions of Missouri in teaching Library Work, Lantern Slide Making, Photo Engraving and Physiography, and in preparing directors of Music and Art.

It was first in America to devise, build, equip and conduct on its own campus a Model Rural School, with transportation of pupils.

Through its High School Courses and Practice Schools it prepares in the best possible way teachers for Rural Schools, Graded School and City High Schools.

The demand for its graduates by far exceeds the supply. Bulletins free.

JOHN R. KIRK, President.
