

TIGER BASEBALL SCHEDULE CHANGED

Games With K. U. and Kansas Aggies Have Been Switched.

WISCONSIN THE BIG GAME

Morning Practice as Soon as Team Begins Out-Door Work.

The schedule of the first baseball trip has been altered by an interchange of Missouri dates with the University of Kansas and with the Kansas State Agricultural College. As the schedule now stands the games with the Kansas Aggies will be played April 2 and 3 and with the Jayhawkers April 4 and 5. These changes were made because of railroad facilities. The remainder of the schedule remains the same.

With only a short time intervening before the first game of the season the team is still working indoors. While a little bunting work and base sliding has been carried on outside the batting practice which has been going on in the gymnasium has been the important thing.

The game with Wisconsin March 20 probably will be the biggest game of the year according to Coach Field. At the present time there is still a foot of snow on the ground at Madison which probably gives the Tigers the "edge" when it comes to outdoor practice. Wisconsin has, however, an indoor diamond which will permit them to develop better team work.

Indoor Batting Practice.
Indoor batting practice is being carried on daily and while it differs from outdoor the men can hit as hard as they want to in the cage and they are getting valuable practice. In addition to this cross country runs have been taken. These soon will be regular.

Coach Field expects to be able to use the outdoor diamond by the first of next week. As soon as it is possible to do this every minute possible will be spent on it. Early morning practice will be started giving the men a workout before breakfast. In the afternoons batting practice will be carried on and a four or five-inning game will be played every day.

It was originally planned to have a game next Saturday with the "old timers" using the freshman battery but it is thought that this will be called off on account of inability to use the field. A number of old baseball men are expected to help coach, including Kent Catron and Professor Brewer.

One Right-Handed Pitcher.
The Tigers have only one right-hander on the pitching staff this year, Ellis. The other pitchers are Helmerich, Helm and Angerer. Taylor, who last year played in the outfield, Hall Finlayson and Moore are lined up for catchers. Hackney and Wheat are both considered good men for first. Who will make up the rest of the team is yet an open question.

C. E. Carter who has been out for third base and short stop and who was considered good material has been declared ineligible. This leaves a hole which remains to be filled. More short stop men are needed. There are now thirteen men keeping in condition at the table and next week two more will be added. The valley rules do not permit a training table so these men have formed a club where they may all eat together and get suitable food.

STUDENTS EARN OVER \$7,000

Several Vacation Positions Now Open to Missouri University Men.

\$7,324.82 were the exact earnings of the nineteen University of Missouri men employed by a Chicago firm in the vacation of 1911. Thirty new men have already been given position for the vacation of 1912.

There are twenty openings to be filled this week. Students interested report to any of the following at once:

Name	Address	Daily Earnings
Warren Viley	513 S. Sixth	
H. A. Morawitz	615 Turner	\$.82
Wm. Talbot	414 Hitt	\$.39
Harrison Brown	The Palms	\$.59
C. D. McLean	Benton Hall	\$.16
L. H. Keller	1208 Paquin	\$.12
C. W. Terry	704 Maryland	\$.11
Lester Ford	907 Lowry (first door east of Lowry Hall)	\$.17

All positions will be filled this week.)

Columbia Society

The members of the Alpha Phi Sigma sorority will be at home to the faculty members at Read Hall Saturday night, March 23. Miss Mildred Bell will read nonsense rhymes by Louis Carroll and Edward Lear and these will be illustrated by shadow pictures. The girls on the entertainment committee are: Misses Louise Stipp, Ruth Mason, Ellen Evans, Mattie Troxell and Louise Fields.

The Association of Collegiate Alumnae will meet at the home of Mrs. O. D. Kellogg at 3 o'clock Saturday afternoon. W. D. Boone will lecture on "Social Center Work in Columbia."

The University girls in District No. 19 will have a mid-winter picnic at 7:30 o'clock tomorrow night in a vacant house at 1516 Paris Road. Miss Ellen Evans, captain of the district, has planned a program of music, readings and games. One of the stunts will be a "coon hunt," in which the girls will search for negro dolls hidden in various corners. The girls will bring their lunches as they do for summer picnics. Miss Margery Graham will be toastmistress. Mrs. N. K. Prather will act as chaperon.

University Calendar

- May 17.—Baseball, Kansas at Columbia.
- May 18.—Baseball, Kansas at Columbia.
- May 30.—Closing exercises University High School, University Auditorium, 7 p. m.

Farm Bulletin by J. C. Hackleman.
Discing Land for Corn" is the subject of a bulletin issued by J. C. Hackleman of the Agricultural Experiment Station at the College of Agriculture. The bulletin advises that all land which has just yielded a corn crop should be disced. This will pulverize the soil, add nutrition, and form a mulch to hold moisture needed so often in dry spells. This system has been tried by farmers of the state and all have reported favorable.

ILLINOIS TO HELP THE NATIONAL ROAD

Cross-State Organization in Counties Will Co-operate With Other States.

EFFINGHAM MEN ARE BUSY

Delegates Will be Sent to the National Convention at Kansas City.

Illinois is becoming active in the work for a transcontinental highway. A convention of those interested in good roads has been called for March 28 in Effingham to form a cross-state organization such as Missouri already has, and to send delegates to the national convention to be held in Kansas City.

In a letter to Dean Walter Williams, J. H. Curry, secretary of the Effingham Good Roads Club, says: "The object of the Illinois Convention is to get the people interested along the national road across the state and organized so that they will send delegates to your convention on April 18. Our local association in Effingham also will send delegates." Seven Illinois counties have been asked to co-operate in the movement. In a circular sent out by the Effingham Club this is said of the movement:

"A state highway will be built across our state, forming a connecting link with the great across-the-continent highway from the Atlantic to the Pacific. This fact has been settled and five different sections of the state are competing for the route. We believe we were one of the first organizations in the field and one of the first promoters of this project. Being on the line of the Old National Road, a route that is well known throughout the Union, we believe this gives us a little advantage on the start. Now we propose to form an across-the-state organization, the object of this organization being to inaugurate plans whereby we can commence at once to build this route from East St. Louis to the Indiana state line, connecting with Terre Haute, Ind.

"It is absolutely necessary for the immediate success of this great undertaking to have a full representation from every one of the seven counties through which this proposed route passes, namely: St. Clair, Madison, Bond, Fayette, Effingham, Cumberland, Clark."

Our Neighbors' Business

The long and severe winter has been hard on the stock in more than one way. In the northern part of the state wolves have been preying on it. Around King City the people got out with the aid of dogs, shipped from Illinois for the purpose, hunted down two wolves. At Monticello the same thing happened, the wolf jumping into the water when brought to bay.

A resident of Northeast Missouri, 93 years old, who has kept a dairy all his life, says that the past winter was the coldest since 1843. In that year the ice on the Missouri river broke on April 10, and deep snow remained on the ground during the month.

Too much boosting on the part of the Morrisville Journal was the cause of its losing a subscriber.

"Nothing Left to Discover" is the headline that a Chariton County paper has over the story of the discovery of the South Pole.

Forty-two girls in the senior class of the Sedalia High School have petitioned that the cap and gown that have hitherto been worn at the graduating exercises, be omitted this year.

Statistics indicate that Missouri can no longer claim to be the chief mule-raising state. This honor goes to the houn' dog, does it?

Snowstorms in the Ozarks are strange phenomena. The last one brought down a balloon and two men, who had left San Antonio, Tex., on a long-distance flight.

At Benton City all the people are after the ground hog that was responsible for the weather.

A constable at Moberly, carrying out a judgment, chained a freight train of fifteen cars to the rails, and would not let it go until \$19.95 had been paid. A special train came to the rescue.

San Antonio

Outdoors—the bluest of blue skies—dazzling sunlight and air like rare old wine—you forget all about winter as you play the game midst the health and wealth of San Antonio's glorious climate.

You can ride or drive, play golf, tennis, polo; you can shoulder your gun and go into the nearby country for quail or turkey; you can try your luck in shooting wild ducks or in fishing along the Gulf coast; or you can just loaf and find the charm of years ago in crumbling missions and other landmarks of priest and pioneer.

You'll be glad you came to San Antonio this winter—superb hotels, cafes, theatres, shops, and all the comforts you wish about you.

The way to go is via the Katy

Limited trains from St. Louis and Kansas City—"The Katy Flyer" and "The Katy Limited" cover the distance in the quickest time, with the greatest comfort.

Trains from your city make good connections at St. Louis and Kansas City with these fast through daily trains equipped with all the latest luxuries of travel—electric-lighted sleepers with dental lavatories and chair cars, extra roomy and cozy, and dining service that doubles the pleasure of the trip.
